WIFE BEATEN BY WILKENS, WOMAN SAYS

Mrs. Eleanor Lewis of Calistoga Tells of Alleged Attack On Mrs. Wilkens by Spouse During Illness

Witness Unshaken in Story of Incident Despite Long and Determined Grilling by Defendant's Counsel

SAN FRANCISCO, Sept. 29.—A surprise witness in the person of Mrs. Eleanor Lewis, former hotel owner at Calistoga, was sprung by the prosecution in the murder trial of Henry Wilkens in Superior Judge Louis H. Ward's court this morning.

Unheralded, Mrs. Lewis took the witness stand and calmly told how she had witnessed Henry Wilkens strike his wife repeatedly when they visited her home at Calistoga last Easter Sunday. She also related that Wilkens had afterwards brazenly denied that he had struck his wife and told Mrs. Wilkens that she was crazy and only thought he had struck her.

Moreover, Mrs. Lewis testified that she had seen Wilkens place his arm around his sister-in-law, Miss Helen Lange, and comfort her when she cried because of something Mrs. Wilkens had said to her in German.

STICKS TO STORY DESPITE GRILLING. When she had completed her story in direct examination Mrs. Lewis proved to be quite a capable witness under the well-aimed and relentless cross-examination of Attorney Frank Murphy, counsel for Wilkens. Murphy made strenuous efforts to shake and weaken various points of her testimony but obviously met with little success. In brief Mrs. Lewis' story was as follows:

"On the afternoon of last Easter Sunday, Henry Wilkens and his wife, Mrs. Anna Wilkens, and her sister, Miss Helen Lange, came to my house at Calistoga. Previously, the Wilkens had stopped at my hotel, when I conducted one, and I knew and liked them both very well. It developed that the Wilkens party had been visiting friends by the name of Stern and Mrs. Wilkens had drunk a glass of wine which had upset her stomach to such an extent that she had vomited. She was very ill for the moment and they stopped in my house apparently to let her recover. Miss Lange remained in the machine and Wilkens and I took his wife into my house. I had Mrs. Wilkens lie down on the couch and I placed a wet towel on her head. When she recovered somewhat she asked for her little boy, Henry, and told her husband to get and get him, he having remained at the home of the Sterns. Wilkens left and drove away in the machine with Miss Lange. They were gone about an hour, but when they returned they did not have the boy. I guessed that they had driven to see the geysers.

SAW WILKENS STRIKE SICK WIFE. "I went into the other room to wash Mrs. Wilkens' shirtwaist which she had soiled during her illness. When I returned I saw Wilkens striking his wife. His back was turned to me and I did not see whether he used his open hand or his fist. I started to run out to get Helen Lange, and on reaching the door encountered a doctor of Calistoga who had dropped in at my house. I brought the doctor in and I seized Wilkens by the shoulder and shook him. I said: 'Mr. Wilkens, stop that. What's the matter with you, Mr. Wilkens?' Then I went out and got Miss Lange.

"I told her her brother-in-law was acting terribly. She came in. The doctor comforted Mrs. Wilkens and left. Mrs. Wilkens sat up and asked why her husband had hit her. He told her that she was crazy, that he had not hit her and that nobody had seen him. Then I took the towel I had put on her head and wiped the blood from her head. Her mouth was bleeding. Mrs. Wilkens then said something in German to Helen Lange. The latter started to cry and ran out into the kitchen. Wilkens and I followed her and she put her face on her arm against the wall and wept. Wilkens put his arm around her and said: 'Helen, Helen, don't do that.' Then he turned and said to me: 'You go and tend to my wife.' I said: 'Mr. Wilkens, this is my house, and I will do as I please.' BELIEVED WILKENS WAS INTOXICATED. Under cross-examination Mrs. Lewis acknowledged that she saw evidence of drink on Wilkens and while she did not believe he was drunk, still she knew he had been drinking. Murphy pressed her on whether or not there was any evidence of intoxication on Mrs. Wilkens. Mrs. Lewis answered that Mrs. Wilkens had said that she had taken one glass of wine and stated that there was evidence that it had upset her stomach since she was a sick woman and that she did not

Banker's Wife Is Victor

Two photos of MRS. ANNE UROHART POTTER STILLMAN, whose husband, James A. Stillman, New York banker, is denied divorce. Below is BABY GUY STILLMAN, who is legally declared legitimate and not son of Fred Beauvis, Indian guide.—Copyright, 1922 by Underwood and Underwood.

L. A. Broker Taken On Bank Charge

LOS ANGELES, Cal., Sept. 29.—Phil N. Paris, stockbroker with offices in Hollywood and formerly of Philadelphia and New York, was under arrest here today by Department of Justice agents on charges of conspiracy to violate the national banking laws.

Herrin Massacre Trial Begins Nov. 13

MARION, Ill., Sept. 29.—(By Associated Press).—Trials of the 74 men indicted in connection with the Herrin mine killings will begin Nov. 13, Circuit Judge Hartwell officially announced today. The first case will include 48 defendants charged with the murder of Howard Huffman of Huntington, Indiana, one of the nineteen non-union workmen killed in the rioting June 22.

Japanese Prince Puts Off Trip to America

TOKYO, Sept. 29.—(By Associated Press).—The crown prince would like an opportunity to visit America, but such a visit is not contemplated at the present time, according to a high official of the Imperial household.

Meeting of Foreign Debt Board Called

WASHINGTON, Sept. 29.—The foreign debt funding commission was called to meet today by Secretary Mellon to discuss the general situation with respect to wartime obligations to this country. Recent developments abroad, such as the difficulties in the Near East and a moratorium of reparation payments to France, were said to be up for discussion together with the forthcoming negotiations with Great Britain for the funding of the \$5,000,000,000 of British obligations held by the treasury.

City Paymaster Is Robbed of \$75,000

VANCOUVER, B. C., Sept. 29.—City Paymaster T. A. Schooley was held up and robbed of \$75,000 by two automobile bandits today. The robbers escaped, making a sensational dash through the business district.

U. S. to Open Parley Over British Debt

WASHINGTON, Sept. 29.—(By International News Service).—The American debt funding commission, at a meeting today at the treasury department, paved the way for negotiations to be opened next month for adjustment of Great Britain's \$5,000,000,000 debt to the United States and considered communications from other debtor nations.

STILLMAN'S WIFE, CHILD VICTORIOUS

New York Banker Is Denied Decree in His Action For Absolute Divorce From Wife; Baby Legitimate

Referee's Decision Is Victory For Defendant; Charge of Misconduct Against Her Husband Is Substantiated

CARMEL, N. Y., Sept. 29.—(By the Associated Press).—James A. Stillman, former president of the National City Bank of New York, was denied a decree in his suit for absolute divorce against his wife, Ann U. Stillman, and baby Guy Stillman was declared legitimate in the findings of Daniel J. Gleason, referee in the case which were filed here today.

The referee's decision was a complete victory for Mrs. Stillman. Not only was her defense upheld, but the referee also confirmed her charges that Stillman had misconducted himself with Florence H. Leeds, former Broadway show girl and that Mrs. Leeds had borne two children.

In regard to Mrs. Stillman's charges that the banker husband

Ham an' Cut Off Jail Menu; Bread, Coffee Instead

FRANKLIN, Pa., Sept. 29.—Ham and eggs was scratched from the menu for prisoners in the city lockup this morning. Bread and coffee was substituted. "Too many bums," explained Chief of Police J. P. Connell. The chief said that the straw that fractured the camel's spine was the demand of a vagrant for French fried potatoes on the side.

PAST BECLOUDS PFANKUCHEN WILL

Woman, Claiming Marriage Prior to Widow's, Fights Heirs.

Shadows of the past, of the old days when money and morals were regarded in an equally easy light, tell across the courtroom of Superior Judge E. C. Robinson today when testimony was taken in the estates of the late Emil Pfankuchen and Amada Pfankuchen, his wife, who was murdered last year by a gang of Mexicans in her home, 1415 Adeline street.

The estates have been administered for several months' past and the time came for final distribution when opposition developed. It was claimed that Mrs. Amada Pfankuchen was never the legal wife of Pfankuchen but that he contracted a marriage with Sarah Lopez, now known as Sarah Mendez, of Los Angeles. Mrs. Lopez testified concerning the marriage ceremony which she claims made her the wife of Emil Pfankuchen in 1878, four years before his marriage to Amada Pfankuchen.

The estates over which the legal battle is being waged aggregate \$30,000 in value. In his will Pfankuchen directed that after the sum of \$10,000 and the family home on Adeline street had been paid to his "only legal wife, Amada Pfankuchen," the residue should be divided between his two daughters. The marriage between Emil and Amada Pfankuchen was childless.

PASTOR TELLS OF WEDDING TO AMADA

The first witness at today's hearing was Rev. Reinhard Steinbeck of Santa Rosa, executor of the estate of Emil Pfankuchen and a life-long friend. He testified that he performed the marriage ceremony for Pfankuchen and Amada Pfankuchen in San Francisco in 1885. He also testified that several years later Pfankuchen asked him to hunt for a woman named Lopez, with whom he had lived prior to his marriage. At that time Pfankuchen knew of the birth of one child, the witness said. He hunted for the woman and found her living near Los Angeles and ascertained that after she had left Pfankuchen another child was born. He notified the father of the circumstances and received money from him, which he gave to the woman, he testified.

Mrs. Mendez was then called to the stand and testified that in 1878 Pfankuchen brought a minister to her father's house in Los Angeles and that a marriage ceremony was performed there. The two then came to San Francisco where they lived for three years and where one child was born, she testified. She then returned to her mother's house and never saw Pfankuchen after that.

The witness could not remember the date of the marriage nor the name of the minister. She said she had demanded a license from Pfankuchen but he had told her that such a thing was not necessary.

Shortly after her return home she learned of the marriage of Pfankuchen to Amada Pfankuchen but she made no attempt to communicate with him and entered no protest against his actions, she said. Four years later she went to live with a man named Mendez, according to her testimony, and for seventeen years she was known as his wife, seven children being born to them.

AGED MAN TESTIFIES FOR MRS. MENDEZ

Ramon Gastillo, of Los Angeles, who said he did not know how old he was, he had lived so long, testified to having been present at the marriage ceremony in Los Angeles. In broken English he described the ritual of marriage as it was performed. He said he had never seen the minister before and did not see him after the ceremony.

Mrs. Dolores Fisher, of San Francisco, also testified for Mrs. Mendez, saying that she knew her as Mrs. Pfankuchen many years ago when she was living in San Francisco.

The point which Judge Robinson will be called upon to decide is whether or not the early marriage was legal and binding, either as a common-law marriage or as a regular ceremony. Upon his decision will determine the standing of several heirs of Mrs. Amada Pfankuchen as to participation in the balance of their estate, as well as the claim of Mrs. Mendez to a portion of the Pfankuchen estate.

TURKS SLAIN IN ATTACK

Venizelos Seeking Support of Allies

NEW CABINET IS FORMED BY GREEKS

Italy Asks Allies to Prevent Revolutionists From Attempting to Stop Turk Occupation of Thrace

First Act of George II Is to Encourage Reorganization of Army to Resist Moslem Advance Into Territory

LONDON, Sept. 29.—(By International News Service).—Five former ministers of the Greek government have been arrested and will be tried on the charge of responsibility for the Greek defeat by the Turks in Asia Minor, the British foreign office was advised today.

PARIS, Sept. 28.—(By International News Service).—Former Premier Eleutherios Venizelos of Greece arrived at noon from Deauville to seek allied support for the revolutionary movement in Greece.

GO-ED TAKES JAIL BUT KEEPS AUTO

Kathryn Miller Prefers Two Days in Cell to Losing License Six Months.

BERKELEY, Sept. 29.—Miss Kathryn Miller, sophomore student at the University of California and daughter of F. E. Miller, well known ice cream manufacturer of Oakland, this morning chose to serve two days in the county jail for speeding rather than give up her operator's license for six months.

"You can leave your license here for six months," said Judge Robert Edgar in imposing sentence after Miss Miller had entered a plea of guilty to speeding along College avenue while on her way to classes at the university. "If you drive your car within that time you will have to serve two days in the county jail."

"Can't I serve the two days now and get it over with?" tearfully asked the young woman of the startled judge.

"You don't mean that you want to go to jail?" asked the judge. "I certainly do," responded Miss Miller. "I would rather serve the two days than be deprived of the use of my car for six months."

Miss Miller declared that while the Miller family boasted four automobiles only three persons in the household at 351 Orange street, Oakland, could drive the cars. Miss Miller is a former student at Mills College.

Miss Miller was arrested by Patrolman Clarence P. Taylor, also a college student, who charged her with going 41 miles along College avenue on route to the university. She admitted going 30 miles per hour but offered the excuse that she was late to classes.

Appearing at the same time with Miss Miller was Jacob Johnson, laborer of 1633 14th street, Emeryville. He was sentenced to two days or a fine of \$25.

"This will be a good way to save \$25," Judge Edgar told Johnson, who had previously said he was out of work.

Irish Parliament Talks Truce Terms

DUBLIN, Sept. 29.—(By the Associated Press).—The Irish parliament has adopted the government's resolution for the establishment of military courts to try persons charged with hindering the restoration of order or who endanger the public safety. The vote was 47 to 15.

The members discussed a motion made by Dr. Patrick McCartan for the arrangement of a truce of not less than a fortnight to restore peace and save the country from economic disaster. Dr. McCartan suggested General O'Duffy, Professor MacNeill, Labor Leader Johnstone and Deputy Fitzgibbon of Trinity College to negotiate for peace terms.

President Cosgrave, in replying, said it was possible to effect a peace the government was anxious to do it, but that it was not authorized to go one inch farther than the terms he already had outlined, namely, obedience to parliament and recognition of parliament's control of arms.

74 to Be Tried For Illinois Massacre

HERRIN, Ill., Sept. 29.—(By the Associated Press).—Decision to open the trials of the 74 men, indicted for murder, conspiracy and rioting in connection with the Herrin mine killings, about November 13, was reached at a long conference between Judge D. T. Hartwell of Williamson county circuit court and attorneys for the prosecution and defense.

Harding, Cabinet Meet to Discuss Near East Crisis

By A. L. BRADFORD (United Press Staff Correspondent)

WASHINGTON, Sept. 29.—Latest information regarding the critical Near East situation was to be placed before President Harding and his cabinet at today's session.

Advices received by the state department early today indicate the situation is nearing a climax as the result of the Turkish government into the Dardanelles neutral zone in defiance of the allied ultimatum.

All developments are being watched closely, but it is indicated that no new move will be made by this government in the immediate future.

ARMED BAND DISPERSED IN ALLIED ZONE

British Send Kemal Ultimatum Demanding Instant Removal of Troops in Neutral Zone Near Straits

ATHEENS, Sept. 29.—A party of armed Turks recruited in Constantinople attempted a surprise attack in the neutral zone in the region of Stranzia, near Chatalja, but was dispersed with some casualties, according to reports received here today.

(This refers to the neutral zone on the European side northwest of Constantinople and it is presumed that the Turks clashed with Greeks.)

LONDON, Sept. 29.—(United Press).—The British government today instructed General Harrington at Constantinople to demand immediate withdrawal of Turkish troops from the neutral zone.

The government assured Harrington he would have its complete support in demanding the withdrawal of the troops. It also decided whether to impose a time limit.

This official announcement was made following receipt of information from General Harrington that Kemal had promised to cease his advance in the zone.

The leader of the Turkish Nationalists, in his communication to General Harrington, also agreed to meet the British commander-in-chief in a conference to be held soon, probably Monday.

INVASION STIRS ENGLAND TO ACT

The government's instructions to General Harrington followed receipt of information that the Turks were pouring into the zone in large numbers and had entirely occupied the area with the exception of a 15-mile radius around the town of Chanak.

The instructions came to Harrington after the morning meeting of the cabinet, at which the ministers were advised of reports that the Kemalists were in actual contact with the British wired defenses and that at some points they had reached the shores of the Dardanelles.

The British commanders are most patient, it was pointed out, but it was agreed that further encroachments would jeopardize the military position and cannot be allowed to continue.

SECOND ULTIMATUM SERVED ON KEMAL

This is the second ultimatum that has been served on Kemal. The first was handed to him by the allied admirals in the Near East and it was demanded that he evacuate the neutral zone within 48 hours. Kemal continued to pour his legions into the Chanak region before the entrenched British.

Kemal gave an evasive answer to this ultimatum, in which he stated that he had no cognizance of the existence of a neutral zone.

This answer was described by high British officials as "impertinent."

NEAR EAST EXPERT ARRIVES IN SMYRNA

PARIS, Sept. 29.—Franklin Bouillon, French Near East expert, arrived at Smyrna for a conference with Mustafa Kemal and the other leaders of the Turkish Nationalist government. It was stated here today that Bouillon was sent by his government to plead with Kemal to respect the neutrality of the Straits and accept the allied peace offer.

PARIS, Sept. 29.—By the Associated Press).—Former Premier Venizelos received the following telegram here today:

"The revolutionary committee expresses its entire confidence in you in charging you with the defense of the National cause and solicits your immediate cooperation."

SOFIA, Bulgaria, Sept. 29.—Turkish refugees numbering 249 from the village of Sezura, in Thrace, arrived at the Bulgarian frontier yesterday declaring they had been forced to flee to escape Greek terrorism. The Greeks, they

## BRITAIN SENDS NEW ULTIMATUM TO KEMALISTS

Immediate Withdrawal From  
Neutral Zone Demanded  
By England.

(Continued from Page 1)

asserted, burned their homes and killed a part of the population.

PARIS, Sept. 29 (United Press).—The Sultan of Turkey, Mohammed VI, has abdicated in favor of his cousin, Prince Abdul Medjid, according to an unconfirmed report received here today from Constantinople.

Another report stated that Mohammed had decided to abdicate but acceptance of this had been held up pending word from Mustafa Kemal, whose decision in the matter would be final.

The war, since the war, has been powerless in the Turkish government. It was he who accepted the terms of Sevres, which banished Turkey from Europe after the war.

The sultan, being the head of the church of the Moslem world, was allowed to remain in Constantinople. He retained his palace and a small bodyguard.

The Turkish Nationalists, headed by Mustafa Kemal, resented the

sultan's surrender of Constantinople and Thrace to the allies and set up a government by national assembly in Ankara.

The Nationalists, being all powerful now through their brilliant victories, plan to oust the sultan.

### TURKS SWARM TO NEUTRAL ZONE.

CONSTANTINOPLE, Sept. 29 (By United Press).—The neutral zone territory today swarmed with Turkish soldiers as Great Britain tried in vain to arrange a conference with Mustafa, leader of the Nationalists.

The British, entrenched at Chank, are hemmed in by the legions of Kemalists, who are being reinforced hourly.

The Turks have overrun the entire neutral zone on the Asiatic side of the Dardanelles.

Kemalists are under instructions to advance to the British outposts, but to avoid a clash.

Before the British lines the Turks march back and forth with arms reversed or with small white flags to assure the British they have no desire to fight.

The British soldiery has been warned by Sir Charles Harrington to do its utmost to avoid open hostilities, pending a conference with Kemal.

Kemal thus far has ignored the pleas of General Harrington for a conference and even the entreaty of the allied commission to the Turkish leader has fallen on deaf ears.

In some places in the zone, British and Turks mingle freely. British officers declare there is no longer a doubt that the Turks' movements are directed by Kemal, who has his headquarters in the ruins of Smyrna. The maneuvers are carefully planned.

## MRS. WILKENS' SUIT COMPLAINT BARRED IN CASE

Prosecution and Defense  
Both Win Important  
Points in Trial.

(Continued from Page 1)

believe more than one glass in the

Mrs. Wilkens.

At the beginning of yesterday's session it was announced that Assistant District Attorney J. J. O'Brien, brother-in-law had died and an early adjournment was suggested.

By consent adjournment was taken at 1 o'clock this afternoon.

### STATE WITNESS CROSS EXAMINED.

Cross-examination of Detective Henry McGrath, state's witness, who testified that Henry Wilkens declared that he did not recognize either Arthur or Walter Castor, when he was brought before them in the city prison, was continued today when the court resumed session this morning.

McGrath was subjected to a severe questioning by Frank J. Murphy, counsel for the defense, who sought to show that Wilkens failed to recognize either of the Castor brothers, whom he had known previously, due to the nervous strain resulting from the death of his wife.

Both the defense and the prosecution scored important points yesterday during the trial. Murphy prevented the prosecution from introducing in evidence the allegations which had been made by Mrs. Anna Wilkens against the defendant in her suit for separate maintenance. Beyond permitting both sides to stipulate that such a suit had been brought, Superior Judge Louis Ward declined to let the jury know the details.

### WILKENS' COUSIN WINS VITAL POINT.

His ruling was based on the assumption that any charges made by Mrs. Wilkens in that case could not be assumed to have been proven nor could they be used in this trial to show motive on Wilkens' part.

Chief of the witnesses called yesterday were Adolph Lange and his wife, who reside at 506 Hill street. Both declared that Wilkens' domestic relations were unhappy.

Mrs. Lange related that, in July, 1921, at Petaluma, she had seen the body of Mrs. Anna Wilkens covered with bruises, and had reproached Wilkens for beating his wife.

"He told me," said the witness, "that he had been accused of going with other women. But he promised me that he would never do it again." Later, said Mrs. Lange, when, during a telephone conversation, Wilkens had informed her of the suit for separate maintenance brought by Mrs. Wilkens, he declared triumphantly that no one had ever seen him beat her. She also testified that Wilkens, on various occasions, had been moved to tears with seeming facility.

### CORROBORATED TESTIMONY OF WIFE-BEATING.

Adolph Lange corroborated the testimony of his wife regarding Mrs. Wilkens' bruises, and more over related that, last April, he had threatened to cause the arrest of Wilkens if he failed to produce at once Helen Lange, with whom it was alleged Wilkens had visited a resort outside the city. The girl, according to Lange, had communicated with her family promptly following this threat.

Lange said that he threatened to deport Helen Lange, his niece, and sister-in-law of Wilkens, unless she and Wilkens discontinued their relations.

### Swedish Drama To Be Presented

"Per Olsén and his 'Old Woman,'" one of the most popular of Swedish plays, will be presented by the Swedish Dramatic club at the Auditorium theater next Sunday evening for the benefit of the Swedish-American Patriotic League of this city. In the cast will be Albin Westermarck, Amanda Johnson, Elmar Widoff, Karl Rosell, Eva Helfrags and W. Lofstedt. An orchestra directed by Axel Fredstrom and the Svea Male Chorus will provide the music. The committee in charge of the benefit includes the following: Charles Blom, A. E. Celander, Hartvig Swanson, Carl Anderson, Ernest Nyström, Mrs. Ekberg, Emil Carlsson, O. R. Seeborg, Helen Blom, K. Hanson and C. T. Peterson.

### Varied Career Told in Divorce Suit

The story of how her husband left the ministry and became a promoter and real estate operator, amassing a fortune of \$55,000 and then took up the occupation of a carpenter, was told to Superior Judge Quinn today by Anna Bell Van Tassel who is suing Robert D. Van Tassel for separate maintenance. She asked the court for temporary alimony pending the trial of the case. Judge Quinn ordered Van Tassel to pay \$200 a month and \$250 attorney's fees.

### Car Jumps Track, No One Injured

BERKELEY, Sept. 29.—A streetcar jumped the tracks at Bancroft way and Union street this morning. No one was hurt. The two hind wheels left the track and a wrecking crew was necessary to get the car safely back again. The car was going slowly to make the curve at Bancroft way and Telegraph avenue.

## Alligators and Mice Are Not Desirable Mail

WASHINGTON, Sept. 29.—(By the Associated Press).—A few bleary eyed crocodiles a yard or so in length, whose digestion enables them to chew up broom handles as a man would a delicately carved tooth pick may be "harmless" in the legal sense of the word when shipped by parcel post, but Postmaster A. L. Behrmer of Cincinnati has his own personal doubts in the matter. In addressing the National Association of Postmasters here today Behrmer explained that live animals and various kinds of barnyard stock, under the law, were entitled to mail privileges if in transit, they were badges inscribed "harmless."

The Cincinnati postmaster was inclined to doubt that fair postmistresses or a bevy of young women clerks in the home post office would look upon a crate of live mice as "harmless." Also Behrmer appeared not to look upon the prospect some day of being obliged to "attend, water, and feed various fowls and irritated livestock," as a part of the daily postal routine.

## VENEZUELOS ASKS ALLIED SUPPORT OF REVOLUTION

Former Premier Seeks Sanction of New Government;  
Cabinet Is Formed.

(Continued from Page 1)

former ministers, Gounaris, Stratos and Protopapadakis have been arrested.

Revolutionary troops are patrolling the streets. The city is calm. Constantine's future place of exile is not definitely known, but it has been suggested that he may occupy the former German Kaiser's castle at Corfu. Constantine married the ex-Kaiser's sister.

### EFFORTS MADE TO FORM NEW MINISTRY.

Efforts are under way to form a new ministry. This task was entrusted to General Nider, but he refused it. Later Alexandre Carpanos was asked to attempt the formation of a cabinet. He conferred with liberal leaders, but was not confident he would succeed.

ATHENS, Sept. 29.—The Greek army in Thrace has definitely joined the revolution. The army corps in the Epirus also has thrown in its lot with the revolutionists.

## RUSS DENY PLAN TO GIVE TURK AID

Part in Peace Parley, Main-  
tenance of Trade, Are  
Only Thoughts.

By DAVID M. CHURCH,  
International News Service Staff  
Correspondent.

LONDON, Sept. 29.—Fear of British officials that reorganization of the red Russian army means Russian military aid for the Turks was groundless, it was declared today by Alex Rothstein, representative of the Moscow government in London.

"Russia has not taken any military steps in the Near East," said Rothstein. "So long as Russia is invited to the Near East peace conference and there is no interference with Russian trade we do not think Constantinople worth the blood of a single Russian soldier. Russia is not preparing to help Turkey."

### CABINET IS IN DAILY SESSION.

The British cabinet is meeting daily to consider "war plans." It is reported that the government has placed tentative orders for war materials, mostly munitions. Most of the British officials have little faith in Mustafa Kemal Pasha. They suspect he is delaying his reply to the allied peace note for the

## CHARRED BODY IS STOLEN CORPSE

St. Louis Police Look for  
Man Accused of Life In-  
surance Swindle.

ST. LOUIS, Sept. 29 (By the As-  
sociated Press).—Police authori-  
ties of St. Louis have redoubled  
their efforts to find Harry Brenn,  
27 years old, who has been mirak-  
ling since his garage at Oakville,  
Mo., was destroyed by fire last  
Tuesday morning and who is  
sought in connection with what  
the police term one of the most  
grievous mysteries in local police  
history.

The police announced they had established that a charred torso, at first believed to be that of Brenn, which was found in the debris of the fire, was that of Miss Celeste Schneider, 18, whose corpse was stolen from its grave Monday night.

Steadfastly maintaining that she believed her husband, who it was learned, carried a total of \$16,000 life insurance, had died in the garage blaze, Mrs. Brenn, 32, a German war widow with an 11-month-old infant in her arms, denied access to the police, that she had conspired with her husband in a plot to collect the insurance.

Mrs. Brenn and August Schneider, the dead girl's father, are held in jail at Clayton, Mo. Schneider also maintains he has no knowledge of the grave robbery and the fire.

## John McCormack Recovers Health

NEW YORK, Sept. 29.—John McCormack, tenor, who has been abroad since last spring, when he suffered a serious throat affection, has recovered. He expects to return October 11 from Europe and to make a concert tour.

## ARABS PROTEST ZIONIST CONTROL FOR PALESTINE

Moslem-Christian Boycott of  
Mandate and Business  
Is Proposed.

JERUSALEM, Aug. 28.—(Associated Press, by Mail.)—The Arab delegation which was sent to London a year ago to protest against the establishment of the Jewish homeland in Palestine has returned and given out a summary of its achievements.

Musa Kazim Pasha Husseini, chairman of the delegation, says in his report that whereas they did not accomplish all that they had hoped for, nevertheless they had

aroused public sentiment in England and had won the sympathy of many leading persons connected with the British government. The report was made to the Fifth Moslem-Christian Congress, which was brought together at Nablus for the purpose of hearing what the delegation had to say. At the same time the congress outlined its future plans.

It decided to boycott the new constitution which it considers inimical to the cause of the Arabs; to take no part in the elections, and to dissuade all Mohammedans and Christians from serving on the legislative council.

It urged upon the Arabs the necessity of standing together and refusing to sell lands to Jews. A manifesto was sent out from the congress to all Mohammedans and Christians of the country in the following words: "We, the delegates of the Arab people of Palestine in the fifth congress held at Nablus, pledge ourselves to God, to history and to the nation to continue our endeavors looking toward the independence of our country, to bring about Arab unity by all legal and lawful means, and to refuse the Jewish National Home, and Zionist immigration."

It was decided also that a trade boycott of the Jews be instituted

the ways and means thereof to be decided upon later.

The British mandate in Palestine was officially proclaimed in Jerusalem September 12, upon which occasion Lord Allenby, British High

Commissioner for Egypt; Sir Herbert Samuel, Palestine Commissioner, and Emir Abdullah, the ruler of Transjordan, took the oaths of office. Sir Herbert Samuel, in his inaugural address, said that the Holy Land was about to

enter upon a period of peace and progress under British dominion, and that as representative of King George he would conduct the administration without fear or favor; with justice to all, and with partiality for none.

The executive committee of the Moslem-Christian society did not attend the ceremonies as a protest against the mandate and the constitution, and it called a general strike of its Arab followers to the same end.

WORK TO ADDRESS MAIL ADVERTISERS CINCINNATI, Sept. 29.—Postmaster-General Work has notified Joseph Meadon, president of the Direct Mail Advertising association that he will come to Cincinnati to

make one of the principal addresses at the fifth annual convention of that organization here Oct. 15-27. Fred Y. Presley, general manager of the Harvard University Economic Bureau, will be another speaker.

Better American Homes

Who can see a baby suffer? Who can look at a wee pinched face and not be willing to make any sacrifice to put the smiles where they belong? But babies do suffer—and die—from neglect. Don't let that happen in Oakland, though. Support every agency that helps the babies. You have a chance today. Buy a ticket to the Baby Hospital pageant. "The Merry Whirl of 1922"—Today's the last day!

Because the woman who wants a nicely furnished home can buy here for less than she would have to pay ordinarily, and because she can arrange terms to suit her own income, thousands of Eastbay homes are being furnished at this store. Redlick Values and Terms are Better!

Mahogany set **\$74.50**  
Queen Anne design

Small Payment Down  
\$1.25 a Week

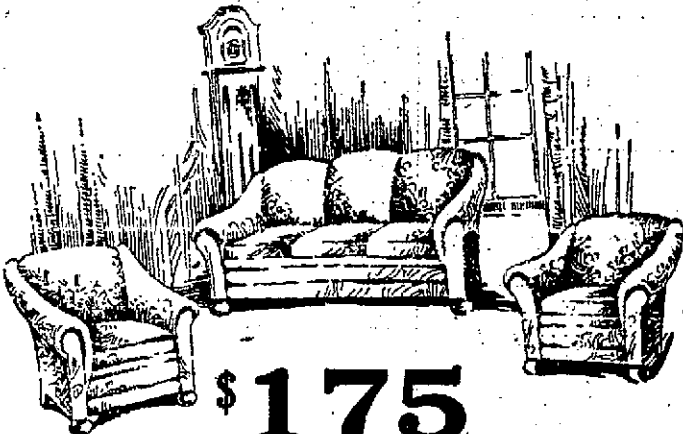

This beautiful Queen Anne dining room set is of hardwood, mahogany finish. It is strongly constructed and of a finish and style fit for the best homes.

The set consists of a table that will seat ten people when extended and four chairs. The chairs have full box sanitary slip seats in genuine blue leather.

Elsewhere you will find this set priced at from a quarter to a third more.

Velvet and tapestry suites

**\$175**

Small payment down, \$3 week

Any woman would love to have this beautiful set in her living room. Every line of it suggests luxurious comfort. Large well shaped overstuffed pieces—Chesterfield, chair and rocker. Arms and backs are deeply stuffed over tempered steel springs that insure lasting ease. There are several beautiful coverings to choose from, long-wearing velour in mulberry and blue and choice tapestry fabrics.

At the low price quoted here you are saving at least a third. Come down town tomorrow and see this set on our floor.

**Wedgewood**

This is one of the 81 Wedgewoods that you will find here. Just like all of the others in the line, it will cook better, save more fuel and last longer than any other stove you can buy.

**"---it's as if this huge Roos store were placed squarely in the center of Oakland"**

There are, at present, Six Roos Stores:--two in San Francisco; one in Oakland; one in Berkeley; one in Fresno; one in Palo Alto. Each store is stocked with a remarkably large and varied collection of "Things People Wear." Each store serves its buying community in an uncommonly efficient manner because of the organization which operates the six stores as a unit.

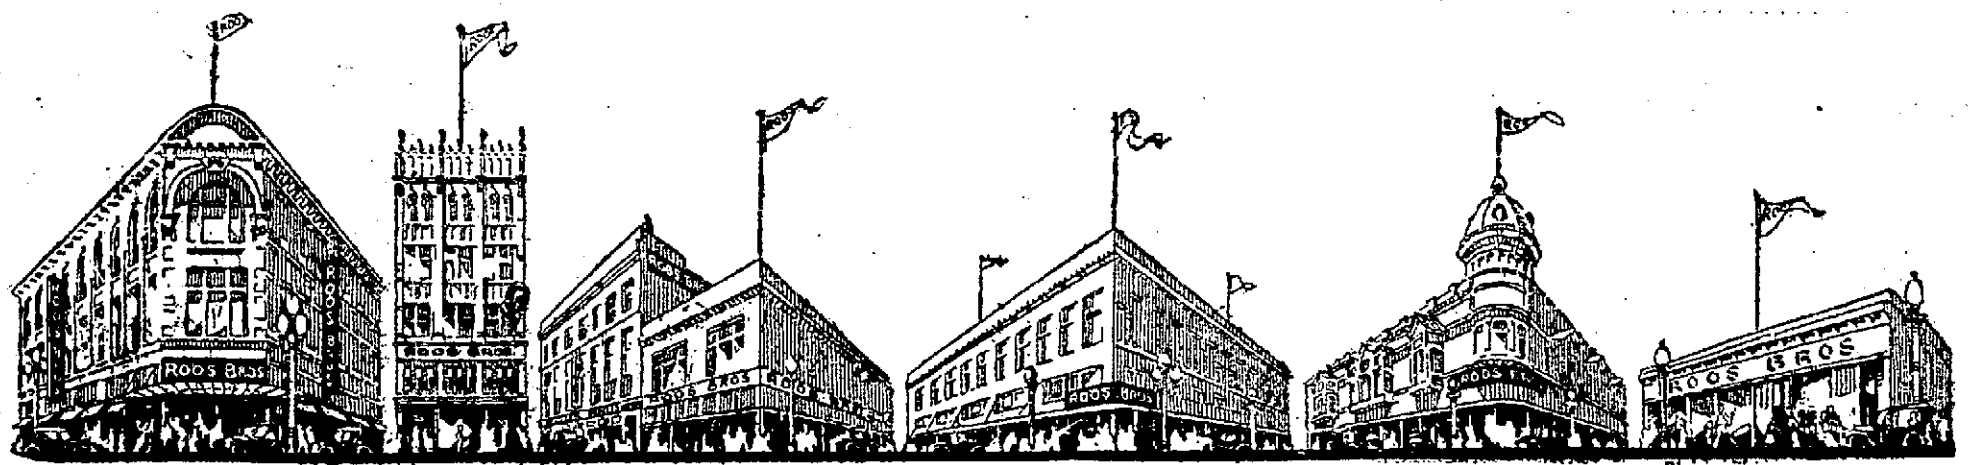

These Six individual stores ARE one huge Roos store as far as this is humanly possible. And this is a benefit to Mr. and Mrs. General Public because the Roos method of centralized buying and operation results in lower wholesale prices, and economies of management. These savings are immediately passed on to the public in the form of Lower Prices—or Better Goods for the same price. Roos is never undersold. When you make a purchase at any Roos store you have each and every advantage of our 11-office European

buying organization; our resident New York purchasing staff, and our extraordinary buying facilities wherever good things are made. You automatically have credit courtesy in every Roos store if you have a charge account in any Roos store.

Buy Clothing and Accessories, for Men, Women, Young Men and Boys, at Roos Bros. with full confidence that you are securing Topmost Quality and Real Style at the Best Possible Prices. And always there is the Roos Moneyback Guarantee.

## WASTE RECEIVES MASONIC HONOR

Associate Justice William H. Waste of the Supreme Court, Grand Commander of Knights Templar of California, has been made the recipient of a Masonic honor of marked distinction. By direction of the Grand Sovereign, M. H. Thomas, of Dallas, Texas, he has been appointed Intendant General for California of the Imperial, Ecclesiastical and Military Order of the Red Cross of Constantine, membership in which honorary and exclusive organization is granted only to Knights Templar and thirty-

second degree Scottish Rite Masons who have rendered distinguished service to the respective bodies and to the state.

There are less than thirteen hundred Knights Companion of the Order in the United States, enrolled in forty Conclaves located in the principal cities. Three of such Conclaves are in California, and are located in San Francisco, Oakland and Los Angeles. Judge Waste succeeds the late Colonel Harvey D. Loveland who was Intendant General of the Order in California for many years. Next Monday evening Judge and Mrs. Waste will be the guests of honor at a theater party and dinner given by St. Francis Conclave of San Francisco of which Senator Albert T. Boynton is Sovereign. The members and ladies will attend the opening night of the Hartman-Steindroff opera season at the Kivoli Theater, and dine after at the Palace Hotel.

## Gold Value Continually Diminishing in Germany

BERLIN, Sept. 29.—The total taxable property held by the German people amounts to 1,556 milliards paper marks according to estimate made by Reconstruction in its current issue. Seventy per cent of the aggregate is given as personal and real property, 11 per cent as town property, 14 per cent rural two per cent mining, and three per cent as goods, ships, metallic currencies, etc.

The average of pre-war estimates on German-owned private property, the periodical states, works out at 330 milliards gold marks, from which amount the following deductions should be made:

Thirty milliards gold marks in state property (belonging to the empire, individual states, and local authorities, such as railways, canals, forests, etc.); 13 milliards of property held by the poorest classes which escapes taxation, and further a sum amounting to about 20 per cent of the total which either is especially favored by the regulations for economic reasons, or manages to evade taxation. This amounts to about 66 milliards gold marks.

Deducting these 108 milliards from the pre-war average of estimates, a balance of 222 milliards remains. From this total, however, Reconstruction states, the following sums must be deducted as a result of the war: Twenty-five milliards in value destroyed by the war (amounting originally to 50 milliards, one-half having been made good by reconstruction); 30 milliards loss on capital invested abroad; 25 milliards loss of territory, and 10 milliards surrendered to the Entente in railway, ships, etc.

The sum left after taking off these 90 milliards, in losses, the publication sets roundly at 130 milliards gold marks. In conversion of the various categories of property are multiplied by these figures their values in paper marks are determined. According to this calculation, the average devaluation index figure is 15, thus giving 1,950 milliards paper marks as equivalent to 130 milliards in gold. "The question then arises," says Reconstruction, "how is the gold value of this property to be maintained? The experts who have made this calculation during the past few weeks are convinced that the gold value is continually diminishing, but an examination of this question is an important factor in any honest economic policy, whether for financial or reparation purposes."

### Small Commands Go to German Seamen

PETROGRAD, Sept. 29.—The port of Petrograd, principally frequented today by small German steamers, furnishes striking illustration of what the confiscation of Germany's biggest liners by the allies has done to the old officers of the German merchant marine.

Once plying the bridge of Atlantic liners carrying thousands of passengers, these officers are now commanding, or standing watches, on tiny tubs that skirt the shores of the Baltic.

From over 50,000 tons to less than 1000 tons has, for example, been the change in the command held by William Witte, once captain of the "Imperator."

## Making an Old Fur Young Again

Most men prefer madras and these are of splendid quality with soft French cuffs. Sizes 14 to 17.

**Men's Silk Ties—44c**

A better quality, better colorings and choicer patterns than you probably ever hoped to get at so small a price. For the month-end.

**"MAMA" DOLLS**  
At \$1.45—Baby dolls clothed in long dresses. Says "Mama" clear and plain.

At \$1.75—This is just HALF PRICE for 15-inch Ma Ma dolls dressed in romper suits with cap.

At \$4.00—JUST HALF PRICE for 21-inch Ma Ma dolls dressed in romper suit and patent leather shoes.

**SCOOTERS**—HALF PRICE. Well made with rubber tired wheels. For boys or girls. Regularly \$2.75, for \$1.87.

**WHEEL AND AXLE SETS**  
These consist of two extra strong roller bearing wheels and heavy axle, for building wagons or coasters. Regularly \$2.75, for \$1.95.

**HAMMOCKS**—ONE-THIRD OFF. Canvas hammocks for utility and good fabric hammocks. Formerly \$2.50 to \$6.50. Sale prices..... \$1.67 to \$4.34.

**Men's Silk Shirts**  
\$3.95 and \$4.95

Startling prices for silk shirts of the quality of these. A limited quantity, hence the drastic clearance prices. Don't let this opportunity pass you by, and there is a decided advantage in being early at this month-end sale.

**Men's Silk Socks**  
49c

This is an economy call to every man who wears silk socks. All sizes are here and the colors comprise a good range.

**Men's Nightgowns—\$1.49**

Warm, full cut flannelette nightgowns in the month-end sale greatly underpriced because they are slightly soiled.

## FOURTH MAN IS SOUGHT IN BOOZE BRIBERY CASE

Fugitive Is Said to Be Close  
Friend of Gus Oliva;  
Border Watched.

SAN FRANCISCO, Sept. 29.—A fourth man, said to be a close friend of August (Gus) Oliva, local political boss, is being sought today by Federal authorities in connection with the alleged bribery of three prohibition officers by Sonoma county vineyardists. Federal officers refused today to give his name, but said his arrest is expected soon.

George H. Crawford, one of the three prohibition agents named in secret federal warrants as having been implicated in the alleged \$10,000 transaction, today voluntarily appeared before United States Commissioner Thomas B. Hayden, and gave bond for \$5,000. Henry W. Meyer and Waldo W. Curtis, the two other prohibition agents who are being sought by the federal authorities, have not been located, although a search for them has been under way since Tuesday. United States Marshal James B. Holohan said today.

Prohibition agents along the Canadian and Mexican borders were today notified by Holohan to be on the watch for Meyer, Curtis and the man whose name has not yet been made public.

Curtis, Crawford and Meyer were suspended by prohibition headquarters in Washington yesterday on recommendation of Prohibition Director Samuel F. Rutter. The fourth man, it was declared, was suspended some time ago.

## U. S. to Prosecute Film Fraud Cases

WASHINGTON, Sept. 29 (By International News Service).—Complaint was issued today by the federal trade commission against sixteen film exchange companies in various cities, charging them with unfair competition in the issuance of an old film retained to simulate the title of a competitor's film.

## YOUNG THANKS ALAMEDANS FOR PRIMARY VOTE

Sept. 28, 1922.  
I have just received from Sacramento the official returns on my contest for re-nomination as lieutenant-governor, showing that I carried Alameda county by a vote of 3 to 1.  
I desire to express to the voters of Alameda county my appreciation of their generous support, and especially wish to thank The TRIBUNE as one of the newspapers of the State whose good will toward my candidacy helped secure for me a majority of over 150,000.  
Trusting that my second term as lieutenant-governor may fully justify this splendidly generous endorsement I am  
Yours very sincerely,  
C. C. YOUNG.

## HOUSE FIXTURES TO BE DISPLAYED

A division of household appliances and home furnishings will be one of the attractive features of the second annual Eastbay Manufacturers' Exposition to be held at Idora Park for nine days beginning Saturday, October 14.  
George Hammer of the Hammer-Bray company, manufacturers of stoves, heads the committee of manufacturers arranging for this particular feature. Others on the committee are Sherwood Byrd, of Byrd-Rymer Company, manufacturers of lamps and lamp fixtures; T. W. Thompson of the Federal Electric Company; C. V. Kiever of the Star Mattress Company, Lee Neubert of the Pacific Gas & Electric Company and E. C. Umphred of the Umphred Furniture Company.

Everything for the home will be on display. There will be electrical cooking devices, washing machines, electric heaters, electric stoves, vacuum cleaners, lamps of all styles, gas and electric fixtures, all of which are turned out by Eastbay manufacturing plants. The labor saving devices for the home will be in special evidence.  
Eighty per cent of Servis's population are employed in agriculture.

## MODIFICATION OF DRY LAWS URGED BY GRAND JURY

Final Report Blames Prohibition Supporters For Bootleg Situation.

SAN FRANCISCO, Sept. 29.—Referring to bootleggers as a "thieving and wholly undesirable class of parasites," and calling attention to "the shameful number of deaths resulting from the sale and use of cheap bootleg liquor," the San Francisco grand jury, before its discharge last night after 10 months of work, went on record as favoring a modification of the Volstead act.

The grand jury in a resolution passed before they were relieved from further service at the end of their term by Presiding Judge Franklin A. Griffin, favored the manufacture and sale of light wines and beer. The resolution which was filed with the report of their work, spoke of the prohibition law as a "farce," and attributed to it the increasing traffic in narcotics and the "undeniable increase in the gravest and most unheard of crimes."

ACCUSE DRY SUPPORTERS.  
It charged that the dry champions were being supported in order that the illicit trade of making and selling vile concoctions might not be ruined.  
After citing the many evils the law had brought about, the resolution stated that the grand jury "as its last official act, done in the spirit of true Americanism and with the thought of bettering most

deplorable conditions now existing, urges to the utmost that our delegation from California to congress have the Volstead act amended so that the people may have their rightful privilege of the use of light wines and beer."

Otto A. Jungblut, chairman of the jury signed the resolution.

### SCOTCH TRAFFIC.

The jury's official report also scored the traffic situation in San Francisco's business district, not from the standpoint of work being

done by the present force of traffic police, but because, it was charged, the force is inadequate and not able to handle the problem satisfactorily. The report cited that at present the force is concentrated on Market street, "and a skeleton of

the business district," leaving many important places unprotected. It was recommended that the traffic bureau be increased.  
Other recommendations included one for legislation for the construction of elevated electric line on

certain streets south of Market street, and for the construction of a subway under Market street for a number of blocks west of the ferry building. It also asked that traffic officers be given power to designate "one way" streets, and streets for parking space.

Tomorrow, your best opportunity to attend the "Merry Whirl of 1922"—for the benefit of the Oakland Baby Hospital.

Saturday Values  
in Our Men's  
Wear Department

Munsingwear for  
Men, \$2.75

Of medium and heavy cotton, in gray and ecru color, with fleeced back. The medium weight comes shades of white, cream and ecru, with half or long sleeves and ankle or 3/4 leg length.

Men's Richmond

Underwear, \$1.50  
For men who prefer this brand of underwear we have very strong inducements. The shirts and drawers are of medium weight cotton in gray. The price unusual, of course.

Men's Flannel Night

Shirts, \$1.95  
Of the much favored outing flannel, made with military type collars, 4 loop fasteners and large pearl buttons. Blue and pink stripe effects.

Men's Flannel

Pajamas, \$2.25  
Heavy weight outing flannel pajamas, with four loop fasteners, silk braided trimming and pink or blue stripes.

Men's Shirts, \$3.50  
Fine quality shirts for men of the best grade madras, with neat or fancy blue stripes.

Men's Hose, \$1.00  
English and American made hose in the popular fancy heather mixtures with neat silk clocks.

Men's Silk Ties, \$1.50  
The new Kismet four-in-hand ties in patterns and colorings pleasing to the eye.

(First Floor)

For Infants and  
Girls

Infant's Crib  
Blankets, \$3.95  
The popular Edmond brand crib blankets, with the cortex finish, "soft as a rabbit skin." Size 66x54.

A lovely line of little girls' fall coats, hats and dresses, all of pretty and serviceable materials. The last word in styles and prices, surprising low.

(Second Floor)

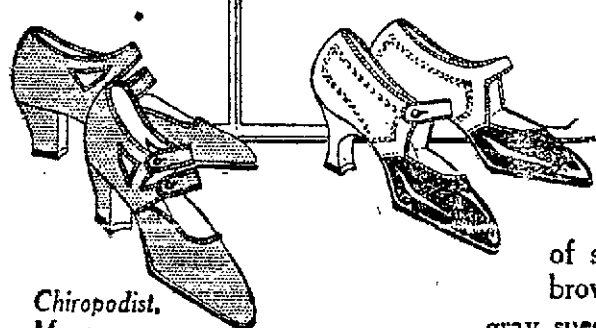

Girls' new Fall and Winter Coats in all-wool Polotone, Velour, Tweed, and Duvet de Laine materials. The styles comprise full ripple, pleated back and belt models, some with convertible or fur collars, others with turn-back cuffs. All are full silk lined and come in colors of red, reindeer, navy, sorrento, brown, azure blue and brown. Sizes 6 to 16 years.

## New Prunella Skirts \$5.95

Women's new, all-wool prunella dress skirts, in full box pleated models. Colors, black, white, navy, tan, brown and gold. A value of vital interest to economical shoppers.

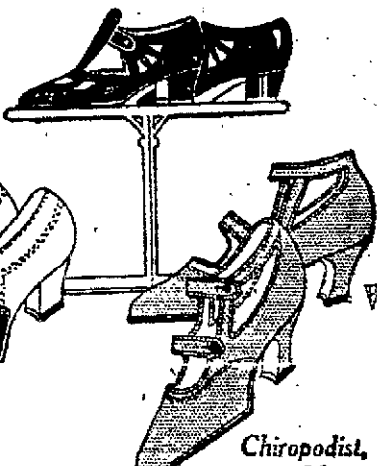

## New Fall Footwear

\$5.85 and \$7.85

Chiropodist,  
Mezz.  
Floor

Truly beautiful is the new footwear for Fall, embodying almost unimaginable late features. Pumps and oxfords of street, afternoon and evening styles, in leathers of black kid, brown kid, tan calf, brown calf and patent leather and beige or gray suede combinations. And the price—almost unheard-of for shoes of such description.

Chiropodist,  
Mezz.  
Floor

## Men's \$3.85 \$4.85 Shoes

Bargain  
Shoe  
Section  
2800 pairs of men's quality shoes will go on sale tomorrow at about half price, yes, the newest styles of the season, too. It will surely pay you to take advantage of the unusual opportunity as a sale like this doesn't occur every day in the week. At these prices you can readily afford to buy several pairs.

Here are their descriptions: The leathers are black kid, black calf, tan calf and brown calf. Your choice of broad, English or semi-English toes. Some in blucher, others in straight lace models. We price them this low in order to get men acquainted with our store and our values. Sale held in the Bargain Shoe Section, main floor near soda fountain.

## Women's Undermuslins

Women's Envelope Chemise, \$2.95

A complete assortment of crepe de chine envelope chemises, tailored or lace trimmed styles in pleasing pastel shades; others of radium or heavy crepe in white and pastel shades, priced at \$3.95, \$4.95 and \$5.95.

Women's Chemise Sets, \$2.75

Dainty sets of La Jerez silk in light shades of blue, flesh and honey dew; those of radium silk or crepe de chine in pastel shades are priced at \$2.95 and \$3.95 a garment.

Silk Petticoats, \$3.95 Garment

Neat looking petticoats of serviceable wash satin, or crepe de chine in tailored and lace trimmed styles. Strongly reinforced. White and flesh color.

Women's Camisoles, \$1.00

Exceedingly good values in camisoles or durable wash satin; others priced from \$1.69 to \$1.95 are of crepe de chine or radium silk with bodice or built-up shoulder effects.

Two-Quart Size

**MECHANICS MAKE CANDY.**  
ZION, Ill., Sept. 29.—Garage mechanics are making candy because of a shortage of help in the Zion industries, of which Wilbur Glenn Voliva is overseer. It became known today. The overseer

was said to be considering a plan to draft women, especially young married women without children, and older women who could be spared from their homes, to work in the Zion plants.

## C. C. ALWAYS TO OPPOSE BONUS OR CASH PROVISION

U. S. Body Determined to  
Kill Attempt to Revive  
the Issue.

OMAHA, Neb., Sept. 29.—The chamber of commerce of the United States, according to D. A. Skinner, secretary, "is determined that there will never be a bonus bill with a cash provision. We are determined to kill any such attempt," he declared yesterday immediately after the appointment by President Barnes of a committee of seven to watch the activities of ex-service men in any attempt to revive the bonus bill in congress. The national chamber is holding a two-day meeting in Omaha. Thirty-five members are present. Julius H. Barnes, president of the chamber, in a speech last night to 300 representative businessmen of Omaha, upheld the position of secretary Skinner. He said that the United States chamber of commerce had opposed the bonus "because it would pave the way for an easy issue of currency such as Europe is experiencing at the present time."

Willis H. Booth, vice-president of the Guaranty Trust Company of New York, and a member of the international chamber of commerce predicted that the next meeting of the international chamber to be held in Rome, Italy, in March, 1923, would take steps to "establish a uniform exchange as a means for an easier flow of commerce between member nations."

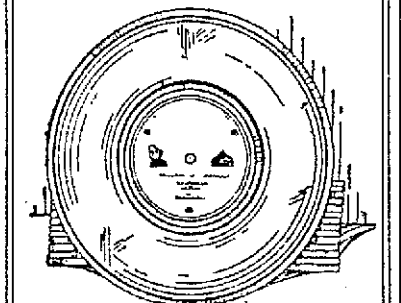

## 'PLANE RUSHES SURGICAL AID TO SAVE BOY

SACRAMENTO, Sept. 29.—An airplane was called into service yesterday to transport a surgical instrument from Sacramento to Modesto in an effort to save a Modesto youth from death from diphtheria when it was found that the instrument could not be obtained in San Francisco or Oakland.

Almost at the same time that Eugene Benjamin of a local surgical supply house was notified by Dr. E. V. Falk of Modesto that he must have an instrument to prevent the sick boy's throat from closing, an airplane was started north from Modesto. Benjamin rushed the instrument to Mather Field and an hour and five minutes after the plane started for Sacramento the instrument was handed to the pilot and the return trip was begun.

## DETAILED PLANS OF "BIG SECRET" TO BE OUT SOON

If You Have Not Yet Enrolled You Should Act at Once.

Have you enrolled yet in "The Big Secret," the radio stunt The TRIBUNE is planning for the amateurs in the Eastbay district? If not and you have a transmitting set, fill out the coupon on this page and mail it in to the Radio

Editor, and you will be eligible to take part. While the owners of transmitting sets will be particularly interested in the stunt, it will also appeal to the owners of receiving sets.

If you are not a member of The Oakland TRIBUNE Radio Club and want to participate in "The Big Secret," you can do so by simply stating on your blank that you wish to be a member of the organization, which carries no obligations.

Just as soon as The TRIBUNE gets the names and necessary data for all the transmitting set owners in the Eastbay, detailed plans of the stunt will be announced.

### GUEST IN JAPAN.

TOKYO, Sept. 29 (By the Associated Press).—Elmer A. Sperry of Brooklyn, noted electrical inventor, was guest of honor at a luncheon here today by the American-Japan Society. It was the first of a series of public entertainments complimentary to him.

## Dorothy Dukes Tells of Betrothal At Bridge Tea

The bridge tea and shower planned for two brides-elect of the fall, Miss Harriett and Miss Eleanor Campbell, daughters of Mr. and Mrs. William R. L. Campbell of Claremont, by Miss Dorothy Dukes this afternoon, was the medium for the announcement of the betrothal of Miss Dukes and Charles Stanley Dimm. Miss Dukes, who is a gifted musician and cellist, is the daughter of Dr. and Mrs. Charles A. Dukes of Berkeley and with her sister, Miss Helen Dukes, returned from an extended trip abroad here a few months ago. Only a score of the intimate friends of the host-

MISS DOROTHY DUKES, daughter of Dr. and Mrs. Charles A. Dukes of Berkeley, whose betrothal to Charles Stanley Dimm of Los Angeles was announced at a tea this afternoon.—Webster photo.

## Women's Clubs Making Close Study of Art

By EDNA B. KINARD.

Art is not to be neglected this season, so far at least as the Alameda district, California Federation of Women's Clubs, is concerned. Mrs. M. H. Lapham, district chairman, is instituting a round table on art, on the afternoon of Wednesday, October 11, bidding for the hour chairman of those groups in the local clubs who are directing study along this line, as well as the presidents, and a few outsiders. She will entertain at her home on Taft avenue.

Mrs. Jessie Haring, curator in the Cora L. Williams Institute in Berkeley, will be the guest of honor and speaker of the day. Mrs. Lapham has arranged for a house exhibition of the work of Mrs. Haring, which will illustrate the lecture.

For each month the district chairman will hostess an exhibition and program in compliment to the women who are working with her in their efforts to inform themselves along the lines of art. The movement is designed to stimulate interest in the many phases of the subject. Sometimes local artists will be invited to appear before the group. At others visiting men and women will be honored.

Mrs. Lapham originally planned the first round table in courtesy to Mrs. Rose V. S. Berry of Berkeley, chairman of the department of fine arts under the General Federation of Women's Clubs. But Mrs. Berry still lingering in Washington, D. C. She journeyed east this summer to attend the biennial of the general federation.

Friday, the 13th, has no terrors for the McChesney Parent-Teacher Association. Rather are the members regarding the day as one of happy omen and have taken over for the sake of their treasury the T. & D. Theater at both afternoon and evening performances on October 13. The nutrition fund, which provides a mid-morning breakfast of bread and milk to children who cannot otherwise afford it, is replenishing. The athletic equipment needs replacing. Educational films need to be added to the moving picture library. Hence the big task that is set the mothers. In arranging for the benefit theater party they have the close co-operation of the school faculty. Already a corps of volunteer salespeople are invading the city, seeking patronage of theater goers who are willing to lend their pleasure to the aid of little children.

Mrs. Richard Moore, Mrs. Ward Campbell, Mrs. Moraga and Mrs. Joseph Bolser are members on the general committee of arrangements from the parent-teacher association. The school is represented by Principal H. M. Massie, Mrs. Helen Morgan, Miss Mary Hunt, Mrs. Elva Melville.

"Ain't We Cafe?" is the question which Dr. Virgil Dickson, director of the bureau of research and statistics in the Oakland public schools, will answer before Lakeview Parent-Teacher Association on Wednesday. The members and guests interested in the subject will meet in the Lakeview school auditorium at 2 p. m. A parliamentary law drill will precede a short business session.

The Home Club is announcing a lecture for Thursday evening of next week, presenting H. A. Snow, African explorer and hunter. Snow, whose experiences in the jungles were thrilling, will relate the story of his travels, using the stereoscopic illustrations to illustrate the story through which he passed with his caravan. Merlyn Morse will render the musical program.

Mrs. and Mrs. W. O. Morgan will preside as host and hostess.

The miniature oak tree, which has been raised from an acorn under the care of an early resident of this city, has put forth a new shoot, according to reports which come from the Pioneer Women of Oakland. The oak, which is its symbol, has been presented to the organization of those who have made their home in the city prior to 1876. Report on the small tree's growth has been placed on file in the secretary's minutes.

Pioneer Women are announcing a card party for the third Friday in October in Wigwam hall, Pacific building. The profits will assist in carrying forward some of the important projects of the club.

SALEM, Or., Sept. 29.—The State Federation of Labor adjourned its convention here last night after selecting Astoria as the meeting place of the convention next year and nominating officers. The officers are to be elected at a referendum vote by the locals of the state.

## Oregon Federation of Labor Adjourns

SALEM, Or., Sept. 29.—The State Federation of Labor adjourned its convention here last night after selecting Astoria as the meeting place of the convention next year and nominating officers. The officers are to be elected at a referendum vote by the locals of the state.

## Women Men Admire

Men admire a pretty face, a good figure, but more than all a buoyant disposition and the charm of happy content. There is no question but what a light-hearted woman is the joy of a man's life, but no woman can be happy and joyful when dragged down by the ailments that so often develop headaches, backache, nervousness and "the blues." We are continually publishing in women's papers letters from women who have been restored to health by Lydia E. Pinkham's Vegetable Compound after doctors and other medicines have failed to help them. If you are ill why not give it a trial?—Advertisement.

## Confessed Slayer Claims Accident

NEW YORK, Sept. 29.—Edward Hodnett yesterday walked into police headquarters and announced himself as the person who Wednesday night shot and killed Mrs. Lillian Schmidt and Bernard Rosner, in a furnished room on the eastside. Hodnett, who is 22 years old, claimed the shooting was accidental.

Mrs. Schmidt was shot once through the head and through both wrists. A bullet had pierced Rosner's abdomen.

Hodnett said that he had occupied the room in which the shooting occurred for five months and that he and Rosner were the best of friends.

Endorsement of the League of Nations was given today by the twenty-ninth biennial convention of the International Printing Pressmen and Assistants' Union of North America by the adoption of a committee report.

Underwear for Women

shows these Eight Points of Excellence which mark the difference between R. A. Underwear and just "Underwear."

1. Long, wide, curved gusset giving room where room is needed.
2. Seat remains closed and garment will not creep up.
3. Full front, giving ample room over bust and abdomen.
4. Sloped sleeves with tailored armholes that do not bind.
5. "Fashioned to fit"—to insure comfort and long wear.
6. "Flatlock" seams which last as long as the fabric.
7. Finest, whitest cotton—"Purity" bleach.
8. Correct in size and every detail.

R. A. Children's Underwear is warm, durable and comfortable. Seat is full, has special button holes that stay buttoned. Buy of your dealer. Ask the clerk to show you the Points of Excellence.

## TEA PARTY 2000 FEET IN AIR IS LATEST STUNT

CLEVELAND, O., Sept. 29.—A tea party 2000 feet in the air was held here late yesterday when ten guests aboard the flying boat "Nina" tendered a farewell party to Captain H. A. Bruno, who has been in charge of the Cleveland terminal of a flying boat line between this city and Detroit. Captain Bruno is returning to New York City.

## Veteran Seeks Kin Gone For 15 Years

Linton Stephens of the War Veterans' hospital at Otten, North Carolina, has written Mayor Davis for possible news of two nieces, Thelma and Mary Slater, last heard from in the west about 15 years ago.

The war veteran, disabled, says that in 1915 he heard that their father was taken off a train "out west," desperately ill; but that is the last he ever heard of the family. His sister and himself are the only relatives the girls have.

The veteran has sent similar letters to the mayors of all the big western cities.

## Million Offer To Film Passion Play Is Refused

OBERRAMMERGAU, Sept. 29.—(By the Associated Press).—Her Passion Play over, her crowds of tourists gone and her shops sold bare of souvenirs, Oberammergau has slipped back into another decade of peace and quiet. Some 315,000 visitors came to see the passion play this season and left millions of marks which the village can devote to improvement purposes.

The gross receipts of the play itself were some 20,000,000 marks, the sale of books and photographs netting a further 4,000,000. In addition other millions were spent in the village shops and restaurants.

Up to the end of August 18,000 Americans had visited the play. Now that the approximately 500 performers are allowed to settle back and rest after their arduous labors of the last five months the news that \$1,000,000 has been offered for the privilege of filming the play meets with a rather cool reception among the rank and file of the villagers.

The elders, especially, express resentment at the "profanation" they feel would be committed were the deal to be completed.

There are over one thousand species of lizards.

## PARK SHOE CO.

# They Are Here!

## Men's Shoes at

# \$6.00

Not since 1914 have we been able to offer such value as we now offer at \$6.00—Of course we have less expensive shoes for those who will have them, and the higher quality shoes for those who can afford them, but our \$6.00 shoes have perfect style, good wearing quality and they feel right on the foot. What more can anybody ask?

# Satin Pumps

# at \$6.00

Fine Black Satin pumps with one instep strap and French heels or Cuban heels. Search the country over and there is no better real \$6.00 Satin Shoe Value for...

# New Brown Satin

Pumps with brocaded satin quarters—French heels and two straps over instep. A stunning style—a splendid fitter and we have \$7.50 priced it exceptionally low at, per pair.

## CHICAGO BOARD OF TRADE WILL PUSH WATERWAY

St. Lawrence Deep Seaway  
Project Seen as Boost  
for City.

CHICAGO, Sept. 29.—A committee to represent the grain trade in the St. Lawrence deep seaway project has been appointed by Robert McDougall, president of the Chicago Board of Trade.

"Full development of the inland seaway," said Chairman George S. Bridge, in announcing the committee's plans today, "would add from five to ten cents a bushel to all grain grown in the great productive area. This is based on surveys by transportation experts.

"It is estimated that a five cent a bushel saving on transportation cost to European countries would add \$182,000,000 to the agricultural income of the Central West. This benefit to the farmer as well as to the public generally readily can be seen. Transportation has long been a prime factor in distribution costs. A deep seaway would be a logical solution. The Chicago Board of Trade will work for the consummation of the waterway the same as it has supported all other sound movements in behalf of greater returns to the farmer.

In the district that would benefit directly by the deep seaway are sixteen states that pour part of

their agricultural products into Chicago. These states produce three-fourths of the wheat of the country, and more than 400,000,000 bushels of wheat is handled every year by the Chicago Board of Trade.

"These same states also produce 70 per cent of the corn, and half of the cattle, hogs, horses, butter, eggs, cheese and wool. They mine 85 per cent of the iron ore, 40 per cent of the copper and coal, 75 per cent of the zinc and 45 per cent of the lead.

"Chicago is the focal point of the great production area, a world rail

### Anzac War Deaths

77.3 in Thousand

SYDNEY, N. S. W., Aug. 31.—(Associated Press, by Mail).—The rate of mortality among soldiers absent from Australia during the world war was approximately seven and three-quarters per cent per annum, as compared with approxi-

mately one-half per cent per annum for a body of men of similar age under normal Australian conditions, according to the report just issued by the commonwealth statistician.

In the calculation, all deaths abroad were taken into consideration except those after discharge from the service. The total deaths abroad were 55,850 and the number of years of exposure to risk of death abroad was computed at 761,000, with a mortality rate of 77.3 per thousand per annum.

In the South African campaign, 1893-1902, the mortality rate for

British troops was 38.7 a thousand a year, or less than four per cent a year, while in the Crimean war of 1854-55, the mortality among British forces was 15 per cent per annum, the statistician's report said.

### Confiscated Arms Cost 300,000,000 Yen

TOKYO, Sept. 29.—The arms and ammunition confiscated by the Japanese troops in Vladivostok are worth 300,000,000 yen, says Lieutenant-General Kikuchi, vice-

chief of the general staff, just back from his tour of inspection through Siberia. "It will take nearly half a year if conveyed to the Vladivostok government," he said. "It becomes an imperative necessity, therefore, to dispose of them prior to military evacuation. Under existing conditions whether these arms and ammunition fall into the hands of the Red or White Guards is a question serious enough to turn the tables in Siberia. The imperial government will of course hand them over to the China ad-

ministration if an agreement be reached with it prior to the evacuation, but otherwise the only alternative will be to transfer them to the Vladivostok government."

### Americans Study Swedish Schools

STOCKHOLM, Sept. 29.—A number of American educators have come to Stockholm this summer to study the public school system of

Sweden, and at least ten Swedish school teachers have been sent to the United States for special investigation, according to the report of Dr. Karl Nordlund, chief inspector of public schools in Stockholm. A further illustration of the increasing international exchange of cultural ideals is the fact that the investigators this year include Chileans, Greeks, Japanese and Chinese.

The United States produces from two to three billion bushels of corn annually.

## SOVIET CHIEFS SET 1925 AS NORMALCY YEAR

Three Years More Required  
to Get Industrial Field  
on Level Status.

MOSCOW, Sept. 29.—The Soviet government has set 1925 as the year when the production of Russian industries should be brought up to an output approaching the pre-war normal.

Transport and agriculture and all auxiliary industries connected with them are to be reestablished first. Special attention and liberal expenditures are recommended for oil and coal production.

Oil, which in 1922 yielded quite 600,000 pods (a pod is 35 pounds), is expected to yield 477,000,000 pods in 1925 and coal, which in 1922 yielded 670,000,000 pods is expected to give 1,670,000,000 pods in 1925, as against 570,000,000 pods of oil in pre-war times and 2,037,000,000 pods of coal in 1916, the year of maximum production.

The coal fields which in 1922 yielded 70,000,000 pods is expected to yield 120,000,000 pods in 1925, as against 257,400,000 pods in 1913. In the textile indus-

where 1,368,500 spindles and 36,000 looms are working in 1922, producing 500,000,000 yards of cloth, 3,000,000 spindles and 80,000 looms are expected to yield 1,400,000,000 yards of cloth in 1925.

This plan, however, can not be accomplished without money, says a report to the recent Communist party conference. Money is needed from the start, both as fundame-

tal and working capital. And it is sum to bring the various industries through till 1926 is fixed at 3,500,000,000 gold rubles.

As no such money can be found in the country, the report urges the necessity of attracting money from abroad, as otherwise the existence of the most important industries—metal, machine and mining—are greatly threatened.

## Six Texas Candidates On Wet Platform

DALLAS, Texas, Sept. 29.—Six of the thirty-six candidates for congress in the eighteen districts of Texas are avowedly wet, according to officials of the Texas Anti-Saloon League.

Harry Herzberg, Fourteenth district, is the only Democratic candidate definitely taking a wet stand according to league reports. The Republican candidates opposing prohibition are W. W. Wilson, Ninth district; W. J. Keon, Tenth district; R. A. Hendrick, Eleventh district; Joseph Kingsbury, Twelfth district; and Harry Wurzbach, Fourteenth.

Of the remaining Democratic candidates, all have taken definite dry positions, with the exception of J. W. Buchanan, Tenth district, and John H. Garner, Fifteenth.

Cigarette smoking causes women to have heightened blood pressure. Cigarette smoking causes women to have heightened blood pressure.

## High Prices Cause German Hospitals To Close Doors

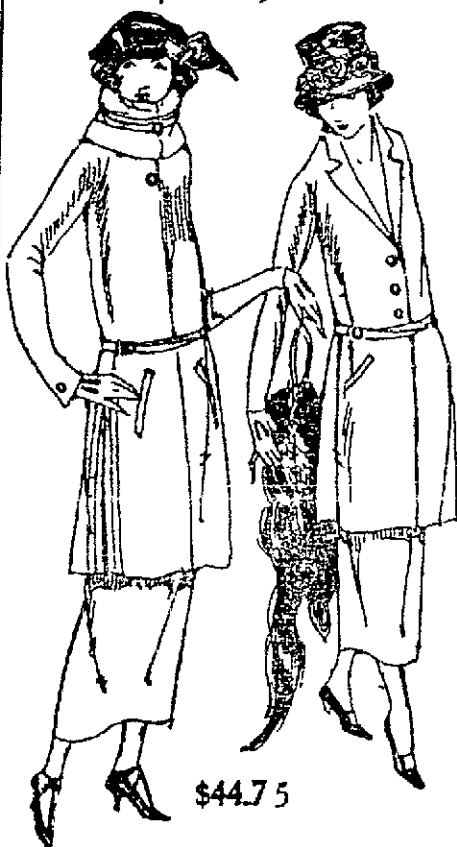

HAMBURG, Sept. 29.—Many German hospitals have been forced to close their doors because of the high prices and the scarcity of necessary supplies, declared a resolution adopted by the hospital doctors of Germany at a conference here. The Congress has appealed to the medical men of the world for international cooperation looking to an improvement in the situation through universal reconciliation and rehabilitation.

Adoption of this resolution followed an address in which Doctor Karl Loening, university professor of Halle, warned of the dangers threatening Germany's invalids. He traced the disastrous effects which high costs, lack of medicine and food shortages of housing etcetera have produced in increased illness throughout the country, and said that similar conditions were developing in countries bordering Germany. Doctor Loening expressed the hope that the many friends of German medicine on both sides of the Atlantic, who availed themselves of Germany's opportunities for professional instruction in times of prosperity, would now come forward to provide the necessities for meeting the situation.

The conference was held in connection with Hamburg's Overseas Week.

## WATER SUPPLY ISSUE DEBATED BY BUSINESS MEN

Question Comes Up At Welcome Smoker in Honor of Roscoe D. Wyatt.

The importance of a plentiful and uninterrupted water supply for the cities of the Eastbay was outlined yesterday before a gathering of Oakland business men at the Hotel Oakland by Edwin O. Edgerton, president of the East Bay Water Company.

Edgerton was the principal speaker at the affair, which was in the nature of a smoker reception in honor of Roscoe D. Wyatt, managing director of the Oakland Chamber of Commerce.

Edgerton said in part: "Officials of East Bay Water Company have repeatedly, over a period of years, informed the public that the present supply of water, available to East Bay Water Company, will not be sufficient, considering a reasonable growth in population, for a period in excess of ten years and that at the end of this ten years there must be available a large additional supply."

"The East Bay Water Company is competent and able to bring in an additional water supply, provided it be determined that the public does not propose to go into this business. In other words, the responsibility for a future water supply must rest either upon this company or upon the public."

Joseph H. King, president of the Oakland Chamber of Commerce, appealed to the manufacturers to unite that they may have sufficient strength to handle the major problems of city building.

"In the next few years," said King, "it will be determined where the New York of the west is to be located. We on the eastern side of San Francisco bay have the making of one of the most magnificent industrial cities in the world. Already we are becoming a great industrial city, but there are problems which will have to be solved if we are to take the leadership."

## Lions Club Forms San Rafael Unit

RICHMOND, Sept. 29.—The Richmond Lions club visited San Rafael today where they attended the organization of a Lions club. Those who made the trip include C. E. Clark, J. P. Strom, C. F. Donnelly, Dr. L. St. John Hely, J. C. Ford, John I. Collins, Ward McCracken, Carl Richard, D. J. Shaw, A. C. Faris, Zeh Knopf, Hugh Selby and E. V. Garrard. Music for the occasion was provided by the Richmond Lions orchestra.

**MOTHERS CLUB GIVES WHIST.**  
SAN LEANDRO, Sept. 29.—Success attended the initial whist party of the season held by the Broadmoor Mothers' Club of the Washington school yesterday afternoon. The affair took place in the school auditorium. The attendance proved up to expectations. Mrs. D. Well was chairman.

## Prepare to Wield Wicked Camera, Contestants Told

Next to Interesting Subject Ability to "Shoot" Is Chief Essential.

Do you know how to get the most out of your camera? Your ability in this respect will have a lot to do with your chances of winning one of the valuable prizes, listed in the adjoining column, and offered in the TRIBUNE'S big Eastbay news photo contest.

Next to the choice of an interesting subject to "shoot," the success of your news photo will depend upon the clarity or sharpness of the picture. In order to help you achieve this quality in your pictures to the greatest possible degree, the photograph department of the Bowman Drug company has submitted a number of valuable suggestions which, beginning today, will be published in these columns.

Here they are:

There are three main factors which enter into the taking of a good picture, whether it is a gallery photograph or a kodak picture:

1. Strength and direction of the source of light.
2. Speed of the photographic plate or film.
3. Exposure.

### STRENGTH OF LIGHT.

As to the first, namely, strength and direction of the source of light: The strength or active power of the light varies with the month of the year, the time of day, the kind of weather, the latitude of the place, the color of the object, and the nature of the surroundings.

Roughly, the active power of the light is twice as strong in summer as in winter. The beginner should avoid trying to take pictures early or late in the day, as the light at such time is very variable, and even the experienced photographer will be liable to fail.

Confine your attempts to between two hours after sunrise and two hours before sunset. The light value is fairly equal between these hours.

### WEATHER CONDITIONS.

Weather conditions may be classified as brilliant, clear, hazy and dull. As these terms are relative, the approximate exposure will vary, but close enough for practical purposes, as 1-2-4-8. That is, if 1 second was necessary with some given stop in brilliant light, 2 seconds would be required with clear light, 4 seconds in hazy, and 8 seconds in dull.

The differences in latitude in the Eastbay district are not sufficient to require a correction for different locations.

Dark colored objects will require practically twice the exposure of light objects, and dark surroundings will affect the exposure in about the same degree.

### STARTLING EFFECTS.

Some startling effects are sometimes secured by taking against a light background. Such pictures are not to be attempted by the inexperienced. Have the source of light behind you when you take the picture, and have the light shine on your object at a 45-degree angle from both vertical and horizontal.

### The Prizes

FIRST PRIZE—\$50 cash given by Oakland Tribune.

SECOND PRIZE—One No. 3A Folding Autographic Kodak (size 3 1/4 x 5 1/2), fitted with a kodak anastigmat lens, speed F 7.7 and kodak ball-bearing shutter and black leather carrying case. Retail price \$32.00. From Bowman Drug Co.

THIRD PRIZE—One No. 3C Autographic Junior Kodak (size 2 1/4 x 3 1/4), fitted with kodak anastigmat lens, speed F 7.7 and kodak ball-bearing shutter. Retail price \$23.00. From Bowman Drug Co.

FOURTH PRIZE—One Vest Pocket Autographic Kodak Special (size 1 1/4 x 2 1/4), focusing model, fitted with F 6.9 lens and kodak ball-bearing shutter. Retail price \$18.00. From Bowman Drug Co.

that is, in the direction of the diagonal of a cube.

The light in the middle of the morning or the middle of the afternoon will best give you this. Pictures at noon give vertical shadows, and very late and very early in the day the shadows are long and exaggerated.

The two other headings—Speed of the Photographic Plate or Film, and Exposure—will be discussed in later issues.

### SHORT TIME LEFT.

Remember, there are only 28 days left—until October 27—to get your entry—or entries—into THE TRIBUNE office. The conditions of the contest are:

Photographs submitted must be "news photos" of striking scenes, incidents, or personal touches in the Eastbay district. Contestants, in order to be eligible, must live in the Eastbay.

Contestants will send one contact print and THE NEGATIVE. The latter is necessary that we may make our own newspaper enlargement. Negatives will be returned if stamped, self-addressed envelope is sent.

Address all entries to Photo Editor, OAKLAND TRIBUNE.

Description of photo must accompany entries. If a portrait, the name of the subject must be given, with address. If a scenic, location must be stated. If a novelty, description and location must be given.

All pictures found acceptable will be published in the daily magazine section of THE TRIBUNE.

The judges who will select the winning entries are: H. S. Culver, chairman, photograph section, Oakland Art Association; J. W. Garthwaite, expert amateur photographer; C. M. Harris of Alameda, member photographic section, Oakland Art Association; Sidney V. Webb, Oakland and Berkeley, professional photographer; Photo Editor, OAKLAND TRIBUNE.

## Chile Will Form Theme of Lecture

At next Wednesday's luncheon of the Loyal Knights of the Round Table at Hotel Oakland, Marcus Huidobro, consul general of Chile, will address Oakland Round Table upon the subject, "Economic, Educational and Political Conditions in Chile."

## Freighter Floated From Manila Bar

SAN FRANCISCO, Sept. 29.—Advices to the marine department of the Chamber of Commerce today stated that the Norwegian ship Rutherford, reported aground off Manila had floated, and arrived safely at Manila after a portion of her cargo had been removed.

## FORESTERS TO HONOR CHIEF

SAN LEANDRO, Sept. 29.—Fifty members of the Foresters of this city will visit the Livermore organization Saturday night to pay fraternal respects to the supreme chief ranger, G. Sullivan, who will arrive from New York. An elaborate reception is being planned by the Livermore unit. It was previously intended to invite the visiting dignitary to this city as a guest of the local Foresters.

## Crowd Expected at Vaudeville Show

RICHMOND, Sept. 29.—The vaudeville show to be put on by the Richmond Community Dramatic club tonight at Lincoln auditorium promises to be well attended. Seven vaudeville numbers featuring local talent will be provided, the management stating that the curtain will rise at 8:15.

## Gerald Beaumont's Great Baseball Story

## "The Bull Baiters"

complete this Sunday in the

TRIBUNE

## S. J. POLICE RAID GAMBLING HOUSE

SAN JOSE, Sept. 29.—The old familiar cry of "roll them bones" will not be heard along Rue de North Market street tonight, according to Chief of Police J. N. Black.

Acting upon information to the effect that percentage dice games were being operated at a place in 25 North Market street, Black and officers of the local police department last night entered the place, seized the equipment, consisting of one dice box and ten dice, and took into custody Louis Esola and Joseph Carrera, the former charged with operating the game and the latter as being a visitor in a gambling house.

Esola came before Police Judge Thomas R. Dougherty, who imposed a fine of \$100, while Carrera was assessed \$50 for his visitation to the place. Both of the men pleaded guilty.

## City Attorney Resigns to Manage Orchard

OAKDALE, Sept. 29.—City Attorney R. M. Reid has resigned and leaves the first of October for Arroyo, near Watsonville, where he will join his brother in operating an orchard they have purchased. He states he intends to retire altogether from legal work. The Reid's have 120 acres of bearing orchard.

## Autoists Lose Driving Licenses

V. Hopp, an automobile salesman, and H. D. Newfield of Fresno, a University student, when they appeared before Judge Harry Pulcifer in the justice court on the charge of speeding on the University campus had their driver's licenses taken away until December 1.

Hopp declared he was demonstrating the speed of a machine to a customer and admitted he was going about 35 miles an hour when arrested by the special state officer on the campus. Newfield said he was late for his classes and speeded up to get there as soon as possible.

California's motor registration figures show a machine for every four and a half persons.

## Bride Honored By Store Employees

RICHMOND, Sept. 29.—Employees of a local store gave a surprise party Wednesday night to Mrs. Dayna Cox, a recent bride. Whist and music occupied the evening with lunch served at the close.

Those attending the party included: Mesdames Rose Havelly, Marg. Usher, Margaret Leeds, Eucella Lane and Carner Johnson; Misses Hazel Havelly, Alice Johnson, Margery McCulloch, Margaret Camello, Esther Johnson, Margaret Berge and Vera Powers; and Messrs. John O'Brien, Charles Marcus, Harry Albert, Harold Woods, Ray Salcedo and Mr. and Mrs. Dayna Cox.

## WRIGHT ACT ENDORSED.

RICHMOND, Sept. 29.—Members of the South Richmond Improvement club endorsed the Wright enforcement act after a discussion of the act Wednesday afternoon at the club house.

France is losing population at the rate of 200,000 a year.

Becoming little tams of felt, velvet or angora. The colors are rose, copen, white, red, navy and black. Some have tassels—others ribbon streamers.

## Plaited Skirts, \$8.75

Made of the best quality of serge, box-plaited. Sizes 6 to 16.

### St. George Lodges Plan Entertainment

Albion and Derby Lodges of the Sons of St. George will entertain the Grand Lodge of the order in Oakland next August, and the Grand Lodge convention committee has arranged a series of "get togethers" meeting for every month until that time. Whist, theater parties, dances and entertainments will be held at the rate of one a month.

The first is to be held on October 11 at St. George's hall, Twenty-fifth and Grove streets, Oakland, and is to be what the committee call a "Whist and—". The committee consists of E. T. Joste, Arthur Evans, William Priek, A. G. Leech, R. H. Grey, Wm. Wheeler, E. V. Ripley, A. C. Devlin, W. Livingston, A. J. Wilson, W. Ivey and G. H. Frotheroe.

### Pennies Will Grow to Dollars Fast at

SCHENCKLADY PARK lot sale Saturday-Sunday. Seminary avenue at 15th street—Advertisement

### Labor Board Hears Plea For Vacations

CHICAGO, Sept. 29.—Completing his argument before the United States railroad labor board for two weeks' vacation yearly and inclusion of chief dispatchers in the scope of the rules applicable to other members of the American Train Dispatchers' Association, J. G. Luhrs, president, today will cross-examine a number of witnesses to prove his contention as to the status of chief dispatchers. About 49 roads and subsidiaries are involved in the dispute.

NEW YORK, Sept. 29.—Joint action by the striking railroad shopmen and the anthracite miners in Pennsylvania against the coal-carrying railroads, will be considered at a conference in Scranton next Saturday afternoon, the central strike committee announced last night.

The conference is "to take action in regard to the inability of the anthracite carrying railroads to move coal."

Had man the relative power of a flea in his legs he could jump 300 feet high.

## Lloyd George to Give Memoir Fund to Charity

By DAVID M. CHURCH, International News Service Staff Correspondent.

LONDON, Sept. 29.—Lloyd George has done the unusual again and caused consternation to his opponents.

This time the Prime Minister has upset the apple-cart by announcing that he will give the entire proceeds of his memoirs to a war charity.

The "P. M." has upset some very neatly laid plans by his movement for his enemies were beginning to maneuver preparatory to an offensive based on charges that the Premier was about to amass a fortune out of information gained while holding public office.

Not only has Lloyd George defeated a political maneuver, but he has given contemporary political writers something to think about. Herbert Asquith, leader of the opposition, is engaged in writing memoirs. Winston Churchill has taken

The English are getting worried about their sporting proclivities. Having basked for centuries in a sporting glamor, and having credited themselves with being the greatest sporting race in the world, they are now troubled by constant defeats in the sporting world. American triumphs in golf have caused the English newspapers to print long columns concerning the decline of English sport supremacy. No one seems to know just what's wrong. There has been one serious protest made however, which may hold the secret. Football fans are up in arms because football players are showing signs of alleged femininity. It is becoming customary for fellow players to hug and kiss the successful players who score a brilliant goal. This practice may go on the continent, but English sport lovers are opposed to it, and they are venting their

wrath by writing strong letters of protest to the newspapers.

A crime wave, at least a crime wave for London, is in full progress. Within recent weeks there have been a series of sizeable jewel robberies and London is aroused. Unusually as it is to robberies and thefts, there are demands on all sides for increased police protection. If any American city were as well policed as London there would probably be a howl for greater liberty. The English "bobby" is everywhere, and what's more, he knows what is going on everywhere. Crime is negligible in London and in England and it is largely due to the energy of the "bobby." These officers unarmed, are fearless and efficient in their duty.

There is a decidedly American flavor to the early Fall theatrical offerings in London. An all-American cast has been brought over to present "Lawful Larceny," and despite the bitter comment of the critics this play seems bound to be a box-office success at least. "The English Wife," a Franco-American success, done by an English cast, wins greater favor with the critics. "The Broken Wing," probably because of its American origin, also came in for a few daring shafts of sarcasm from the gentlemen with the notebooks, but it continues to fill the house.

English dramatic critics can't see anything good in anything American, but it is interesting to note that some three hundred nights ago they agreed that "The Bat" was a dramatic atrocity and predicted its early closing. That was three hundred nights ago and "The Bat" still continues to be a popular favorite.

Admiral word of warning. American newspaper and American writers have recently taken to referring to citizens of the British Empire as "Britches." Don't do it! The British press is up in arms. They feel that the term "Britches" is one of approbrium and they won't stand for it from the "Yanks." Call them Britons, please!

An adult skeleton contains nearly four pounds of calcium, mostly phosphate of lime.

### OFFICERS CHOSEN.

WINTON, Sept. 29.—At the last meeting of the chamber of commerce the following officers were elected for the ensuing year: H. K. Bradley, president; K. Mangold, vice-president; A. E. Smith, secretary-treasurer; J. S. Roberts, G. H. Blackman, J. C. Curtis and W. C. Abbott, executive committee.

# Now \$495

Nationally priced—delivered to your home

Tremendous manufacturing facilities and enormous production enable us to offer the supreme Virtuoso Player Piano for \$495. And at almost any terms you care to make. Get the facts now. Mail coupon.

## Are social gatherings in your home a success?

They can be if you supply music

to entertain your guests

ENTERTAINING is an unexpectedly complicated problem for young married folk. The difficulties of making "her" friends and "his" friends into "their" friends are great. A common interest is the only solution.

Guests who are strangers to each other often sit, stiff and ill at ease. The atmosphere is frigid with bored silences. It seems impossible to break the ice.

There is one solution, the art that has a universal appeal, music. Breaking down artificial social barriers, it makes all spirits akin. Warm acquaintance into happy intimacy.

Sing, play or dance with the Virtuoso

As the Virtuoso plays all types of songs it has a transposing device. This changes

the key of any song to fit your own voice. The crowd around the piano doesn't have to strain its vocal chords now. Take up the rugs and dance to an Irving Berlin syncopation or play a Paderewski minuet!

### Finest player action

The Virtuoso Player Piano is equipped with the most remarkable of all player actions. All the cumbersome and unnecessary parts of the old players have been eliminated. Throughout its construction is made simple, free from mechanical trouble. Valves that had formerly 19 parts have been simplified so that now they have only 4.

The Virtuoso has the latest improved scale and action, an automatic tracker bar to keep the rolls straight—every

improvement that has been made for player pianos, plus great simplification of parts and the removal of trouble-making difficulties.

### Get details of the new plan

You can have a Virtuoso today, a piano rich in tone and so artistic in finish that it lends a new charm to your home. It gives you the inspiring genius of the great composers and the latest Broadway successes.

Information telling how you may own this piano will be sent to you on request. Simply clip and send the coupon, or call at our store today.

Neither the coupon nor a visit will obligate you in any way.

# The LAST of the LAKE DISTRICT

*Two marvelously beautiful sections of Lakeshore Highlands  
hitherto reserved—Hillcroft Circle & Lakeshore Manor*

Citizens of the Bay Region!—Here is a Bugle Call!

A summons to action!

The most important real estate announcement ever made in the Bay Region!

The LAST—ABSOLUTELY THE LAST—of the incomparable and superbly beautiful Lake District of Oakland is placed on sale today.

There are only a few lots!

When they are gone, no new tracts ever will or ever can be placed on sale!

Hillcroft Circle and Lakeshore Manor are the last of the Lake District!

You know the Lake District and Piedmont—a two-mile-square wonderland of lake, parks, curving boulevards, beautiful homes set in flowering gardens, magnificent wide sweeping views as the hills rise terrace upon terrace—schools and playgrounds, a paradise for children!

20,000 people live in the Lake District and Piedmont!

\$24,000,000 worth of homes!

And year by year, right in the section shown in the map on this page, are built more than 9 out of 10 of all the better class (two story) homes erected in Oakland!

You and thousands of others have expected to live in the Lake District—eventually!

You haven't realized that the Lake District is almost sold out! But that time has come. The last of the Lake District—the very cream of the property—is placed on sale TODAY and will soon be GONE.

## BIG PROFITS

And mark this—The fact that no more subdivisions ever can or ever will be put on the market in the Lake District will unquestionably make values JUMP.

Big profits are already being made in Lake District lots.

The whole frontage of Grand Avenue opposite Lakeside Park has sprung up from \$90 and \$100 a foot to \$200 and \$250.

Lots that we ourselves sold in Piedmont-by the Lake for \$30 a foot are now selling for \$125 a foot.

Lots on Lakeshore that in 1918 were sold for \$1600 are now worth \$5,000. Three lots on Grand Avenue that we sold originally for \$6,000 were afterwards sold for \$11,500, then for \$13,500, and owner has now refused \$20,000.

There are scores of such cases!

But advance in value in the Lake District will only REALLY begin now that the LAST of the Lake District is marketed.

The demand for Lake District homesites will continue—getting BROADER and GREATER and STRONGER all the time.

The SUPPLY is EXHAUSTED!

Therefore, prices will go up and Up and UP.

## BORROW THE MONEY

This is an emergency. It is our serious and sincere advice to every man who is thinking of a home in the Lake District EVENTUALLY—if you haven't the cash in hand to make the first payment, go and BORROW the money.

Get it from a friend, a relative, your banker—but get it!

You will always regret it if you don't grasp this opportunity NOW, for delay will inevitably mean bitter disappointment.

Hillcroft Circle and Lakeshore Manor are the LAST of the Lake District!

## Lakeshore Manor

Lakeshore Manor is a brand-new addition to Lakeshore Highlands—the very last!

It comprises some of the most scenic and picturesque property on famous Lakeshore Glen.

Lakeshore Key Route runs right into the property.

This beautiful home park has been laid out and planned to give a beautiful setting to small, attractively designed homes.

In order that nobody who wants a Lake District homesite need be disappointed, we have slashed the first payment for THIS SALE ONLY.

Never again after this sale will it be possible to buy lots in the Lake District at any such prices or terms.

ALL IMPROVEMENTS FREE—street work now being done.

## Hillcroft Circle

A wonderfully beautiful selection of Lakeshore Highlands—hitherto reserved.

It contains a VERY LIMITED number of lots, situated on a mound-like elevation, sloping gently in every direction.

Magnificent vistas over trees and hills with glimpses of the blue bay beyond.

Lakeshore Key Route only one and two blocks distant from this property. Get off the train, and you're home.

Special low prices for this sale.

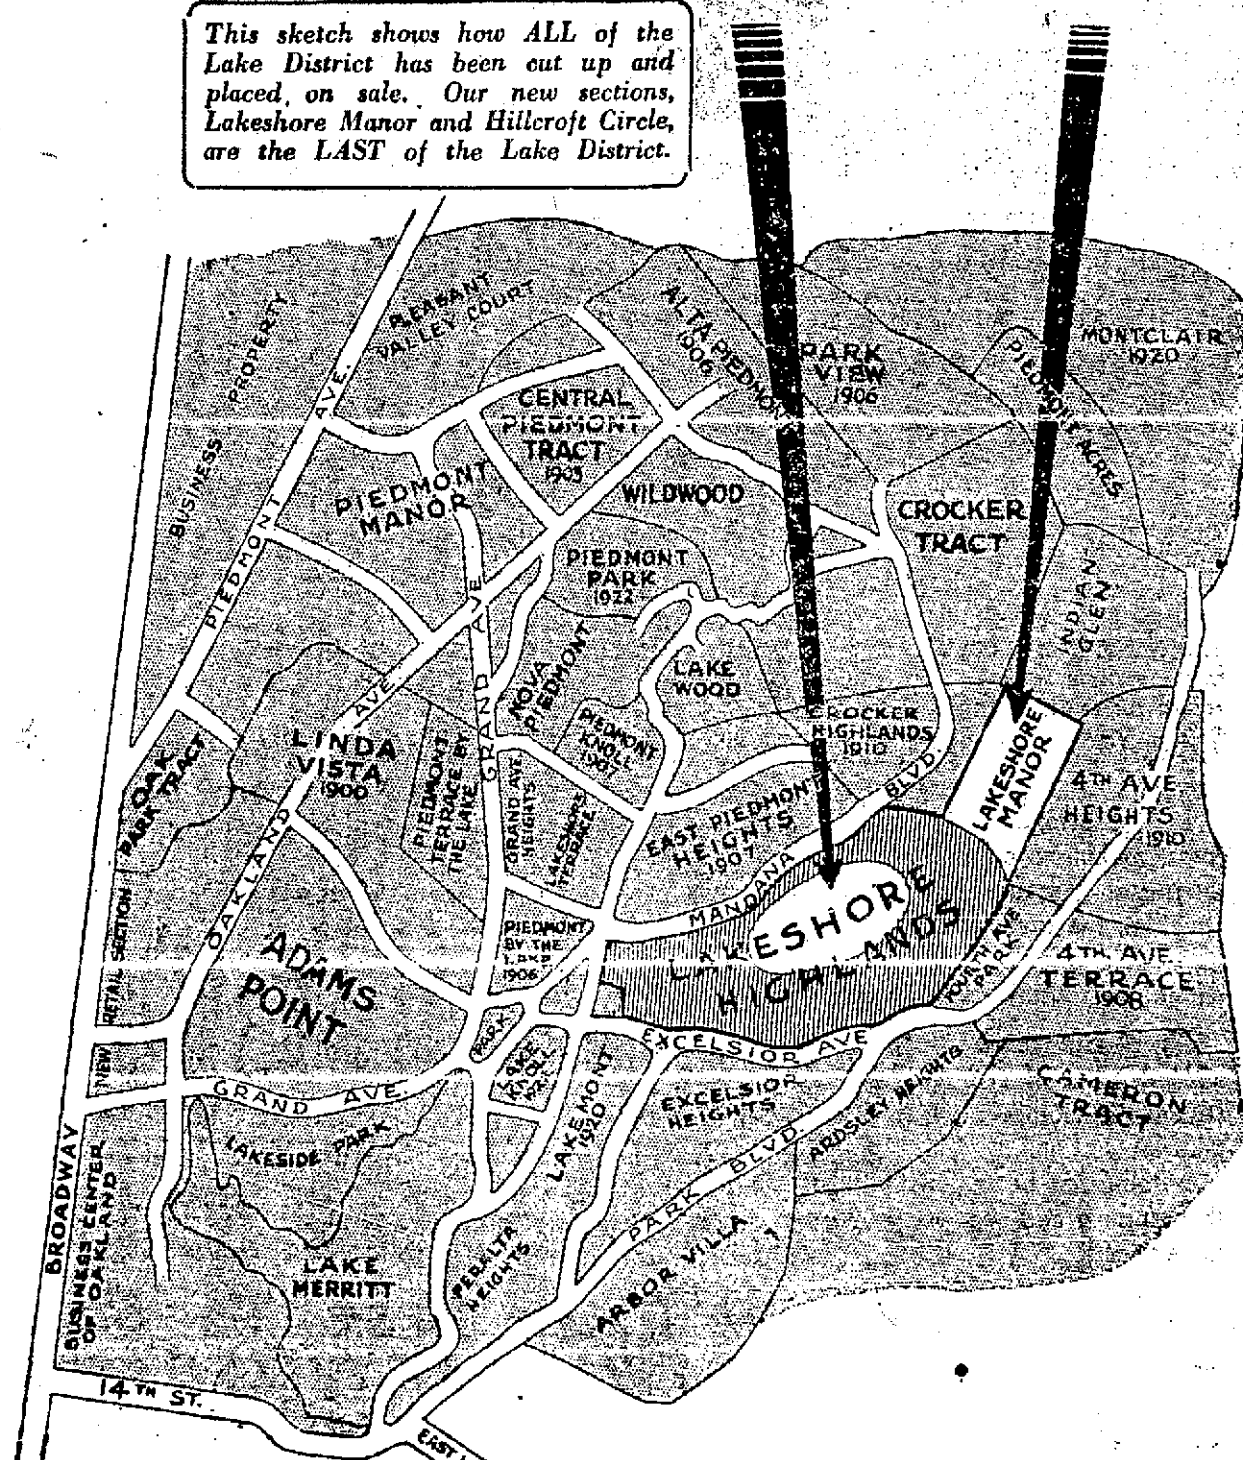

Reduced cash payments.

During this sale—no interest or taxes till March, 1923.

ALL IMPROVEMENTS FREE—macadamized streets; concrete sewers; concrete curbs and gutters; water; gas; electric light; and telephone service.

Remember!—Hillcroft Circle is a PART of Lakeshore Highlands, the only permanently restricted residence park in the East Bay Region.

This sketch shows how ALL of the Lake District has been cut up and placed, on sale. Our new sections, Lakeshore Manor and Hillcroft Circle, are the LAST of the Lake District.

## HOW TO GET THERE

From San Francisco, take the 22d Street Key Route direct to the property.  
From Oakland, take the Lakeshore or Park Boulevard cars.  
By motor, Lakeshore Ave. and Longridge Road.

### Prosecutor Made Defense Witness

Although prosecuting Frank Tilton on a felony charge, Frank Mitenell, deputy district attorney, late yesterday was compelled by the court to testify as to the defendant's good character. This is the first time on local record that a prosecuting attorney had to appear both as a prosecutor and as a favorable witness for the defense. Mitchell testified that he was a fellow lodge member of the defendant and had helped to initiate him in that lodge and that his general reputation was good.

Tilton is charged with failing to render aid to C. M. Walsh, whom he struck with his automobile near Hayward on July 2.

### Sea-to-Sea Non-Stop Flight Is Arranged

SAN DIEGO, Sept. 29.—Preparations are being made at Rockwell Field today for the non-stop flight between San Diego and New York to be attempted by Lieutenants John MacKeady and Oakley Kelly. The giant Fokker monoplane, in which the flight will be attempted, was recently turned over to a special squad of mechanics for a complete overhauling. With the installation of a new 400-H.P. motor this work is now complete. Test flights will be made today. The flight is expected to take place sometime next week.

The present-day airplane can carry about ten pounds of weight to every square foot of wing area.

### PLOT TO FORM SIBERIA BUFFER STATE CHARGED

Japanese Militarists Accused of Intrigue and Furnishing Arms.

TOKYO, Sept. 29 (By the Associated Press).—Revelation of alleged intrigues involving the disposal of Japanese arms abandoned in the evacuation of Siberia are continued by the newspaper Kokumin Shimbun. It now charges that Japanese militarists have completed plans to establish a buffer state in conjunction with the purported anti-soviet liaison between General Dietrichs, the Vladivostok leader, and General Chang Tso-lin, the "uncrowned king" of Manchuria. Organization of a financial syndicate to assist both partners also is recited.

The Kokumin further accuses the Japanese general staff of having sent eight additional attaches, ostensibly to confer with the purporting anti-soviet liaison between General Dietrichs, the Vladivostok leader, and General Chang Tso-lin, the "uncrowned king" of Manchuria. A spokesman of Japan's war office is quoted by the paper as denying any plan to establish a buffer state, but admitting the disappearance of part of the Siberian arms and ammunition. The destination of these military stores is

### Tribune Will Publish Complete Beaumont Yarn

"THE Bull Baileys," a human interest story by Gerald Beaumont, will be published complete in the Sunday TRIBUNE Magazine. Beaumont, who was formerly sporting editor of the TRIBUNE, and who now lives in Alameda, is considered to be America's leading sport writer at the present time. "The Bull Baileys" possesses all the usual Beaumont charm of telling and has an unusual twist at the end. As in practically all of Beaumont's yarns, the sport atmosphere serves merely as a background for the more deeply significant human drama involved.

represented to be under investigation by the foreign office. These supposed military activities are contrary to Japan's policy toward China, and are calculated to cause a serious clash between the military and civilian elements of the Japanese government. Those well-informed believe it will settle once and for all the question of "dual diplomacy."

The Kokumin Shimbun a few days ago started the capital by asserting that General Dietrichs was contriving secretly to transfer relinquished Japanese arms to Chang Tso-lin, in furtherance of a part by which the two generals would join in opposing forces sympathetic to the Moscow soviet. The Tokyo daily blamed "a military clique" in Japan for this alleged scheme. The war office issued a statement denying the charges.

### VALENTINE WILL SUE VICTIM FOR CAUSING MISHAP

Youth in Jail Says Woman He Hit While Drunk Is Responsible.

Philip C. Valentine, wealthy Oakland youth who was sent to San Quentin last week for driving an automobile while intoxicated, announced today that he will sue the victim of the accident which resulted in Valentine's arrest and conviction, his attorney, Joseph Fainer, announced today.

"We intend to show that the auto accident, in which Valentine's car collided with that in which Miss Donald was riding was caused by the negligence of Miss Donald," Fainer said. "That as a result of the accident, Valentine suffered a mental and nervous breakdown which caused him to plead guilty to the felony charge of driving an automobile while intoxicated, which resulted in his being sent to San Quentin."

Valentine's mind has cleared since his incarceration in San Quentin, and he is now able to recall circumstances of the acci-

### THIRSTY JUROR PAYS \$5 FINE FOR 'LUNCHEON'

PITTSBURG, Sept. 29.—Just because a man is sitting on a jury he is not entitled—legally—to everything he may order for his lunch.

That's the law itself as handed down by a trial judge in the criminal court here yesterday. The decision carried with it a \$5 fine for one of the jurors in the trial of W. W. Wintermyer, charged with misappropriation of 107,000 of his employer's funds.

"Just a little with my lunch, your honor," was the reply of the juror when questioned by the judge.

"How much?" asked the judge. "Twice but a mere appetizer," assured the juror.

But it was all off when a doctor who was called entered the courtroom. The doctor decreed that the juror in question had imbibed too copiously.

Then came the \$5 levy and subsequently indefinite postponement of the trial.

### Yokohama Standard Oil Manager Dies

TOKYO, Sept. 29.—(By the Associated Press).—R. D. Cochran, Yokohama manager for the Standard Oil Company, died of heart failure today while swimming from Ouzhi island on the inland sea to Yokohama.

### ESCAPED PRISONER CAUGHT.

SAN RAFAEL, Sept. 29.—Word was received by Warden James Johnson today from the chief of police of New York that Richard A. Palmer, who escaped from San Quentin several months ago, has been recaptured. Palmer was serving an indeterminate sentence for a hotel robbery committed in San Francisco.

dent which he could not remember before.

Miss Donald has a suit for \$105,000 damages pending against Valentine in connection with the injuries she received in the collision. She says that as a result of the accident her left leg was amputated. The collision occurred in San Jose. Valentine was alleged to have been driving at a rate of 83 miles an hour.

Valentine will not contest the suit of his wife, Mrs. Jove Sherwood Valentine, for a \$15,000 property settlement. Fainer also announced today. Mrs. Valentine began divorce proceedings against her husband several months ago.

Valentine yesterday wrote to his wife from San Quentin. Fainer said, asking her to send him his saxophone, as he wished to play in the prison band.

# History Yields Fairest Pages to Baby Hospital Fete

Glimpses from "The Merry Whirl of 1922" last night at the Municipal Auditorium, which was attended by thousands in the cause of the Baby Hospital. Here are a few of the leading characters in their royal robes. Left to right above are MRS. WILLIAM THORNTON WHITE, the Queen of the Moulin Rouge, of Paris; MRS. JOSEPH F. CARLSTON as Queen Lucia of the Adriatic; MRS. WILLIAM CAVALLIER as the beautiful Princess Margaret of Lombardy; MRS. CHESTER JAMISON, as Minerva in the Grecian scene, and MRS. CARLO SUTRO MORBIO in the role of Princess Ena of Persia. All paid homage to Lorenzo the Magnificent (JOSEPH ROSBOROUGH), center photo. The insert of the dancers shows Piero, the fester (DR. JOHN GAYLORD MITCHELL) and Lucrezia Bute, Queen of the Fete (MRS. WALTER LEIMERT) in a novel pantomime. The lower left group includes PHYLLIS WHITNEY, LEONA SCHULTZ and MARIE HEAFEY. Lower right is one of the South Sea Moon dancers, WINIFRED DAVIS, in the finale of the pageant.

## CARNIVAL SPIRIT OF PARIS SHOWN IN BIG PAGEANT

Arena of Auditorium Houses  
Most Brilliant Spectacle;  
Like Fairyland.

Into a fountain-rimmed garden, edged with tall cypresses and dotted with urns and columns of artistic design, flashed a riot of color and a world of mirth last night, the opening night of the "Merry Whirl of 1922," the annual Baby Hospital pageant and fete in the Municipal Auditorium. For two more nights the merry line will continue.

For gorgeousness of costuming and richness of setting Oakland has witnessed nothing finer. And the realization that the proceeds from the night in fairyland are to be used in maintaining and extending the work of the Baby Hospital made every dollar expended and every ounce of energy devoted to the stupendous production seem many times more worth while.

### BEAUTIFUL COLORS SHOWN.

The arena of the auditorium housed the spectacle. Balcony walls covered with orange drapings touched here and there with black showed at frequent intervals the Baby Hospital seal, the blue Della Robbia plaque known to art lovers the world over. At the east entrance to the hall, the sole entrance for the spectators, one came at once upon an enticing fountain, splashing its vari-colored spray against a garden background, the green wall of the Florentine banquet hall. Standing sentinel like over its offering of beauty were the fluted columns which attracted such admiration from thousands during the Panama-Pacific Exposition in 1915 and the garden marbles and stone pieces, unusual of design and singularly beautiful in their pacious setting. Like a step from the outside world into a fairy land was the

progress into the arena itself. There, midway, was another fountain, a larger one than the first with glistening stones in its pool and clipped cypresses at its edge. A few steps between the fountain and the entrance door was the Florentine banquet hall, with its long table and its high backed carved Italian chairs, where were seated later Lorenzo the Magnificent, velvet clad and ermine trimmed, with

his court of resplendent queens, with their stately ladies in waiting and their pages.

### FIRST EPISODE MOTIF.

At the far end of the auditorium was the stage itself, high above the floor, with a high tree fringed wall and Grecian urns. In the center of the wall a Grecian doorway of darkness, which succeeded the motif for the first episode, the Grecian number, organized and trained by Miss Marie Allen, who assisted

Miss Lila Stewart, director-general of the pageant.

The story of the apple of discord was the theme for the Grecian numbers, and furnished a classic background for the dance features which were enthusiastically received. Back of the stage wall, a fiery pit was opened during a flash of darkness, which succeeded the Greek dance of the water sprites, and a host of tiny red devils drove into the pit the lithe young dancers

who but a moment before had been receiving the plaudits of the audience.

Mrs. Frank Makinson was Helen of Troy. Dr. J. Lloyd Rickley was Paris, to whom was given the difficult task of choosing the most beautiful from among the mortals and goddesses. Mrs. C. N. Jamison and Mrs. David Lacy Hibbs were stately goddesses in the picture, a combination which would have Venetian players who had been made more difficult than history

records the choice of the most beautiful. Mrs. H. C. Donnell, Jr., was justice.

### ADORED BY CAVALIERS.

In the Florentine number, where Joseph J. Rosborough as Lorenzo was host to the celebrities of his time, some of the most beautiful numbers of the evening were staged. Into the midst of a carnival party, depicted in by a troupe of strolling Venetian players who had been transformed from their every day

personalities into princesses, countesses, plotters, and or a marchesa, was carried Mrs. Walter H. Leimert, who as Lucretia Bute, queen of the fete, was mounted on a table top borne high on the shoulders of adoring cavaliers. Mrs. Leimert appeared in a solo dance in this number, as she did later in the "South Sea Moon," the exquisite fantasy which was the concluding number of the program. In the later number Austin Sperry was

## GRACE, BEAUTY ADORN DANCERS IN PRETTY FETE

the singer who shared honors with Mrs. Leimert.

Dukes and cardinals, princesses and queens, with a dandy-eyed princess from Persia, (Mrs. Carlo Suto Morbio), who added her song to the glory of the feast, made of the Florentine scenes a spectacle of dazzling splendor and beauty.

A Florentine gate, of wrought iron, which has replaced the Grecian doorway in the tree rimmed wall, gave place to the Imperial throne of Russia, with its hand carved eagles as symbol of unconquerable authority, and with the Kremlin towers showing in the background.

### CATHERINE AN COURT.

Mrs. Joseph Russell Knowland represented Catherine of Russia, in whose court Dr. Samuel R. Downey, a victorious general, received the royal reward for his bravery. A chorus of singers and a Russian ballet, with Virginia Marvin as the premiere danseuse, followed in the train of Catherine, as she with her generals and her ladies in waiting proceeded to the banquet hall of Lorenzo and other members of royalty.

In the twinkling of an eye the Kremlin towers gave place to the Moulin Rouge of the Latin Quarter of Paris where revellers of a hundred names made merry in the presence of Mrs. William Thornton White, Queen of the Moulin Rouge. True to the Quarter, in the details of an Apache dance, a tango, and all carnival accessories was this scene, which for unmitigated joy was unsurpassed. And in the matter of thrills it offered, one of

### Palo Alto Girl Suffers Broken Arm in Fall

PALO ALTO, Sept. 29.—Miss Bernice Regan, of Cupertino, student at the Palo Alto Union high school, suffered a fractured arm yesterday when she slipped and fell from a vaulting horse in the gymnasium.

### Catholic Church At Sonoma Burned

SANTA ROSA, Sept. 29.—St. Francis Roman Catholic church edifice at Sonoma, twenty miles from here, was destroyed yesterday by a fire that started from a painter's torch. The rectory adjoining was saved. Father J. F. Byrne is pastor of the church.

### MOVIE STAR WILL RECITE FROM KLX STATION TONIGHT

Monroe Salisbury, Pianist and Soprano, to Give Radio Program.

An unusually attractive program, including musical numbers by a soprano, well known throughout the bay district, piano solos by a noted pianist, and a recitation by a famous actor, will be broadcast from KLX, The TRIBUNE's radio station, tonight between 8:15 and 9 o'clock.

Mrs. Irma Randolph, a member of the Soroptimist club and soloist at the Fourth Christian Science church, Oakland, will render a number of solos. Her accompanist, Mrs. Evelyn Comstock, will play several special numbers on the piano. Mrs. Randolph is well known as a singer. She is an instructor at the Richmond Conservatory of Music.

The feature of tonight's radio program will be the recitation by Monroe Salisbury, moving picture and vaudeville actor of one of Robert W. Service's poems. Salisbury, who has acted in a big picture, and is touring the country on the vaudeville stage, has been secured tonight through the courtesy of Pantages theater, where he has been a headliner this week. He has consented to give an encore if the radio fans desire it.

### Broadcasters

MUNROE SALISBURY, famous motion picture and vaudeville star and MRS. IRMA RANDOLPH, noted soprano, who will broadcast a program of entertainment tonight from KLX, the TRIBUNE's radio station.

### Fifteen Minutes of Radio Daily

By Edward M. Davis

LESSON NO. 172 (All Rights Reserved by United Feature Syndicate. Reproduction Prohibited).

**TAPERING CHARGE**  
With reference to storage batteries, this method of charging consists in maintaining the voltage at the terminals of the battery at a constant value during the period of charge. By impressing a constant potential upon the battery, the flow of current automatically decreases from a comparatively large initial value, until at the end of the charging period the current flow is much less than the normal rate. Use of the "tapering charge" method has the advantages of permitting a rapid charge and automatic control of the charging current.

**RECTIFIER**  
For charging storage batteries, direct current must be used. When only a source of alternating current is available for this purpose it is necessary to employ a "rectifier" to change the current from alternating, to direct. This rectification may be accomplished by a motor generator set, synchronous converter, mercury-arc, or by various forms of tube rectifiers which convert the alternating current waves into a series of half-waves unidirectional in direction.

**POTENTIOMETER**  
A resistance provided with an adjustable contact and so arranged

ductance" which is one one-thousandth of a microhenry is also used as a measure of small values of inductance.

**FADING**  
Variation in strength of received radio signals from a given transmitting station is a common occurrence and is known as "fading" or "swinging." When this occurs the signals may become much louder than their ordinary intensity and then rapidly decrease in strength until they become inaudible. "Fading" occurs principally on short wave lengths normally under 400 meters and at a distance varying from ten to twenty per cent of the normal transmitting range of the station from which the waves are radiated.

**GROUND ANTENNA**  
A type of antenna consisting of a single wire or system of wires buried in a trench beneath the earth. The wires are insulated and their length depends upon the length of wave it is desired to receive, longer wires being used for long wave lengths than for short wave lengths. Good results have been obtained in the reception of radio signals from long distances but for transmitting purposes this form of antenna offers no particular advantages. Signals may also be received from considerable distances by submerging this type of antenna below the surface of salt or fresh water.

### HOW TO PRODUCE WONDERFUL HYACINTHS AND TULIPS

Surprising Results With Annuals and Other Plants

It is the hope of every gardener, when planting fall bulbs such as tulips and hyacinths, that the flowers next spring will surpass in size, color and fragrance any before produced, and this hope may easily be realized.

When planting bulbs of any kind set a Stim-U-Plant tablet along each foot of row of bulbs, as soon as the bulbs are planted.

Stim-U-Plant is an odorless tablet of highly concentrated plant food, a complete fertilizer which makes all plants and trees grow and bloom profusely, heightens and intensifies the color, greatly increasing the fragrance and size of the blooms. However beautiful your garden, Stim-U-Plant will make it more beautiful and prolific. It is simply wonderful for vegetables.

The tablets are used and recommended by leading seedsmen, florists and nurserymen. They are inexpensive particularly so when considering the remarkable results produced. Price—30 tablets, 25c; 100 tablets, 75c, postpaid.

Stim-U-Plant is sold and recommended by  
C E HILL CO.,  
418 11th St., Oakland, Cal.

### Here's Program For Inland and Bay Broadcasting

Following is the daily radio broadcasting schedule for both inland and bay stations: (All stations not otherwise designated are local.)

# HERALDING THE COMPLETION OF THE Pit River Power Plant No. 1

A recognition of one of the greatest achievements  
in the annals of HYDRO-ELECTRIC DEVELOPMENT

ON SATURDAY, SEPTEMBER 30, 1922 an event will take place, not only of great significance to the scientific and engineering world, but to the people of Central and Northern California as well.

Heralded for months by electrical and other scientific journals as an epoch-making event, the completion of this project is declared by scientists to be one of the greatest achievements of modern times.

On this date the constantly flowing waters of the Fall River will be diverted through a tunnel and dropped 454 feet through massive steel penstocks to the Pit River Power Plant No. 1. From this tremendous force of falling water will be generated an additional 93,000 horsepower available for use in the home, on the farm and in the factories of this section.

When the "load dispatcher" throws the switch, the energy thus generated will be transported over great cables created to carry the hitherto unattempted pressure of 220,000 volts for the great distance of 208 miles!

## History in the Making

THE DAY will be one of great importance to California, comparable to some of the greatest National achievements.

When the golden spike was driven at Promontory, Utah, in 1869, a transcontinental railroad had been completed by two companies, financially supported by the United States Government, at a cost of approximately 181 million dollars.

When the two 46,500 horsepower electric generators of the Pit River Power Plant No. 1 begin to function, they will signal the completion of the first big unit of power development along the Pit River in which 100 million dollars will ultimately be invested by the Pacific Gas and Electric Company alone!

Important as the completion of the transcontinental railroad was to the West, there are those who claim that the hydro-electric development along the Pit River will be equally as important to the prosperity and happiness of the people living in the Central and Northern Section of California.

## The Result of Co-operative Effort

D. R. STEINMETZ, the world famous scientist and engineer, in referring to this accomplishment said: "In forty years we have seen the distance to which electric current

may be commercially transmitted increased from one mile to over two hundred miles, while voltages have risen a thousandfold: from 200 volts to 200,000."

This California achievement is the result of the accumulated knowledge, ability, experience and the spirit of helpfulness of the electric geniuses of all time.

This Pit River unit, as well as the other 28 hydro-electric and 4 steam-electric power plants of the company, are not the result of one man's efforts, but of the united efforts of all who have invested money, brains and faith in the Pacific Gas and Electric Company.

Therefore, California is a world leader in hydro-electric development today, not only because of her topographical advantages but because her people have encouraged men with vision and capital who have taken the risk of the pioneer.

## Today—All Should Be Grateful

EVERYONE living in California should be grateful to those whose deep study and tireless experiments have made possible the success of this project. All honor is due the men who have contributed their best thought to accomplish this heretofore unattempted result.

Worthy of the utmost appreciation is a State that is blessed with an abundance of electrical energy, which turns the wheels of industry, lights and heats homes and performs scores of menial tasks for the people.

The Pacific Gas and Electric Company in its ambition to anticipate and keep pace with the growth of this section has developed power in excess of present requirements.

PACIFIC GAS AND ELECTRIC COMPANY

**P · G · and E ·**  
"PACIFIC SERVICE"

## A mighty object lesson in the benefits derived from this development

THE COMPLETION of the Pit River Power Plant No. 1 offers a most illuminating example of financial benefits which immediately accrue to a community during the construction of such projects. In noting the following interesting data the reader is asked to remember that the figures quoted pertain entirely to the building of the Pit River Power Plant No. 1, and the transmission system—which is but the first big unit of the Pit River Project now being developed by the P G and E.

Only a few of the outstanding items have been taken from the books to illustrate how this Company has put a vast amount of money into circulation in California in the development of just ONE of its many projects. California-produced materials and supplies have been used whenever possible.

## The Magnitude of the Undertaking

THE magnitude of the undertaking is illustrated by a partial list of materials used as follows:

—Steel (power house, penstocks, transmission towers and substation) . . .	12,298 tons
—Cement . . . . .	22,100 barrels
—Lumber (besides 75,000 railroad ties and 1,169 sixty-foot poles) . . .	1,052,088 board feet
—Concrete . . . . .	58,461 cubic yards
—Aluminum Cable (166.3 wire mil.) . . .	517 tons
—Copper Cable (1,041 wire mil.) . . .	4,333 tons
There are 48 strands of this cable, which if all strung out into one long wire would be 60,000 miles in length.	
—Insulators (11,243 strings, composed of 157,287 units) . . . . .	3,172,000 pounds
—Steel Towers (weighing 6,882 tons to carry cable 208 miles) . . . . .	1,668
—Tunnel . . . . .	10,111 feet
—Excavations . . . . .	401,796 cubic yards
—Construction Railroad . . . . .	31 miles
—Blasting Powder (besides 138,800 feet of fuse and 33,000 caps) . . . . .	105,330 pounds
—Electrical Energy (generated in auxiliary plants for use in construction work) . . . . .	4,000,000 kilowatt hours
—Man days required to complete job, approximately . . . . .	668,506

## How Money Was Circulated

THE reader will grasp the significance of development work when faces relating to the expenditure of money are given:

—An average of 857 men per day were employed for 26 months. These figures represent the number of men on actual construction work and not include the men employed in fabricating the steel for 1,668 towers, which was done in California, or the employment given directly to thousands of other California people.

—Approximately 991,751 meals were served in the 20 camps and boarding houses. The P G and E purchased for these meals the following products and thereby paid California producers and dealers approximately \$255,725.00:

—Meat, 206 tons	—Pastor, 4 tons
—Eggs, 38,900 dozen	—Sugar, 674 tons
—Hams and Bacon, 34 3/4 tons	—Canned Fruit, 23,400 gallons
—Flour, 121 tons	—Canned Vegetables, 19,500 gallons
—Potatoes, 159 tons	—Butter, 20 tons
—Onions, 15 tons	—Milk, 84,200 cans
—Beans, 12 tons	—Lard, 8 3/4 tons
—Rice, 4 tons	—Dried Fruit, 12 3/4 tons

The money spent for materials (much of which were made locally) the sums distributed in payrolls, both directly and indirectly, the cost of tools, construction equipment, auto trucks, gasoline, horse feed, etc., etc., combine to make a total that would stagger the layman if space permitted the enumeration of all the items.

The total cost of the Pit River Project will be approximately \$100,000,000.00.

This money is being put into circulation by the Pacific Gas and Electric Company because its officers have confidence that North-Central California will grow and prosper.

There is a wide area of land in Alaska which may be used for farming and the opportunities

It is not uncommon for those of the theater to make merry for others while their own hearts are heavy. Such a condition exists this week from stage door to box office for the theater people are mourning the passing of Guy C. Smith who died at the age of forty-nine after having been identified with Oakland's theatrical growth for thirty years. Corpulent, perennially jovial and completely capable, Guy Smith was a well belted figure to patron and employee. A grizzled stage hand, veteran of many uncertain sailings, many a success and many a failure, voiced the opinion of all when he said: "Guy Smith never had an enemy." For one in Smith's occupation this speaks greater volumes than the most ornate and prosy epitaph.

with his good points, about all they could say in his favor is that he doesn't try to play on any musical instrument."—Birmingham Age-Herald.

## GILROY PACKING HOUSE FORMED BY CAPITALISTS

Hugh S. Herman and Lin W. Wheeler Join as Heads of Independent Concern.

SAN JOSE, Sept. 29.—A certificate of incorporation for the Gilroy Packing House, Inc., was filed in the county clerk's office today. The company is headed by Hugh S. Herman and Lin W. Wheeler, two of the city's most prominent capitalists. The new concern will be known as the Gilroy Packing House, Inc., and will be located at the corner of Main and Second streets.

The company was formed for the purpose of packing and distributing fruit and vegetables. The company is expected to be one of the largest packing concerns in the state. The company is expected to be one of the largest packing concerns in the state. The company is expected to be one of the largest packing concerns in the state.

## Dancing Features S. G. Klub Meeting

RICHMOND, Sept. 29.—The S. G. Klub meeting was held at the home of Miss Axelsson, 142 Elyanah street. Following a brief business session dancing was enjoyed. Refreshments were served. The next meeting of the club will be held on Wednesday evening, October 4.

## Hayward May Get Agricultural Course

HAYWARD, Sept. 29.—The establishment of a course in agriculture at the Hayward high school may result from the visit here yesterday of F. L. Griffin, associate professor of agricultural education at the University of California. Griffin said that the University of California is willing to establish a course here which would provide the students of the school with the advantages of the university's agricultural courses.

## V. F. W. Complete St. Mihiel Day Plans

ALAMEDA, Sept. 29.—Corporal Leonard Hollywood Post, Veterans of Foreign Wars, and his auxiliary, are planning to take an active part in the celebration of St. Mihiel Day, Sunday, at Idora Park. The battle will be reproduced and the veterans from about the bay are planning to make the day one of the liveliest celebrations of its kind witnessed in a long time.

Hollywood Post is also making a strong drive for members. The post meets the first and third Monday nights of the month in Native Sons hall, in Park street.

In 1920 the United States was spending an average of \$5.62 per capita on public schools.

## Mrs. Stillman Wins Suit Of Husband for Divorce

Cont'd from page 1.

had also, miscondacted himself and Beauvais miscondacted themselves in the months preceding the infant's birth in 1918 at various places, including the Stillman summer camp on the banks of the St. Maurice river in Quebec and on the banker's country estate in the Poconto hills.

**ILLEGITIMACY PROOF IS PLACED ON PLAINTIFF**  
"As the infant defendant, Guy Stillman, was conceived born in wedlock, the burden of establishing his illegitimacy is upon the plaintiff, and the plaintiff must establish such illegitimacy by clear and irrefutable proof and beyond a reasonable doubt," the report said.

The presumption of fact of legitimacy is one of the strongest known to law, and of course it cannot be overturned except by evidence which is stronger. The burden of proof is upon the plaintiff.

"Mr. Stillman," the report continued, "apparently realizing the burden imposed upon him by law," had sought by a number of witnesses to prove that his relationship with Mrs. Stillman between Christmas of 1917 and March of 1918 (Guy was born in November, 1918) was not a legitimate one.

"It is claimed by the plaintiff," the report continued, "that during the period from Christmas of 1917 to March of 1918, the plaintiff was never at the home of the adult defendant at Pleasantville, and there was no meeting at any other place which would have naturally permitted the usual intercourse between a husband and wife."

On the other hand, the report found the proof of Mrs. Stillman's charges that her husband had supported and maintained Florence H. Leeds as his wife and that she had given birth to two children "recognized by him," had been so overwhelming and convincing that the plaintiff's attorney frankly stated to the referee that no denial would be made of these charges.

Mrs. Stillman, the referee held, not only offered evidence tending to establish the truth and falsity of the evidence of misconduct by her and Beauvais, but also presented evidence tending to show that agents of Stillman offered inducements of money and positions to witnesses who would testify that his wife had misbehaved with the Indian guide.

Through his mother's victory Guy Stillman retains his rights as an heir with his two brothers and his sister to the \$5,000,000 trust fund created for them by their grandfather, the late James Stillman.

In conclusion, it was recommended that the plaintiff's complaint should be dismissed.

The referee's report, upon motion by either side, will go to Supreme Court Justice Morschauer for confirmation or rejection.

**WIFE'S CHARGES ARE FOUND TO BE TRUE.**  
"This is a very unusual action," said the report, "as it clearly appears without contradiction that since at least as early as 1916 and ever since that date, during the continuance of this action and down to at least March, 1921, the plaintiff has been intimate with a woman not his wife, known as Florence H. Leeds; has supported and maintained her as his wife in several places; that during the period she has given birth to two children, who have been recognized by him as his children; that he has supplied her with motor cars and jewelry; supervised her bank account and has borne the same relations with her as a man ordinarily bears to his wife."

"The proof on this subject was overwhelming and convincing . . . and upon the uncontradicted proof I find that the plaintiff has been guilty of adultery with one Florence H. Leeds and has lived in adulterous intercourse with her from the year 1916 to at least the early part of 1921."

A large part of the report was devoted to discussing Stillman's effort to show he could not have been the father of Guy Stillman and to the testimony of his witnesses that they saw Mrs. Stillman

and the said adult defendant's clothing was kept in Beauvais' room.

"In September of 1919 the said Beauvais and said adult defendant slept together in her room in the White cottage at Grande Anse, and that at various times in the cottage at Pleasantville, and in the main residence there, and said Beauvais and the adult defendant were guilty of acts of misconduct."

"In support of the above, and as tending to show an adulterous disposition on the part of the adult defendant toward the said Beauvais a number of letters and a number of alleged acts and conversations on the part of the adult defendant are offered in evidence."

**DECLARE MONEY WAS OFFERED FOR EVIDENCE.**

"The defendant not only offers evidence tending to show the truth and falsity of evidence of adultery on the part of the plaintiff, but also tending to show that the agent of the plaintiff offered inducements of money, position, and to purchase clothes and jewelry to witnesses to testify as to some misconduct between the adult defendant and the co-respondent, Beauvais, and evidence is offered on the part of the adult defendant to show that in December, 1916, the defendant did not stay at the cottage on the Little Lake Wyagmack, Quebec, but on that on such occasion the adult defendant had taken the train from Little Lake Wyagmack to the Big Club on Big Lake Wyagmack."

"The testimony of the witness admits to the effect in November of 1917 he had creased a roller shade curtain, and at night had peeped through the crease and saw the adult defendant and the co-respondent in compromising positions in the room of the defendant, and when it appears from the testimony of the adult defendant's witnesses that there never was a roller shade curtain in the house, and that the small room in which it is claimed the co-respondent slept was not at that time used as a bedroom, but as a storeroom for furs, the effect of this testimony is absolutely destroyed. The testimony as to the occupancy of Blackburn House in the summer of 1918, and the defendant and the co-respondent sleeping together in June or July in 1918, and in September of that year, deserves careful scrutiny. The witness Grenon testified that on fifteen different mornings he peeped through the keyhole of the door of the co-respondent's room and saw Beauvais and the defendant sleeping together."

It is conceded by all parties that at the time mentioned the defendant was at the White Cottage mentioned by Grenon, three nights only, and this, coupled with the testimony of Grenon, and Page to the effect that they also gazed through the window of the room while they were standing in the fold of the door, and the evidence shows that at the time no scaffold existed and the fact that an observation made through the keyhole would disclose only the foot of the bed, together with the participation of Grenon and Page in the act of peeping through the keyhole, tends to cast a doubt on the reliability of this testimony."

The referee held unsatisfactory the testimony that Beauvais gave Baby Guy a pair of hockeys and scribbling in one of his books, and in some way knew his father, and in some way knew his mother. "I hope Guy will always love his mother," he rejected on the same ground of testimony regarding letters from Beauvais to the plaintiff and mentioned that Mrs. Stillman, except for four letters from Mrs. Stillman to Beauvais, which the banker claimed to have bought from Beauvais for \$15,000, how the plaintiff had failed to show how the letters he offered were obtained.

"Upon the whole case," said the conclusion of the report, "I do not find either sufficient or substantial proof upon which to base any finding of adultery on the part of the plaintiff, and the plaintiff has failed to substantiate his charges by the greater weight of evidence."

"To summarize, I find for the defendants as against the plaintiff, establishing that the charges against the adult defendant are not substantiated, that the infant defendant is legitimate and that the defense setting up the fact of the defendant's alleged adultery is not only unsubstantiated, but is conceded, and that plaintiff's complaint should be dismissed."

John A. Mack, guardian of baby Guy Stillman, said he was "very happy over the result."

"I am glad it is over with me and I am naturally most gratified," he said.

He declared he intended immediately to file notice for contempt before Justice Morschauer of Poughkeepsie, N. Y., on October 7.

"I have no doubt that Mr. Stillman will oppose confirmation of the decision," said Mr. Mack. "He may carry the case to an appellate court at Brooklyn, in which case it would not be settled finally until perhaps next July."

Whether Mrs. Stillman will begin action for a divorce remains to be seen, he said. It is strongly probable, he asserted, but for him to reveal her intentions before the referee's decision comes before Justice Morschauer would be unwise, he thought.

He was not in direct touch with Mrs. Stillman today, he said, but believed she was in Montreal. Guy's legitimacy will not affect his inheritance, but the other Stillman children the \$5,000,000 trust fund created by the late James Stillman, Sr., but also to a similar proportion of a \$27,000,000 trust fund which will be distributed to the children of the present James A. Stillman, according to Mack.

## NEW IRRIGATION DISTRICT TO BE SURVEYED SOON

Organization Preliminaries At Hollister Rushed to Acquire Priority.

HOLLISTER, Sept. 29.—State Engineer W. F. McClure is expected here this week to look over the survey made of the proposed Hollister Irrigation District, a plan being pushed by local business men to forestall the granting of private water claims to exploiters of an irrigated small farms project in Fresno county.

Several weeks ago the San Benito Chamber of Commerce learned that two Oakland realty men had applied for water rights on the San Benito river and Tres Pinos creek, the tapping of which water sources would jeopardize the water supply of Hollister, experts said. A committee of business men and agriculturists immediately visited Sacramento, and asked that the claim be withdrawn.

State Engineer McClure advised the committee that unless the people of San Benito county formed an irrigation district, or made claim for the surplus water themselves, the state could not do anything but confer with the holders of the water rights of someone who did wish to use it.

Preliminary survey of the district was made several weeks ago, and a more complete one was finished a few days ago. McClure has consented to come down and look the results over and advise what can be done in the matter.

Chief among the Hollister men interested themselves in the irrigation project are Attorney A. M. Rummels, heading the special committee, E. H. Holbrook, C. N. Hawkins, head of the San Francisco annual conference of the hotel, and R. L. Townsend, secretary of the Chamber of Commerce; Waldo Rohmert, head of the County Farm Bureau; and Paul Brown, expert in the formation of irrigation projects.

HAYWARD, Sept. 29.—Following the conference of the committee of the Hayward Chamber of Commerce with Frederick Whitton, construction engineer, who may be chosen to design and construct the proposed \$250,000 theater and hotel building here, and a meeting of the board of directors of the chamber last night, Whitton was ordered to prepare tentative plans of a structure to be presented at a meeting of the committee Monday.

The committee was headed by E. H. Holbrook, president of the chamber, and B. A. Hey, president of the chamber, to a size sufficient to handle the project under consideration.

Organization to effect the financing of the scheme will be started at once, according to M. J. Madison, chairman. One plan for financing has already been presented to the committee and others will be made soon.

## Church to Observe Fiftieth Anniversary

ALAMEDA, Sept. 29.—The fiftieth anniversary of the founding of Christ Episcopal church of Alameda will be observed Sunday. A reception will be held at the church this evening at which a short literary program will be presented and refreshments will be served. Sunday three services will be held, the first one at 8 o'clock, the second at 11 and the third at 7:30 in the evening.

Twelve pastors have served at Christ church since its founding. The first was the Rev. Sidney Wilbur. The present minister is the Rev. Henry H. Shires.

A mission was started at Lincoln avenue and Sixth street in 1904. This has grown considerably since then. The organizations connected with Christ church consist of Parish Workers, Altar Guild, Daughters of the King, Women's Auxiliary, Girls' Friendly Society, Brotherhood of St. Andrew, Townspeople and Troop 5, Boy Scouts of America.

## Mrs. Henderson Asks For More Alimony

"My husband has an expensive automobile for himself and I think my son and I are entitled to a less costly one," said Mrs. Diana Henderson, prominent Berkeley resident, today when giving testimony in support of her motion to increase the amount of alimony to be paid by her husband, H. H. Henderson, millionaire civil and hydraulic engineer.

Mrs. Henderson was on the stand in Superior Judge Harris' court, and told the cost of keeping her son in a school in Berkeley, where he is preparing for entrance to the university.

Henderson opposed his wife's motion on the ground that she had \$20,000 of her own from which she received a good income.

## R. Stanley Dollar Buys Piedmont Home

R. Stanley Dollar, prominent shipbuilding magnate, has purchased the A. A. Moore Jr. mansion in Piedmont. It became known today. The consideration was not given out, but was said to have been far in excess of \$100,000.

R. A. Allen, San Francisco realtor who purchased it from Mrs. W. E. Musgrave, wife of a well-known San Francisco physician, sold the palatial home.

The home is located at Union, Crocker and King streets, Piedmont, and contains more than three and one-half acres of gardens.

## Dismiss Lloyd George, Labor Party Demands

LONDON, Sept. 29.—(By International News Service.)—Dismissal of Premier Lloyd George is one of the demands contained in a manifesto circulated by independent labor parties today. It charges that capitalism is dictating the Near East policy. In addition to dismissal of the premier, the manifesto demands:

Recognition of the Turkish peace. An immediate peace conference. Summoning of the British parliament.

## LIVES IMPERILLED IN SAN JOSE BY GASOLINE FLAMES

Standard Oil Service Station Destroyed as Fluid Spills and Catches Fire.

SAN JOSE, Sept. 29.—Fire yesterday completely destroyed the service station of the Standard Oil company at the junction of Stockton avenue and The Alameda, and endangered the lives of numerous bystanders for a short time. According to Fire Chief Herman Hobson, only quick and hazardous action of employees of the place prevented an adjoining structure from being consumed.

The fire started when gasoline being pumped from the tank of a truck into the underground tank of the service station was ignited by spilling on the heated manifold of the truck, the flames spreading with great rapidity. The station employees succeeded in rolling the truck out of danger but the fire spread quickly throughout the framework of the service station.

A second damaging fire was caused by a leaking distillate pipe at the plant of the Sunset Paint company, Hobson and Walnut streets, the damage done being in excess of \$500. So rapidly did the flames spread through the plant that the fire department was powerless to save the structure, merely confining their efforts to preventing the spread of the fire to adjoining structures. The plant will be rebuilt immediately, according to its owners.

Two other small fires marked the day for the city's firemen. An automobile parked in a garage at the home of E. Green, 223 South Twentieth street, was completely destroyed by fire starting from an unknown origin, reports state, while only the quick work of the department saved the residence and adjacent buildings owned by E. Vita, 101 Oak street. The damage was slight.

Grass fires have repeatedly called the fire department into action and Chief Hobson urges that proper precautions be taken by the public in order to prevent their repetition.

## Head For Proposed Playground Named

HAYWARD, Sept. 29.—Negotiations for the establishment of a public playground for the grounds of the new Hayward grammar school on upper Main street was placed in the hands of M. D. Harrington last night by the board of directors of the chamber of commerce. Harrington has taken a lead in various moves for playground establishment and will proceed at once to attempt a realization of the chamber's plans on the present proposal. Should the chamber be successful, additional playground equipment would be placed on the grounds by the city council, and the playground teachers of the grammar school would be employed as city playground instructors during spare hours.

Mr. Harrington was appointed a committee of one to act with the Hayward Merchants Boosters club Wednesday evening, in petitioning the city council for the installation of an electric sign at Castro and B streets.

## Survey of Hayward Sewer to Be Made

HAYWARD, Sept. 29.—An investigation of the condition of the city's sewer system will be started by the new industries committee of the chamber of commerce, it was announced today by Hans Henning, chairman. The investigation is being made because of the increasing number of applications for locations here by industrial plants.

Should the system prove inadequate the committee will \$6 before the city council and attempt to work out a plan for increasing the system.

## Choir Leader Slain By Bullets, Knife

NEW BRUNSWICK, Sept. 29.—Mrs. Elinor Mills' throat was slashed and three bullets fired into her head by the murderer or murderers who killed her the night of September 14, according to findings of surgeons who performed a second autopsy on the body here today.

Mrs. Mills' body was exhumed in a delayed search for clues after authorities had failed to identify the slayers of the woman and the Rev. Edward W. Hall, killed at the same time and place.

## \$200,000 Shortage in Bank at Hongkong

HONGKONG, Sept. 29.—Police today were investigating a shortage of \$200,000 in the cash and notes of the International Banking Corporation here, reported last night by the cashier. Officials of the bank were reticent in discussing the affair.

## Resinol will soothe that itching skin

The first application of Resinol usually takes the itch and turn right out of eczema and similar skin-affections. This gentle, healing ointment seems to get right at the root of the trouble, restoring the skin to health in a surprisingly short time. Resinol is sold by all druggists.

## Dicks Disguised As Tramps Land Bootlegger Trip

WOODLAND, Sept. 29.—Two San Francisco detectives came to Woodland district several days ago disguised as tramps with blankets, neverthless. They posed as thirty denizens about to pass in unless they found some thing "strong." Frank Perry, Manuel Soto and Williams Soto, soft drink emporium proprietors, responded and sold them wine and jacks galore. All three men were held to answer before the superior court yesterday on charges of bootlegging by Justice of the Peace R. W. Harrison. They are out pending trial on \$1000 bail each. District Attorney C. C. McDonald employed the outside detectives on behalf of the county.

## VICTIM CHASES, CAPTURES BANDIT

After a thrilling chase last night of several miles one of the seven robbers who tormented the people, who were returning home late, was captured by John F. Roberts, who was one of the bandits' victims.

Roberts, who has offices in the Commercial Building, while riding with Miss Catherine Doel on the Foothill boulevard, near Seminary avenue, was stopped by four holdup men. The bandits were in an automobile and were armed and masked. They took a gold watch and \$28 in currency from Roberts, but did not take anything from Miss Doel.

One of the hold up men, as he was leaving his victims, reached into the machine and took the spark key from the lock. After the four robbers had gone a short distance, Roberts used a duplicate key and started his car. He followed the machine to Sixty-ninth avenue and East Fourteenth street. Three of the bandits got out of the machine and the driver proceeded to At Sixtieth avenue Roberts picked up Policemen G. E. Sanford and J. J. O'Connell. He told the police that he met the woman at the corner of Eighth and Washington streets. She took the money from him at the corner of Twelfth and Clay streets.

A. L. Maddix was found in a dazed condition at Ninth and Broadway. He told the police that he was robbed of \$180 in a barber shop in San Francisco. He is being held on a charge of drunkenness for further investigation.

Two armed bandits held up Norman Courtwright, proprietor of a soft drink parlor at 2520 Telegraph avenue. The men entered the store and asked for a drink. As Courtwright turned to comply he was ordered to put up his hands. While one of the holdup men covered him with his revolver the other walked to the cash register and took \$15. The men escaped in an automobile.

Chris Jensen, 323 Washington street, told the police that he was robbed by a woman whom he was the overtook the holdup man at Forty-fifth avenue and East Fourteenth street. They found a mask and a loaded revolver in the machine.

## Popular Star's Engagement at the American Limited to Three Days

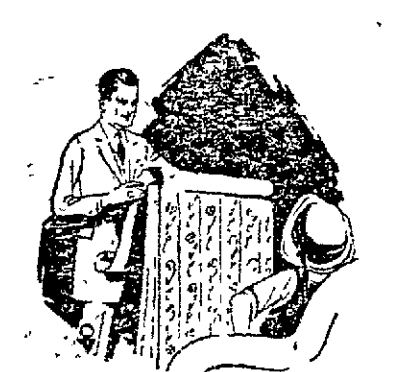

DOROTHY DALTON, as she appears in "The Siren Call," her latest film, which is to be shown at the American theater, three days, commencing Saturday.

## Change in Date for De Mille's "Manslaughter"

Shortens Time for "The Siren Call."

A slight change in the Oakland release date of Cecil B. De Mille's "Manslaughter," "The Siren Call" gives Dorothy Dalton one of the types of roles she plays so well, and she is aided by the splendid support of Mitchell Lewis and David Powell. "Manslaughter" has proven the really big picture of the year in San Francisco, where a long run is making way on Tuesday for the De Mille's super-feature, "Manslaughter."

## FUNERAL PLANNED FOR PIONEER

Funeral services for Mrs. Diolita Ramirez-Castro Bird, 55 years old, prominent in the early history of California, and wife of William Wallace Bird, local printer, who died at her home here Wednesday, will be held from a local undertaking establishment tomorrow morning at 10 o'clock. Solemn requiem high mass will be sung at St. Mary's Cathedral and interment will be in St. Mary's cemetery.

Mrs. Bird was born in Los Angeles in 1867 at the old Mission church of Our Lady of the Angels. Her grandfather was Don P. Fico, last Mexican governor of California. She was the daughter of Don Feliciano Ramirez, member of a pioneer Southern California family. In addition to her husband she

is survived by one son, Robert, who is now in Mexico, a daughter, Mrs. Louis Neville, of Wichita Falls, Tex., and two grandsons, Frank and Richard Bird. One son, Joseph, was killed while serving with the Foreign Legion in the world war.

### Absent-Mindedness Is Termed Virtue

BERKELEY, Sept. 29.—It's no sin to be absent-minded, declares Professor Charles D. Chapman of the university's history department.

In fact, declares the college savant, it's a commendable virtue. "Absent-mindedness is a commendable indication of application," declared the professor to college classes. It is a state of mind due to absorption in a single subject. It's also a habit more common among professors and students than among any other class of individuals.

"Old Ironsides," Baldwin's first locomotive, cost \$2000.

## Freshmen Girls Are Mightiest

Victory in the annual tug-of-war between the freshmen and sophomore students in Mills College yesterday went to the lower classwomen. (Above), the freshmen team nearing the goal. (Below), MISS ANITA VAN HUSEN, freshman captain, who received on behalf of her fellows the silver loving cup presented by members of the faculty.

### FRESHMEN GIRLS WIN TUG OF WAR AND LOVING CUP

Freshmen students in Mills College hold the silver loving cup, the insignia of victory in the annual tug of war between the lower classwomen and the sophomores. The battle was staged yesterday in the presence of 400 students, amid wild excitement on the athletic field. Twenty young women represented each class. Miss Anita Van Husen registered from Mesa, Idaho, was captain of the winning team. She was presented with the cup by members of the faculty. Miss Emily Searies of Oakland captained the sophomore team.

The freshmen lineup follows: Marcia Hays of San Mateo; Virginia Doye, Fresno; Mary F. Wright and Nancy Adams, Hollywood; Esther Davis, Seattle; Anita Van Husen (captain) Mesa, Idaho;

Gladys Ayres, Silver Bow, Mont.; Marion Bolman, Concord; Constance Fowler, Hollywood; Karoline Jump, Oakland; Helen Wall, Fresno; Esther Beard, Modesto; Katherine Curran, Santa Barbara; Lucille Wheatley, Napa; Beryl Wellington, Stockton; Alice Hill, Waco; Eleanor Landerberger, Salt Lake; Helen Roman, Selma; Helen Hart, Fresno; and Marian Lewis, San Antonio, Tex.

In the sophomore team were: Achesa Maude Lath, Stockton; Eugenia Grunsky, Stockton; Alida deRuyter Israel, Stockton; Alleene Sabina Burke, Venice; Helen Argall, Sacramento; Mildred Harriet Westcott, Colusa; Katherine Haskell, La Jolla; Eaythe Guibersen, Corona; Emily Searies, Oakland; Henrietta Connell; Naomi Russell, Denver, Colo.; Verna Grealey, Alameda; Katherine Grove, Mader; Marjory Vawter, Ocean Park; Helen Culp; Fay Showenbacker; Christina Webster, Peckeekeo, Hawaii; Charlotte Allen, Conrad,

Mare Island; Theresa Elizabeth Franklin, Carpinteria; Ruth Baxter, Stockton.

### Autumn Festival To Be Held Saturday

The Annual Autumn Festival under the auspices of the Recreation Department will be held tomorrow in Mosswood Park. Children from the various playgrounds will participate in the processions, music and dancing. The school orchestras will be directed by Albert M. Humphreys. Preceding the festival which is announced for 2:30 p. m., a series of three children's plays will be produced in the Lattice Theater in Mosswood. The 1:30 p. m. offerings will be "The Princess Who Hid Her Shoes," "The Princess Whom None Could Silence," "The Heart of Pierrot."

The British Museum, London, was founded in 1753.

## NEW ALCOHOL MAKES BOAT'S COMPASS 'LAZY'

SAN DIEGO, Cal., Sept. 29.—The alcohol of America's prohibition days may be all right for some things, but not for compasses. That is the firm belief stated here last night by Thomas Chermide, commander of the British steamer Hopkins Brothers, which arrived here recently after a nine-month trip from England, having been delayed at the Azores by burned out boilers and which started to steam from this port for Vancouver yesterday.

While the Hopkins Brothers was having her troubles with the elements in the Atlantic, some of the British alcohol in the compass leaked out and before departing Captain Chermide tried to get some alcohol here. The ship chandler could not sell him any; the prohibition agent would not, and what the captain at last got from a drug company contained some poisonous and disagreeable drug to deter thirsty

sailors or others from drinking it. Just before the Hopkins Brothers was near Point Loma, it was discovered that the compass was smoking and that the needle could not be seen. Back came the British steamer in a hurry.

### Mills Girls to Give "Twelfth Night"

"Twelfth Night" will be presented by the Drama Association of Mills College in the campus out of door theater on the evenings of Friday and Saturday, October 14 and 15. Miss Marian Long Stephens, chairman of the Spoken English Department, will direct the Shakespearean production. The costumes will be directed by Miss Flora Rouleau, with Miss Mildred Farquhar of Redlands, senior student, designing the robes. Miss Margaret Foster of Portland, Ore., will be in charge of the lighting and stage effects.

Cast in the principal roles are: Anna Louise Elliott, Alleen Burks, Helen Warwick, Agnes Depuy, Erma Dusenberry, Edith Solomons, Margaret Levinson, Catherine Easterling, Harriet Cole,

man, Natalie Wellin, Catherine Eldon, Virginia Fren, Grace Kolnick and Gertrude Gerrish.

FIRE TOLL \$200,000. GEORGIANA, Ala., Sept. 29.—Four business blocks were destroyed in an early morning fire here, causing an estimated loss of \$200,000. Seventeen buildings were burned and five residences destroyed.

The surface of the sun is 12,000 times that of the earth.

## ARGONAUTMINE

Could the 47 Miners Have Been Rescued?

### Doc Murphy

who led the winning Rescue Crew and was the first man to enter the Argonaut, will tell the complete story to the patrons of the East Bay Market, starting at 9 a. m. and continuing at 10, 11 a. m., 1, 2, 3 p. m.

**GALAXY OF BIG AND LITTLE "DIPPERS"**  
—This constellation of salt water stars was photographed at Boyes Springs recently during the second annual reunion of the United Commercial Travelers of America.

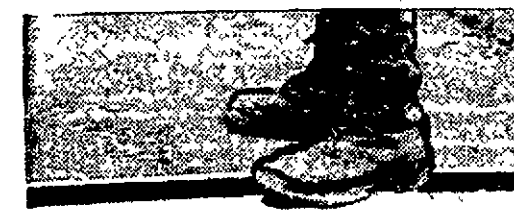

**WAS SALOME A FEATHERWEIGHT**  
—Fortune Gallo, who has arranged to do the opera of that name at the Metropolitan Opera House, thinks so. That is why Anna Fitzel, who will assume the titular role, is training down to the proper weight and thickness, or thinness, rather. She is here shown juggling a medicine ball instead of John the Baptist's head.

**SOME FEET AND SOME FEAT**—If you don't believe it, try to follow the Terpsichorean twists and turns of Alice Marvin (left) and Virginia Marvin of Berkeley, for half an hour or so. This is the well known poetry of motion in its ultra-lyrical form.

**AN OLD MAN WITH A NEW WRINKLE**—Edward Posen Weston is 83, but he averaged 30 miles a day in a hike from Buffalo to Utica, New York. He is on his way to New York City. He arrived in Utica 24 hours ahead of his schedule. Auto salesmen consider Weston a poor prospect. Shoemakers like him.—Copyright by Underwood.

**A PARISIAN WRAPSODY**  
This lovely Ghislaine evening wrap. Should please the most exacting chap. It's velvet, with an ermine collar. The price? Full many a hard-earned dollar! —Keystone Photo.

**"HEY, FOLKSES! WANNA WIDE?"**—For a literal translation of this invitation, ask the first mother you see. That is, if the remarkably alive expression of the little girl's face doesn't speak for itself. This photo, by Edward H. Terry, 227 Fourteenth street, Richmond, is the first entry to arrive in the Photograph Contest for TRIBUNE readers. Other entries will be published from time to time. See new story on another page.

**"THE DEUCE TO PAY, SAYS HAMID BEY"**—Hamid, the Angora government's representative in Constantinople, has informed General Sir Charles Harrington, British high commissioner, that Mustapha Kemal, head of Turkish Nationalists, has thrown a monkey wrench into the international machinery. British Tommies, here shown, are on their way to see about it. —Keystone Photo.

**VEST POCKET DESPERADO**  
"It's not the size, it's the wicked eyes," said Gibson, known as "Hoot." This Venice Midget made him fidget; "Hoot, mon," he cried. "Don't shoot!" —"Shot" at Universal City.

**EMBASSADESS OR DIPLOMAT-ETTE?**—We'll have to coin a new word to designate Miss Lucile Atcherson of Columbus, Ohio, for she's the first woman ever to be nominated as an embassy secretary. Her name was sent to the Senate recently by President Harding after she had passed the necessary examinations.—Copyright by Underwood.

## My Marriage Problems (Cable Garrison's New Phase Of Revelations of a Wife)

(Continued from Yesterday.)

THE WISH DICKY CAUSED MADGE WEARILY TO MAKE

"We don't want to discuss anything," I said to Dicky a bit crossly, feeling that perhaps a touch of acerbity was my best device for removing his patent jealousy of my confidences with Lillian. "And if you're not tired, I am—dead! Please take me back to the bungalow."

I had been given a sudden illuminating flash of comprehension just after Dicky's self betraying proposal to take himself off—I realized that as Lillian was to go in the car with me, we would have all the next day undisturbed to talk over Katie. And worried as I was over the girl, my desire to have Lillian's advice upon the mystery could wait, I told myself, until Dicky's suspicious resentment was dissipated, as I knew it would be by my apparent eagerness to return to the house.

I could not have told how I knew that Dicky was both relieved and pleased at my fretful little speech. For neither his face nor his eyes showed any change of expression. Yet know I did, and the knowledge irritated me as had my discovery of Robert Savarin's attitude toward Lillian's work. Dicky looked at me closely. His eyes softened. "You do look done up," he said solidly, while I could not help remembering his angry sneer an hour or two before at my expression of fatigue. "Come along, I'll tuck you in. How about you, Lil? Shall I guide your tottering footsteps, too?"

I flashed her a negative, and she took her cue promptly, although she had no idea why I did not wish her to accompany us.

"WHAT ABOUT THE CARS?"

"No, I'll spare you that task," she said lightly. "This is the last chance I'll have to look at these mountains. Tell me where I am, will you, Madge?"

"Surely," I said with the mental reservation that I would delay that information until Robert Savarin had had his chance to redeem himself for his boorishness of the morning. Strangely enough, the rancor which I had felt toward the artist had disappeared, dispelled by his willingness to agree with Lillian's plans for going home, and I was determined that nothing should interfere with the interview I had promised him.

He was standing at the rear of the lawn as we came up the path from the brook, and I dropped Dicky's arm and crossed to him. "She is down at the brook," I said in a low voice. "After hurry." "Thank you," he turned away almost abruptly, and walked swiftly down the path. Dicky looked curiously at me as I rejoined him. "So that was it, was it?" he queried. "I thought old Lil was devising a mad plot for sunset on the mountains. What are you doing bringing fond hearts together after a bitter quarrel? You'd much better leave 'em alone in my opinion. I tell you again that old Harry, devil as he was, had the makings of a much better pal for Lil than this solemn old genius."

"Well, never agree on that point," I said saucily, "even if our hearts do beat as one on all other things. I really am ready to drop, and going down to the bungalow. Will you hunt up Junior and bring him to me? And then what about the cars? Are they all fixed up for the trip?"

Dicky's eyebrows knit into a frown, and his good humor vanished.

FINAL PREPARATIONS

"It's a wonder you wouldn't ditch the universe once in a while," he said crossly. "I should think you'd be tired carrying it on your shoulders every minute of the day and night. But to reassure your anxious mind, I'll tell you that the cars are all fixed up, both the bungalow, or will be before I go to sleep. You get yourself and the baby ready, and see that the cats are in. I'll try to struggle along with the rest. Of course, I know without your massive intellect concentrating on the job that I can't do it, so I'll leave the wheel or two missing, but we'll do our little best."

I was so tired that the anger I would naturally have felt at his attitude did not come as it should have. All I would do at that moment was the chance to lie down and to banish, if possible, the headache which I had felt coming on for an hour or two.

"Never mind the cars," I said wearily. "I don't care what you do with them. All I want is Junior to me as soon as you can."

But I would have been less than human, if through all the final little preparations for the morning's start, which I made before I slept, there had not run the malicious little wish that something, not important or dangerous, might occur the next day to mar Dicky's self-sufficiency.

When Mrs. Alice B. Davis, of Woodstock, was inaugurated at Muskogee, Okla., recently as chief of the Seminole, one of the five civilized tribes, she became the first woman who ever occupied that office in the history of the North American Indians.

Miss Renee Fraher, a young Bohemian sculptor, who has won a place in the New York art world, allows no other hand to touch her work, but does her own marble cutting as well as modeling.

### The Divorce Court

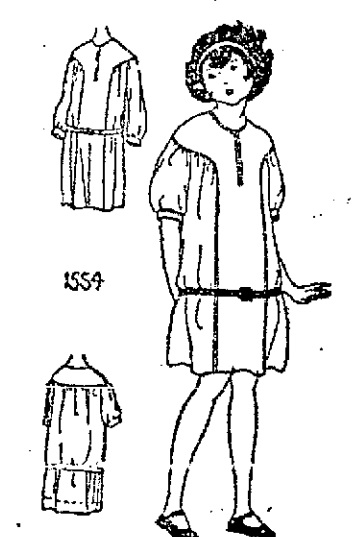

"The court—  
Will come to order!"  
The judge spoke sharp—  
And little knots of whispering folks—  
Came to attention—  
And waited for the sordid tales—  
That flow from lips that tremble—  
As soft-voiced witness takes the stand—  
And sits with eyes cast down—  
And tells the tale—  
That she would keep from jeering world—  
So pitiless—so scolding—  
And sitting near with sneering eyes—  
And manner blase and jaunty—  
Sits one who but a year ago—  
Had promised to protect and love—  
'Till death do part—  
But now he sits with stern cast eyes—  
And scorns the glances that she gives—  
For though the iron has entered deep into her soul—  
She can't forget—  
Her vows are yet too green to cast aside—  
She loves him yet—  
But if he wants to go his old-time way—she'll not rebuke—  
For he has found the yoke too galling—  
His shoulders were not made for burdens—  
That droop the form ere age has come—  
And so he would shake off the bonds—  
Ere 'tis too late—  
He pulses still with animation—  
And scorns the rut—  
That married folks are wont to walk in—  
Unthinkingly—  
So he has given her full cause—  
For separation—  
And as she tells in halting tones—  
Of infidelity—  
He sits full-breasted—  
And makes no answer to deny—  
And sharp-faced gossipers nod their heads—  
And roll this juicy morsel o'er their tongues—  
They're satisfied—  
That this one day has been well spent—  
And as they sweep their firm-faced way—  
From out that burial ground of dreams—  
They give small heed to sister there—  
Low bowed in grief—with tortured eyes—  
Whose maiden's hopes and girlhood's dreams—  
Have come to naught—  
For women are stern censors of their sisters' woes—  
The law decrees—  
The Judge steps down with measured tread—  
Like one who walks up to a grave—  
Just freshly dug—  
And sitting in a huddled heap—  
Is one whose life has been despoiled—  
The mourner.

## CLARICE PATTERNS

Smart Junior Frock.  
(No. 1554.)

Just as Paris has long since been the Goddess of Fashion for women's clothes, so does it stand foremost in designs for the juvenile. A recent arrival here, from among the American buyers, states that this dress illustrated is just the type of dress that the smart, small Parisienne is wearing. The long waistline is optional, obtained by the use of the narrow leather belt. Mother could make this little frock in a day and all it would cost if made of voile, would be about \$1.00 figuring material at 50c per yard. A more expensive and more dressy frock could be made of crepe de Chine which is very popular for junior clothes just now.

The pattern No. 1554 cuts in sizes 6, 8, 10 and 12 years. Size 8 requires 2 yards 36-inch material. Price 15c, stamps or coin (coin preferred).

How to Obtain Clarice Patterns

Write your name and address plainly, including city, giving the number and size of such patterns as you want. Inclose 15 cents in stamps or coin (wrap coin carefully) for each number and address your order to Clarice Pattern Bureau, Oakland TRIBUNE, Oakland, Cal. As these are ordered specially from Chicago, a few days should be allowed for delivery.

ROBERT HAYNES  
Oakland, Calif.

ANNE'S ESCAPE FROM DEATH  
In the mountains lived a bad man who was called the murderer of New Mexico. He captured many men and women and killed them. One day a young woman named Anne Cornish was walking in the mountains when she was seized and bound. She was carried to a cave and she saw some men talking together. One man came over to her and lifted a dagger over her heart. When he was about to strike a pistol shot killed him. A young man, who Anne recognized as her lover Jack Heart, started fighting the men.

During the fight he lost his gun. He saw a group of men around him with pistols in their hands. With a spring Jack knocked a man over and secured the gun.

He killed the gang, took Anne home. He received \$100,000 reward for killing the most desperate gang of desperadoes in the world. Later on he married Anne. Anne's father gave him \$5,000 for a wedding present.

ROBERT HAYNES.

ROBERT C. CASTNER  
1111 Jefferson street, Napa, 9 Years.

JOHN AND BILL'S EXPERIENCE  
John and Bill were walking home. They saw a great stone moving. They stopped to look at it and heard some voices.

By this time the boys had moved the stone and gone down the tunnel and hid.

When the men went to sleep they got the police, and they got the gang. John and Bill got \$1,000 apiece.

ROBERT C. CASTNER.

BILLY YORK  
No Address  
Billy is another of the younger crew of Pirates.

THE ADVENTURES OF TOM AND BILL

Once upon a time, there was two boys. Their names were Tom and Bill. They asked their mothers if they could go out hiking. Their mothers said they could. Tom found a cave and he went in. He heard some men say that they were going to rob the Bank of Italy. Twice the police, and he got \$1000 reward, and the police, caught the robbers.

BILLY YORK.

STEVE MILOSEVICH  
367 Wood street, Oakland  
THE HAUNTED HOUSE  
Once upon a time, there was a house that everybody was scared of. So there were two boys who were trying to investigate it.

Their names was Jack, fifteen, and Joe, sixteen. It was about twelve o'clock when they heard spooks coming in it. They caught them and said, "They are to be shot at sunrise."

But Joe got away, and called two cops and they were just going to shoot Jack when the cops arrived and ordered them in jail. And they were hanged.

STEVE MILOSEVICH.

JOHN PEACOCK  
1699 Atlantic St., Oakland  
DAYS OF FORTY-NINE

During the days of 1849, just at the close of the big rush of gold occupying California, a man named Smith. There was a girl named Betty Smith. When Fremont told them of the gold Betty started to cry. She begged her parents to let her go but they would not let her go.

Then John C. Fremont told them that there wouldn't be no danger. Then they let her go. Her father got the stage for her and she went at 1:30 P. M. that afternoon, on Friday. And on Sunday she got there at 9:30. But she got her share of the gold.

JOHN PEACOCK.

"MAGIC CROSS BONES."  
THERE'S A LONG TRAIL  
There's a long, long trail a-winding, for the little rhynd boy.

He has traveled so long, and he's traveled so far  
That he couldn't tell the moon from a golden star;  
And he has a little dog that couldn't tell a tree  
From an old hedgehog.

He's traveled many years, and he's found many tears.

One day he told us, "I found a good place to hide, and there he laid down and died. He died with his mother's love, and now he's in the heaven above."

JACK'S BEAR HUNT.

"Say, Bill, how about us going on a bear hunt?" said Jack one day as he was playing with Bill.

"All right, when do we start?"

"As soon as we can get ready," said Jack.

"You go over and get Ben and Bert and while you are gone I will get things ready."

"Well, can they go?" said Jack as Bill came in the front yard.

"Yep," said Bill, "they can."

That afternoon they had everything ready so they went over to Bert and Ben's place to see if they were ready and as they got to Ben's gate they met Bert coming over.

That evening when they had everything in Jack and Bill's car they started.

They rode for about sixty miles and then they camped. In the morning they started again. They rode for about ten more miles and camped again. After they had eaten their dinner they went out in the woods and set some bear

## My Favorite Stories by IRVIN S. COBB

### The Wail of a Suffering Soul

Once upon a time there was presented in a New York theater a historical drama by a new dramatist—a play so bad that even the critics didn't have the heart next morning to tell the whole truth about it. At the end of the third act, when the suffering audience were writhing in their seats, a stout man who had been paragonizing a bootlegger began to utter loud cries. A number of kindly disposed persons took up the chorus and in another minute the misguided playwright had responded to what he thought was a curtain call and was standing before the footlights bowing his appreciation and mumbling inarticulate words of thanks.

When the author had withdrawn himself the stout man's companion turned upon him angrily.

"What in the world did you mean," demanded the friend—"yelling for 'Author! Author!' like that?"

"I wasn't yelling for him," answered the fat man with much indignation, "I was yelling for ether!"

(Copyright, 1922)

## Three Aunt Journeys

To reach Teheran, the capital of Persia, one must travel ninety miles over a desert waste. There isn't a tree in sight, and scarcely a building to break the monotony. Suddenly, without warning, you drive through the gates right into the city.

The city starts where the desert ends. There are no suburbs or straggling houses to announce the approach to the city—there is no "edge of town."

The streets are crowded. Motor cars are a common sight, but they have not replaced the camel and the donkey by any means.

The merchants carry their goods around on the donkeys' backs, and stop the people in the street to exhibit their wares.

Others who are not fortunate enough to own a donkey carry their stock on their own backs.

It is a common sight to see a man with an entire line of dry-goods strapped on his shoulders and around his waist sauntering along or stopping in front of the pale-blue-bordered doorways of the adobe houses.

The peddler may be burdened with bath towels, baskets, nuts, bolts of cloth and even kitchen pots—in truth, "everything but the kitchen stove."

But the green-grocer is stationery. He is also temperamental. He arranges his stall in the most attractive way possible. One can see at a glance that the lettuce, spinach, tomatoes, apples and peaches

## the Army of a Million Crooks

A study in scientific criminology. Facts gleaned from the records of the Berkeley School for Police and of its founder, August Vollmer, past president of the International Association of Chiefs of Police, and leading authority on criminology.

Chapter 93

### PREDOMINANT CRIMES

IN considering the crime problem, the predominant types are very important items.

Seventy-five per cent of all crimes committed are inspired by the lust for gold. They are acquisitive crimes. So says August Vollmer and his statement is borne out to a certain extent by figures compiled by the U. S. Census bureau and by prison records.

Of the 1,000,000 criminals now operating in the United States, 750,000 then are robbers, thieves, check passers, swindlers, embezzlers and other types who become felons to get easy money. They either will not or cannot get money honestly and hence steal and rob for a living.

The importance of this fact cannot be overestimated. When we come to discuss the causes of crime it will have a very distinct bearing. What is back of this unholy, craving for ill-gotten gains? Poverty? Ignorance? Laziness?

Census figures show that 100,000 cases of adult prisoners tabulate 60,268 were guilty of crimes against property. This does not take into account, entirely, the number of murders that also were committed by greed. It is impossible to state fully what crimes were committed against persons without desire for gain but the total of murders in this group were 14,000 of those guilty of assault, 9,600, and there were 4455 rapists.

Crimes of passion or emotional crimes, such as inspire murders and assaults, rank next in importance to the acquisitive group, quantitatively. From a qualitative standpoint, the emotional group is more greatly deplored. The fact that 14 per cent of the 100,000 jailbirds were murderers is rather appalling in itself.

Some 16,368 or about 16 per cent were burglars, 11,907 or about 21 per cent were larcenists while there were 4723 robbers in the 100,000 group.

About 25,000 juveniles were considered in another group. The percentage of crimes against property were even higher in this classification. Of the 25,000 youngsters 18,166 or some 72 per cent were guilty of such acquisitive crimes as burglary, robbery, larceny, fraud or forgery.

Not only do the national records prove the prodigious amount of greed-inspired crime, but the statistics of individual institutions indicate the same thing.

Records of San Quentin prison, for instance, show that 71 per cent of the felons received at the penitentiary in one year were guilty of acquisitive crimes. The actual number of men and women considered was 846.

Of these 245 were burglars, 183 larcenists and 114 robbers, making a total in three classes of more than half the number. If we then figure in the embezzlers, extortionists, check men, forgers and others of the same ilk, we find that 711 out of 846 prisoners were guilty of theft in one form or another.

The predominant crimes then in point of numbers and in order of superiority are theft, burglary, murder, assault, robbery, rape and forgery. These leave out of consideration, of course, such misdemeanors as vagrancy, disorderly conduct, drunkenness, malicious mischief and trespass.

Tomorrow "The Crime Fraternity"

## SMILES

"Millions are at stake in this case." "Millions? Well, put two of our best men on it." "It isn't a divorce case—just a government contract." "Oh, well. We'll send our assistant utility man, if it's only public business."

"Alice—Are you engaged to Fred? Virginia—Goodness, no! I've merely got an option on him!"

"Bobby—Daddy, look! There's an aeroplane. Absorbed Daddy—Yes, dear—Don't touch it."

"He (Indignantly)—You married me for my money! She (sweetly)—Well, dear, what else had you?"

"Brown—There is a lot of satisfaction in living up to our ideals. Towne—Yes, if we can afford to maintain 'em."

"Wot's the good of going back? We shall only have to strike again." "Well, 'ow the 'ell are yer going to strike again if yer don't go back?"

What makes you think Jack is going to propose? "Oh, he groaned all last evening about his income tax and having no exceptions."

"Is Mrs. Neagle a well-informed woman?" "I should say so. Her cook has lived with all the other families in the neighborhood."

### ABOUT WOMEN

England has a woman shipping agent, Miss Grace Jeffreys, who has been an agent since she was 17 years of age.

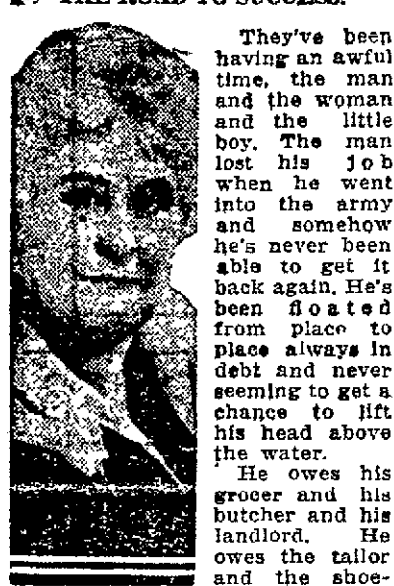

The worry for the trousers does not fall upon the Eskimo bride, but on the groom. It is his obligation to provide the clothes necessary for the honeymoon as well as later.

Mrs. Oliver Harriman, prominent in New York society, is one of a committee of three chosen to nominate a nation-wide board to present a program for the improvement of American movies.

## Winifred Black FOLKS AND THINGS

THE ROAD TO SUCCESS.

They've been having an awful time of it, the man and the woman and the little boy. The man lost his job when he went into the army and he's never been able to get it back again. He's been floating from place to place, always in debt and never seeming to get a chance to lift his head above the water.

He owes the tailor and the shoemaker, and his wife owes everybody she knows. Not long ago they were so desperate that they—well, nothing but the little boy and the thought of him saved them from that.

But now the man has a job—not a marvelous job with amazing chances for advancement—but a good, steady, practical job with a living wage.

Thirty dollars a week, to be plain about it, and a house in the country with all the vegetables and fruit and eggs they can use. And the man's happy, and so is the wife. The little boy isn't just happy—he's rapturous, simply rapturous!

"THEY'LL BE ECONOMIZING!"

What, has there been a heaven like this all the time and he never knew it? These wretched hangings on them, like wonderful things in a dream, and pearls and plums and apricots, and all to mention apples and berries and all to be had by just stretching out your hand and picking them?

And plenty of room to play and two dogs to play with and a "cuck" to go wading in and plenty of mud for pies and a little string with a knot on it and maybe a dead fish and a real fish at the end of that, and bees humming and birds singing and the wind rustling the leaves of the trees and wild roses in bloom and water-lilies in the pond and he never knew a thing about it before—not a thing! Why shouldn't he be rapturous?

The other day I happened in at dinner-time and I stayed to dinner.

"They'll be economizing," I thought, "and I really oughtn't to embarrass them."

But they wouldn't take No. 1 for an answer, so I stayed, and what you think was had for dinner? We had a porterhouse steak, three inches thick, with mushroom sauce, and we had a salad with fresh tomatoes and a watermelon. They weren't out of the garden and cost a lot of money at the store.

Also for the coffee, we had rich cream so thick that it was like butter, and plenty of it.

And then I thought, wonder that the man and his wife are always in debt and always in trouble.

The dinner they had would have been perfectly appropriate in a home where the man was making \$200 a week.

And most of our conversation at the table was about the "dagos" and how they could live on next to nothing and what fools they were to do it.

There is a "dago" on the ranch near to the one where this man has gone to live—he's making \$25 a week and saving at least twenty. In ten years from now the "dago" will have a big business somewhere and in twenty years he'll have an income of at least twenty thousand a year and every one of his boys will be working for \$25 a week and living on the \$25, and two generations from now somebody will be wondering why people with Italian names always seem to have so much money.

I'm sorry for the little boy who loves the "crick" and the trees and the water-lilies. I'm afraid he'll be moving along pretty soon. Something seems to tell me that poor Dad will be looking for a job before long.

(Copyright, 1922.)

Miss Clara M. Garrison, secretary of the Grocers and Importers' Exchange in Philadelphia, has a man-sized job, which she is handling with the greatest of success.

Abe Martin

"A Havin' breathin' performance" "The Havin' breathin' performance" given at Melodeon Hall during county fair week, with Goldie B. Clair, who's makin' her first animated appearance. Who remembers the old, dusty, open bin grocers where we used to eat? It's worth a dried peach while we're buyin' a 10-cent can o' sardines?

## Geraldine's SHOULDER

Listen, World!

YOU can't claim to have received a liberal education until you have been the mother or sister of a 17-year-old youth with the Toilet Article Complex. It is the mode of the moment to be at the Flapper. We deride her morals, her complexion, her hair, her finger nails and knee caps. She's the one best bet in Literary Vivisection. But I'm here to state that Flapper, the Flapper, has nothing, nothing at all, of Freddie the place always in debt and never seeming to get a chance to lift his head above the water.

Is there a pet bottle of imported bandoline hidden in your dresser drawer? Have you a treasure box of de luxe violet soap? Is your brand of toilet water the delight of your heart? Do you cherish your hair tonic as though it were the elixir of life? Do you squander your last dollar for the one-and-only brand of bath salts? Have you some nail polish that is as good as diamonds of Kimberly and a particular preparation of brillianite that you guard as your soul?

There is? You did?

And do you, at the same time, possess a Lounging American who is just opening his eyes to his own possibilities in a rural decoration? You have? Then "nuff said"—you know what happens!

As the news of the morning, the brilliantine and the bandoline evaporate. The talcum can be emptied, the soap box is a visited tomb in vain you wring your perfume atomizer. A melancholy where is its only response. Son, or little brother, has beaten you to it.

Symptoms, he's a regular. Kid after all. He may indulge in one violent orgy of perfumed bath and powdered cuticle, but it's a chance that he'll immediately relapse and you'll have to pound him into a daily tub as per usual program. The clamor for silk shirts, but you have to divest him of all-too-cherished E. V. D.'s and socks with grappling iron. His "play back" shimmers as the glory of a hummingbird's wing. But you are to look behind his ears and through his nails occasionally may gleam like stars he's also known to carry fish bait in his pockets and goes a-courting re-furmed as the lilies, but lacking pocket handkerchiefs.

Here's tragedy—as stark and hopeless as anything you could conceive. No word of mine can possibly help it, for it is rooted in a fundamental lack of character rather than a combination of outward circumstances. I am printing it with infinite pity.

"Dear Jerry:

"I only want to cry a while on your shoulder. Jerry, I have four children, three of them boys and two by the one I now live with. Here is my trouble. My little girl by my first husband can't get along with my present husband. Also my sister has won her away from me. She is 8 years old. I want her on so bad! But No. 2 whips her and she won't come home. My sister has told her that she (my sister) was her mother. Sister has changed the date of the child's birth from the 2d of the month to the 25th of the month. Also changed her name from Mary to Mable, from my last name.

"Jerry, shall I let this go on, or stop it. The child won't come home. She don't like her stepfather. He have never whipped her or any of the other children. I have no trouble over them whatever, but I can't seem to stop the heart ache over this child. Will she grow up to hate me? Or am I right to leave them alone?"

"HEART BROKEN" Oakland.

Dear Jerry: You are making your own hell, and I don't suppose you can help it. The matter is entirely in your hands—you have ALL the rights, both legal and ethical, if you only know how to use them. But unless you can use them the game's against you, for no one else can do it for you. You should compel the child to come home, compel her to behave when she gets there, compel the stepfather to stop beating her, compel the sister to leave her alone. You have the legal backing to help you do all these things—but if you haven't the personal strength to put it over the law can't help you. There are only two courses open to you. Either decide to put this wretched condition in order, as I have outlined—or else withdraw your objections and let the little girl grow up without you. Nagging, weeping, fussing won't help. You must either ACT—or withdraw. And I, not knowing you, cannot tell what you are able to do.

I wish I could set this statement in jeweled type. "I would rather be a home maker than a mere housekeeper." It's a perfect creed for the wife and mother—and if it were followed this world would be heaven.

"Have thought a number of times of writing to you, but now that the subject of the home and babies has been brought up again, I just have to add a few lines.

"I am a young mother and know what work there is to be done when there are babies. I have two, and the older one is just a year and a half old.

"I am here to tell you that I agree with what you said to the one signed 'A Happy Mother.' If you were to come into my house now I am sure you would find some dum and cake and a few cobwebs.

STANDING WITH RELUCTANT FEET WHERE THE PAINT AND POWDER MEET

but one thing you will always find clean and that is my babies. I used to feel the same way she does about my house, but now, Jerry dear, I have learned to love the little dirty finger marks that day after day are left on my nice white bed, or on the piano keys. I wouldn't change them for a hundred new ones, for those finger prints seem to be a part of the furniture itself.

I believe that a mother should spend part of her time with her children instead of all of her time working for them. Children soon forget the work mother does for them, but they never will forget that mother was a 'pal' with them. Mothers should study and learn the best methods of training her children.

"I would rather be a 'home maker' than a mere housekeeper. Wouldn't you?"

"A CONTENTED MOTHER."

In a letter signed "Jo" we were given the opinions of a "gentleman" (?) on the question of wild cats. According to him, they were the most delectable of animals and he quite obviously regretted the narrowness of a social viewpoint which condemned them. Nor did he believe that the sowing thereof was confined to men. He seemed quite certain that the ladies would be as expert as the gentlemen in the field of vice as long as they were caught. And now comes a welcome voice to speak for the cleaner, saner view of things. Am I with her? To the last war whoop!

"Dear Jerry:

"Many times I have wanted to write to the Jerry column, but never got around to it. But now I can restrain myself no longer. I must give vent to some of my pent up rage and outraged decency that have been running rampant through me since I read the communication by that monstrosity who signed himself 'Jo'.

My sister has told her that she (my sister) was her mother. Sister has changed the date of the child's birth from the 2d of the month to the 25th of the month. Also changed her name from Mary to Mable, from my last name.

"Jerry, shall I let this go on, or stop it. The child won't come home. She don't like her stepfather. He have never whipped her or any of the other children. I have no trouble over them whatever, but I can't seem to stop the heart ache over this child. Will she grow up to hate me? Or am I right to leave them alone?"

"HEART BROKEN" Oakland.

"I am here to tell you that I agree with what you said to the one signed 'A Happy Mother.' If you were to come into my house now I am sure you would find some dum and cake and a few cobwebs.

## CHILD'S HISTORY OF THE HUMAN RACE

By Ramon C. Hart.

Pirates in Roman Days

DURING a time when Rome felt herself to be mistress of the whole world, there was a thorn in her flesh.

This thorn was the pirates. They rowed and sailed far and wide over the Mediterranean sea. Whenever they had a good chance, they swooped into some harbor, captured men and treasure, then escaped as quickly as they had come.

The captured men were usually sold as slaves on an island in the sea where there was a great slave market.

This is a picture of a pirate vessel manned by Greeks.

Sometimes members of rich families were held for ransom, instead of being sold as slaves. In one case two Roman officials were carried away. The daughter of another official was stolen while she was on her way into the country.

The pirate ships were often fixed up grand style. The sterns were gilded so as to look like gold; the oars looked like silver; and purple carpets covered the decks. Rich banquets were spread on board. Musicians played during the feasting.

It is said that the pirates made much sport of captured Romans. They would pretend to be impressed because they had such a prisoner. Falling on their knees, they begged pardon for their mistake in seizing him. After this mockery they were likely to show him a ladder which hung down to the sea.

"Go down this ladder," they would say. "Return to your home in peace."

If the Roman refused, he was pushed into the water.

There were many hundreds of pirate vessels. From time to time, the Romans sent fleets against them. A general named Pompey once cleared them from the sea, but in time some of them came back and bothered people in seaport towns.

## WILL IT LAST?

By Cora Cameron

It began wonderfully—that summer romance—with the fragrance of the fields and the color of gorgeous sunsets for accompaniment, and there was one magical evening when the moon shone. Now it is very close to parting time. How is the future to be? They have been VERY friendly. WILL it last?

## Pride of Authorship

TODAY'S SHORT STORY by Ad Schuster

OF the lesser lights at the boarding and rooming house of Mrs. Hodges, Montgomery Madison was easily the one of greatest significance. In Wardtown the establishment of the patient and hard working widow performed the offices of family hotel and boasted as its guests a select group of men and women who were active in the business of the community.

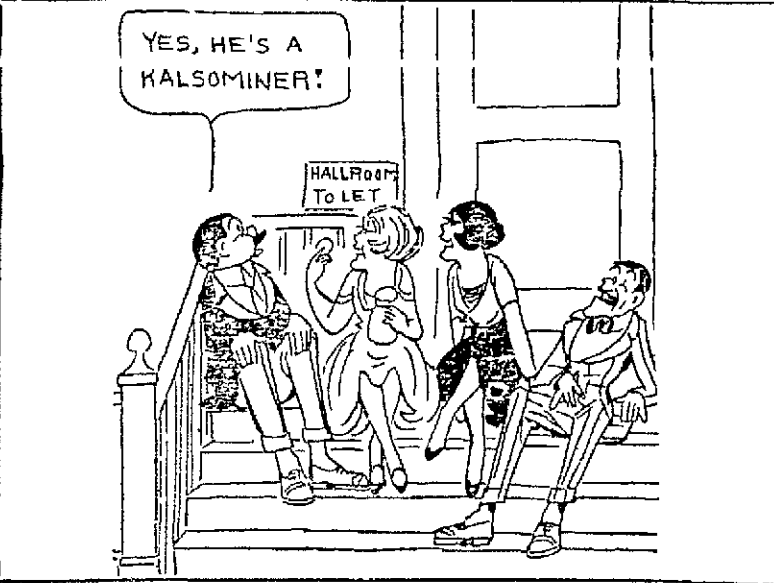

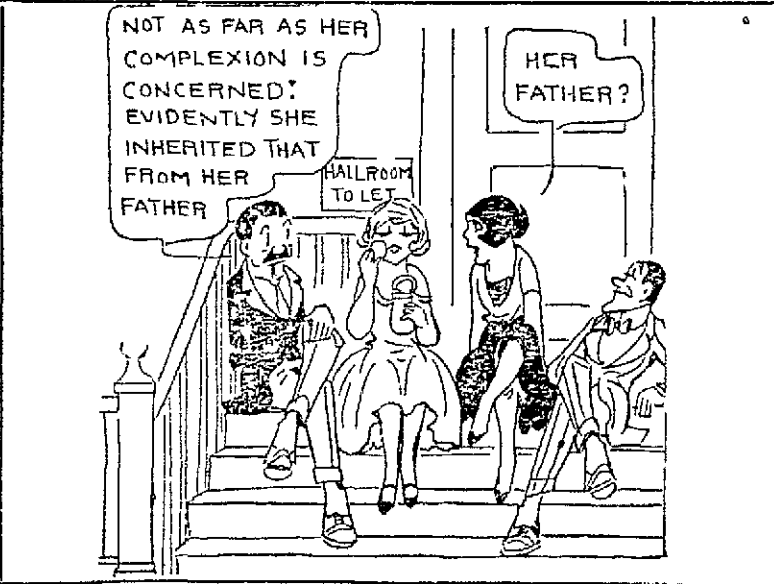

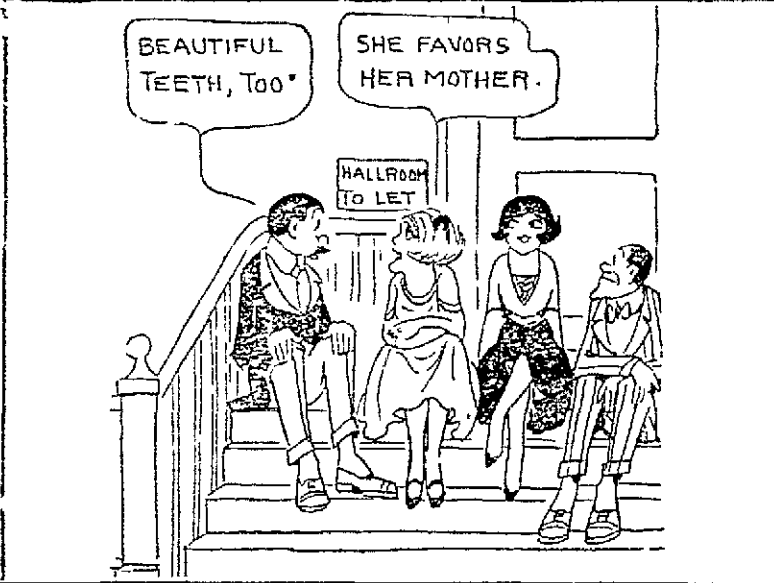

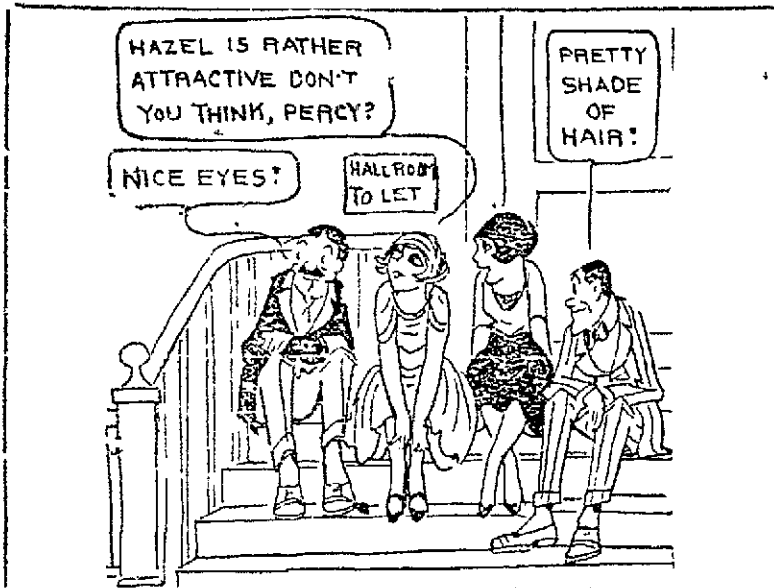

There was, for instance, the weakened and diligent Naomi Peters, instructor in English at the Academy; Lillian Lane, reporter for the Star, and Miss Hodges, the widow's daughter. At the table they were, for the most part, impressed or derisive, for as Montgomery frequently said, in Wardtown there were no other reactions to intellect.

For a while Miss Lane has been the pride of the place, her signed feature stories in the Star making her a personage. Then it was learned that the modest Miss Peters had written a short story which had been published in a magazine, and was at work on a novel. Her chair was moved down next to the water pumper and the newspaper woman and the teacher enjoyed attention whenever they spoke. It was over the place, her signed feature stories in the Star making her a personage. Then it was learned that the modest Miss Peters had written a short story which had been published in a magazine, and was at work on a novel. Her chair was moved down next to the water pumper and the newspaper woman and the teacher enjoyed attention whenever they spoke. It was over the place, her signed feature stories in the Star making her a personage. Then it was learned that the modest Miss Peters had written a short story which had been published in a magazine, and was at work on a novel. Her chair was moved down next to the water pumper and the newspaper woman and the teacher enjoyed attention whenever they spoke. It was over the place, her signed feature stories in the Star making her a personage. Then it was learned that the modest Miss Peters had written a short story which had been published in a magazine, and was at work on a novel. It was over the place, her signed feature stories in the Star making her a personage. Then it was learned that the modest Miss Peters had written a short story which had been published in a magazine, and was at work on a novel. Her chair was moved down next to the water pumper and the newspaper woman and the teacher enjoyed attention whenever they spoke. It was

Uncle Wiggily Stories

UNCLE WIGGILY AND THE JUNIPER BERRIES

"We are going to have a party tonight," said Nurse Jane. "I know what Baby Bunty will want. She is a dear little type of a rabbit I'm sure," said Mr. Longears with a twinkle of his pink nose. "Oh, no!" laughed Nurse Jane. "It isn't very much company that we are going to have—only Baby Bunty. But I didn't want you to stay out too late looking for adventures. Baby Bunty will want you to amuse her after supper."

"Yes—I know," spoke the bunny, in no very glumsome tones. "I know what Baby Bunty will want. She is a dear little type of a rabbit I'm sure," said Mr. Longears with a twinkle of his pink nose. "Oh, no!" laughed Nurse Jane. "It isn't very much company that we are going to have—only Baby Bunty. But I didn't want you to stay out too late looking for adventures. Baby Bunty will want you to amuse her after supper."

"What?" inquired Nurse Jane. "I'll stay out adventuring until Baby Bunty is nearly asleep."

"Well, that might be a good idea," agreed Nurse Jane. "If you stay out until nearly time for Bunty to go to bed she'll be sleepy, and then all you'll have to do will be to tell her a Bedtime Story."

"That's what I'll do," said Uncle Wiggily. "I'll get my supper at Grandpa Goosey's house," he added. "Don't say anything about it to Baby Bunty. I love her, but she does get on my nerves sometimes!" and the bunny twinkled his pink nose.

So Uncle Wiggily went adventuring, and Baby Bunty came over to stay all night at the hollow stump but again.

"Where's Uncle Wiggily?" were the first words Bunty spoke after she arrived.

"Out adventuring," answered Nurse Jane. "He'll be home after a while. Now play with your building blocks and rubber ball."

Well, Bunty played by herself for a time, but she kept asking when Uncle Wiggily would be home, until Nurse Jane was glad when supper time came.

"Isn't he coming home to supper?"

"No, he isn't," said Nurse Jane and Nurse Jane sat down. "It doesn't look so," said the muskrat lady. "But he'll be here before it's time for you to go to bed I'm sure. And Uncle Wiggily was He had hopped about all day looking for adventures, but had found none. Then he hopped to Grandpa Goosey's and ate supper with his old rooster friend.

"And I think Baby Bunty will be very sleepy now, so I'll only have to tell her one Bedtime Story, and then I can go to sleep myself," said the rabbit as he called goodnight to Grandpa Goosey and hopped to the bungalow.

As Uncle Wiggily hopped along the wind began to blow and the rain began to fall and by the time Uncle Wiggily reached home there was a bad storm raging.

"Oh, Uncle Wiggily! I'm so glad you're home," cried Baby Bunty, as Mr. Longears came in, carrying wet, for he had a good stool umbrella. "Please tell me a story."

So Uncle Wiggily made up a little story about a pussy cat and a doggie swinging in a hammock, and Baby Bunty went to sleep, though the wind blew harder and

the rain pitched down worse than ever.

"I'm glad I don't have to go out this night!" said the bunny, who, by the way, had been put to bed and Uncle Wiggily and Nurse Jane were thinking of going to sleep.

"Yes, indeed, it is no night to go out," agreed the muskrat lady as the wind dashed against the windows. "Hark! What's that?" she asked.

"It sounds like Baby Bunty crying!" whispered Uncle Wiggily.

And it was. From Baby Bunty's room came a wail.

"Oh, I got such a pain in my tummy! Oh, give me something to stop the pain in my tummy!" cried Baby Bunty.

"I was afraid of this," sighed Nurse Jane. "She ate too many carrots for supper. Wiggy, I'm afraid you'll have to go for Dr. Fossum to cure Bunty's stomach ache."

Uncle Wiggily sighed as he heard the wind whistle down the chimney and the rain dash against the window panes.

"All right, I'll go!" said the bunny gentleman, though he was tired and sleepy. He put on his coat, made from leaves of the rubber plant and opened the front door. As he did so something like pellets of snow struck the bunny in the face.

"Why, it's hailing!" he cried.

Nurse Jane, who had gone in Bunty's room to soothe the little girl rabbit, came running out. She picked up some of the things that had struck the bunny gentleman.

Why, these are juniper berries!" said Nurse Jane. "The wind must have blown them off the juniper bush in the woods! Oh, what a lot of juniper berries!" she explained, as the wind rattled more of them down on the porch.

"What are juniper berries good for?" asked Uncle Wiggily. "I can make a tea of them and cure Bunty's stomach ache," said Nurse Jane. "You won't have to go for Dr. Fossum now."

And when the juniper berries were boiled, and Baby Bunty had been given some of the warm juniper tea with sugar in it, her "tummy" ache, as she called it, all went away, and she fell asleep.

"It's a bad-wind that doesn't

blow good to somebody," thought the bunny gentleman, as he crawled into bed and listened to the gale howling down the chimney and the rain rattling on the window. "I'm glad I didn't have to go out in the storm. And Bab, Bunty was glad, too, the next day when she was all better. But she made the bunny play a game of tag just the same."

## RICHMOND LODGE WILL ENTERTAIN

RICHMOND, Sept. 29.—Alpha Lodge of Masons will be hosts to the DeMolay chapter, tonight at Masonic hall at a banquet to be served by the women of Beacon chapter.

On October 17, Alpha chapter goes to Pinole to install officers. A feature of the meeting will be initiation of several resident Masons of Pinole.

Friendship Lodge No. 216, of San Jose, will visit Alpha lodge tomorrow night at Masonic hall.

McKinley Lodge will go to the Masonic Home at Decoto tomorrow night to exemplify its work.

### Safety Council

**Swells Mine Aid**

E. E. Thornton, secretary of the Eastbay Safety Council, today forwarded a certified check for \$705.13 to Mrs. Mary Warrington, chairman of the American Red Cross chapter at Jackson, Amador county, for the relief of the widows and children of the miners who lost their lives in the Argonaut disaster. The money represented donations made to the safety council here and Thornton suggested in his letter accompanying the check that it be used to add to a permanent relief fund.

## Red Cross Chapter to Name Officers

SAN LEANDRO, Sept. 29.—Nomination of officers for the pending term will be held by the Red Cross Chapter of San Leandro next Monday night at the Chamber of Commerce. Election will take place at the annual dinner Thursday, October 5. The nomination was originally scheduled for last Tuesday afternoon, but lack of a quorum necessitated a postponement. Request is made that all members and officers attend, in order that the past year's business may be completed and that of the new term launched.

An effort is being made to locate a new chairman of the chapter, upon request of Mrs. B. P. Mason, engaged in that capacity for the past eight years. Mrs. Mason expressed the opinion that some one else should be given an opportunity to fill the position. Members, however, are urging to continue her in the chairmanship.

### S. F. Realty Men

**Favor Housing Law**

SAN FRANCISCO, Sept. 29.—Declaring that the passage of the state housing law, to be voted on at the November 7 election, is necessary for the building program of California and to release building construction from many stringent and arbitrary provisions, the San Francisco real estate board, through its board of directors, has gone on record as unanimously favoring the law.

## RICHMOND

### Gym Instructor

**Named For Y.M.C.A.**

RICHMOND, Sept. 29.—J. W. Deeming has been appointed instructor of gymnastics by the board of directors of the Y. M. C. A., according to announcement by A. W. Mueller, general secretary of the association.

Deeming got his gymnastic education both in America and in England, where he graduated from the School of Gymnastics at Kellogg. He has conducted work in Fayetteville, R. I., in Portland, Ore., and here in Richmond, where he supervised gymnastic classes for the Episcopal Boys' club.

Classes will meet four times weekly under Deeming and E. P. Edwards who is wrestling and boxing instructor for the local "Y."

### Two Ball Teams

**Are Being Planned**

RICHMOND, Sept. 29.—Richmond will be represented in the TRIBUNE Mid-Winter League with two teams if the plans of John E. Smalley, manager of the Smalley Tailors team, mature. The first National team, which worked through the summer schedule in the Three C league, has entered the big league.

The Tailors plan to play many of the games scheduled at the First street grounds here, as it is understood that most of the Eastbay hall parks are lacking in accommodations for crowds.

### MEDICOS TO MEET

RICHMOND, Sept. 29.—Richmond members of the Contra Costa Medical Society are planning to go to Brentwood Saturday evening to attend the society's regular monthly session. They will be the guests of Dr. F. S. Cook of Brentwood. A program dealing with medical topics has been arranged and a chicken dinner will be served.

### Pythians Attend

**Martinez Reception**

RICHMOND, Sept. 29.—A score of Richmond Knights and Pythian Sisters went to Martinez Tuesday evening on the occasion of the reception to Grand Vice-Chancellor Jackson of the Grand Domain of California and Mrs. Jackson.

Following the meeting the Pythian Sisters of the county seat served a banquet.

Those attending from Richmond included Messrs. and Mrs. James A. T. Ravis, Al Browning, S. S. Delany, John Opina, Mesdames Bowyer, McVicker, Graeff, Bowman, Thouis, Holloway, Donnelly, Archibald, Richards and Miss Josephine Earle.

### Goes to Attend

**Mother's Funeral**

RICHMOND, Sept. 29.—Mrs. E. J. Barnard, 524 Ninth street, left Wednesday afternoon to attend the funeral of her mother, Mrs. E. A. Koppiker, who died at Santa Cruz Wednesday morning. She was well known here in Richmond, where she had visited her daughter, on several occasions. Besides Mrs. Barnard, two other daughters, son and husband survive. Funeral services were held at Santa Cruz today.

### Wright Enforcement

**Act Is Discussed**

RICHMOND, Sept. 29.—G. F. Higginbotham, of Red Bluff, and Volney Taylor, of Byron, discussed the Wright prohibition enforcement act at the meeting of the Richmond V. C. P. U. Wednesday afternoon. Sheriff R. R. Veale was also present and expressed himself in favor of passage of the act at the November election.

At the present rate of decrease France's population, now 39,000,000, will be 35,000,000 in 1940.

## RAIL UNMERGER PLAN DISCUSSED BEFORE FORUM

**Berkeley Chamber Hears  
Arguments of Advocates  
and Opponents.**

BERKELEY, Sept. 29.—It will be impossible to tear apart, without serious injury to the public, the properties of the Southern Pacific and the Central Pacific which for more than fifty years have been constructed and operated as a single, unified system, each part synchronizing with every other part, Max Thelen, former president of the California Railroad Commission last night told the Berkeley Forum, Chamber of Commerce, at the Whitehouse Hotel. The Union Pacific Railroad Company was represented by Fred G. Atchison, its western counsel, and Frederick Faulkner, special representative.

John M. Eschman and his associates of the Railroad Commission of California decided unanimously that the tearing apart of the properties of the Southern Pacific and the Central Pacific would be against the interest of the people of California," declared Thelen. "They found that such dismemberment would cause delays and impairment of the service given to the passengers and shippers of California; would cause unnecessary duplication of railroad investments and operating expenses; would increase the cost of the service and hence increase rates and fares; would cripple the Southern Pacific; and would give to the Union Pacific a position of overwhelming strength on the Pacific Coast which would be highly detrimental to our people. Every shipper in California knows that this decision was and is true."

**SELFISH PURPOSE CHARGED.** As to the Union Pacific, no sensible person will be misled into believing that this railroad has thrown its hordes of orators, press agents and propagandists into California, because of that railroad's affection for the Supreme Court or its love for the people of California. The Union Pacific is conducting its campaign solely for the selfish purpose of wresting the Central Pacific from the Southern Pacific and thus enabling the Union Pacific to dominate completely the transportation situation of the Pacific Coast.

"The Interstate Commerce Commission has complete authority to permit the Southern Pacific to retain control over the properties of the Central Pacific, notwithstanding the Sherman anti-trust law of 1890 or any other law, state or federal."

Atchison opened the discussion in support of the Supreme Court's mandate by sketching the historical background of the Pacific railroads and of the episodes in their administration which preceded the Supreme Court's decision. He showed that the Central Pacific and the Southern Pacific were not constructed by the same people and quoted from the testimony of Leonard Stanford, then president of the Central Pacific, before the Pacific Railways Commission, in 1887, to the effect that none of the Central Pacific crowd either individually or collectively ever had anything to do, or were in any way responsible for the construction of the Southern Pacific.

**FAULKNER REPLIES.** Faulkner, in his reply to Thelen, and to the assertion that the pur-

pose of these, now opposing the Supreme Court's decision, was to have the Interstate Commerce Commission approve a plan which might include the Central Pacific in a consolidation with the Southern Pacific, said this was calculated to deceive the public into believing that such authority rested with the Interstate Commerce Commission. The commission, Faulkner said, got its power to propose consolidations of railroad facilities from the Transportation Act of 1920, and in passing that act congress had consciously and specifically imposed a limitation upon the powers of the commission against the combination of competitive lines.

"Paragraph four of Section 5," said Faulkner, "specifically enjoins the Interstate Commerce Commission in any plan of consolidation to preserve competition as fully as possible and to maintain existing competition and channels of trade."

### Red Men Select Hall Committee

RICHMOND, Sept. 29.—At the meeting of Oneida Tribe, I. O. R. M., Wednesday night a committee of five to handle the financing of the new Red Men's hall at Richmond was named. The committee will raise funds to complete the building, the foundation for which is already in.

The committee will co-operate with the Red Men's Hall Association, which has been promoting the erection of the building. The new committee consists of O. J. Ripley, Frank Marchetti, Fred Kreig, Mike Grates and R. H. Cunningham.

**TEAM STARTS PRACTICE.** RICHMOND, Sept. 29.—Practice for the winter schedule will commence for the Polat Richmond Athletic Club basketball team next week.

## Fifty Women Join Gymnasium Class

RICHMOND, Sept. 29.—More than fifty women and girls are taking advantage of the Women's Gym class facilities for physical education at the Richmond high school, Miss Adams, the instructor, put the class through some Swedish gymnastics including mat work and general exercises at the last meeting. The class members indulge in relay races, basketball and other sports.

"Paragraph four of Section 5," said Faulkner, "specifically enjoins the Interstate Commerce Commission in any plan of consolidation to preserve competition as fully as possible and to maintain existing competition and channels of trade."

**TEAM STARTS PRACTICE.** RICHMOND, Sept. 29.—Practice for the winter schedule will commence for the Polat Richmond Athletic Club basketball team next week.

## WOMAN BUYS RANCH

RICHMOND, Sept. 29.—Mrs. C. A. Soto of this city has just bought a ranch at Valley Home, between Stockton and Oakdale, where she will make her home with her husband about the middle of October.

### TRESPASSERS BANNED

RICHMOND, Sept. 29.—To prevent further trespassing on its property, the Santa F railroad company has started to build a high board fence around its property along Garrard avenue.

## TELEGRAPH AVE. CONTRACTS FOR PAVING AWARDED

Bids For Work Ranged From \$94,687, Successful On, to \$104,216.70.

BERKELEY, Sept. 29.—By a three to two vote of the city council the contracts for the paving of Telegraph avenue from the southern city line to Dwight way were awarded this morning to the Oakland Paving Company for the sum of \$94,687.

Other bids were submitted by Hutchinson Paving Company in the sum of \$94,800.50 and by the Warren Construction Company for \$104,216.70.

Mayor Louis Bartlett and Councilman Charles Bartlett voted against the awarding of the contract at this time because, they said, the bid submitted by the Oakland Paving Company was 25 per cent higher than a bid for the same work on the same thoroughfare in Oakland.

Both officials made the statement that as the actual paving of the street will not begin until spring that the city council is in no position to know whether the

## 1000 MILES AS 'BUM' IS TEST FOR COLLEGE SOCIETY

RENO, Nev., Sept. 29.—The University of Nevada has a new secret society, "The Sundowners of the Sagebrush," claimed to be one of the most unusual college organizations extant.

In order to attain membership in the society the candidate must present proof that he has "summed his way" by land or sea for at least a thousand miles. To have been kicked off a train makes the candidate eligible to the third degree.

The new society now includes in its membership about twelve college men who have passed the "summed" test and makes the claim that representatives attended every football game played by the university last season.

bids would be higher or lower at that time and that conditions may arise which would have property owners a large sum of money.

Councilman George Schmidt, commissioner of streets, who recommended the awarding of the contract, said that the work of laying curbs on Telegraph avenue would begin immediately. He said that every evidence pointed to a rise in prices in the spring rather than a decrease and urged that the contract be awarded at this time.

He was supported by Councilmen Charles D. Heywood and E. T. Harris.

North Carolina has been leading in school building among the southern states.

## PARR IS SEEKING TO RID LEASE OF CLOGGING PARTS

Chamber of Commerce and Merchants' Exchange May Act in Matter.

The elimination of what are described as "objectionable clauses and clogging provisions" from the lease under which the Parr Terminal Company occupies sixty-eight acres of waterfront land belonging to the city of Oakland will be sought by the company, it is announced, as the result of a conference held yesterday by Fred D. Parr and a number of Oakland business men at the Hotel Oakland. Following the conference Parr announced that it had been the sense of the meeting that he should place his case before the Chamber of Commerce and the Merchants' Exchange, and that these bodies should be asked to appoint a committee which should study the whole question and if thought advisable place his request for a certain change and a simplification of the Parr Terminal lease before the city council.

### AMBIGUOUS CLAUSES.

Parr declared yesterday that the many ambiguities and amendments to his lease have the effect of bewildering new tenants and of driving away prospective industries. He pointed out that he assured the civic and commercial interests of the city of Oakland that he could get a great shipping business for the Oakland harbor if the channel serving his terminal were deepened; that the city improved the channel and that as a consequence shipping from all parts of the world which never before made this port are now calling at the Oakland harbor. He pointed out that the lease he has from the city on the ground occupied by the Parr Terminal Company is a great detriment to the development of shipping business here and the establishment of new industries just as the shallow channel which the city finally improved, was. He introduced letters and papers to show that several big manufacturing companies who were figuring on establishing plants on the Parr Terminal property turned down the proposition upon examining the lease the company has with the city on the property merely because the contract is so long and involved and ambiguous in the meaning of its clauses.

The following attended the conference: Roscoe D. Wyatt, managing director of the Chamber of Commerce; Commissioner Frank Colbourne, Harold Webber, secretary to the Mayor; R. W. Littlefield, Charles S. Young, Joseph R. Knowland, J. Cal Ewing, J. A. Turgeon, of the Builders' Exchange, Harry A. Lafler, Captain J. Thibault, Charles Reardon, George A. Cummings, Carl Brockhagen, E. B. Sherwood, Charles H. J. Truman of the Advertising Club, and Proctor Scott, of the Merchants' Exchange.

## ARTIST FACED BY JAIL FOR FAILING TO AID WIFE, BABY

Kendrick, in Love Tangle, Granted Delay On Contempt Charge.

Rodney Kendrick, artist, co-defendant with Mrs. Edith Huntington Spreckels Wakefield, San Francisco social favorite, was haled before Superior Judge Dudley Kinsell today to show cause why he should not be arrested for contempt of court in failing to support his wife and baby, and may yet be jailed on a felony warrant for the same offense.

The artist threw himself on the mercy of the court and excused his failure to contribute to his wife and baby's support by saying that he had worked only three weeks during two months, and that he had but twenty cents in his pocket. He said that he was starting in business for himself and wanted two months to make good. Judge Kinsell granted a continuance of four weeks.

This continuance was fought by Senator Frank Carr, representing Mrs. Nellie Kendrick, wife of the artist. Carr said that the wife is in an advanced stage of tuberculosis, unable to help herself, and would have gone hungry with her baby had not Senator Carr provided her with money from his own pocket.

"I will seek a warrant for Kendrick's arrest on a felony charge of failing to support his wife and child," said Carr as he left the courtroom.

Judge Kinsell had already told Carr that he thought Kendrick should be given a chance to make good and had ruled against an offer made by Mrs. Rodney Kendrick, mother of the artist, to take care of Kendrick's baby.

"I am not going to separate mother and child," said Judge Kinsell. "If the defendant's mother is anxious to help her grandson she can join with the child's mother in helping support the baby. It is absurd to suggest that I order the child taken from its mother. I am giving Kendrick a chance to make good."

Mrs. Kendrick won a victory in her fight against Kendrick and Mrs. Wakefield. In Judge Kinsell's court in the overruling of Mrs. Wakefield's demurrer to the Kendrick divorce complaint in which she is named as co-respondent, Mrs. Wakefield contended that the complaint did not set up a cause of action insofar as she was concerned. Judge Kinsell ruled that it did.

The divorce complaint as well as the suit for damages against Mrs. Wakefield for alienation of his affections of Kendrick are still pending.

### Alta Mira Club Will Give Benefit Affair

SAN LEANDRO, Sept. 29.—Under the auspices of the Alta Mira Club of San Leandro an entertainment program will be presented at the Masonic hall tonight. The affair will be the first of several, by which, it is believed, sufficient funds will be obtained to aid in the construction of permanent lodge headquarters.

Dancing will be the pupils of Miss Marie Zabala of Hayward will feature the affair. Mrs. J. K. Pratt is chairman of a committee in charge.

The following will participate in the evening's entertainment: The Misses Dorothy Vincent, Mary Steiner, Mary Morgan, Bonita Stone, Anita Stanton, Louise Bedford, Vera Edwards, Elizabeth Volkamp, Jean Whitford, Manuela Edwards, Anona Edwards, Jane Nold, Thais Schwartz, Helen Frank, Marian Garnett, Edith Wilbur, the Mesdames Helen Green and T. M. Grant, the Messrs. Charles Wright, Lloyd Stagner, Carl Schmidt, Chas. Way, Bud Betts, and William B. Ash. Miss Mildred Herrmann will accompany the acts on the piano.

# SANTA CLARA HAS SMALL HOPE OF DEFEATING CALIFORNIA

## RETURN OF VETERANS OF 1921 STANFORD ELEVEN GIVES ANDY KERR SOME NEW PROSPECTS

### BEARS EXPECTED TO DEFEAT SANTA CLARA IN OPENING CONTEST

Missionites Reconciled to California Victory; Coach Buckingham's Men Are Confident They Will Score on U. of C.

By DOUG. MONTELL.

Santa Clara is reconciled to a defeat at the hands of California tomorrow afternoon in the opening collegiate grid dish of the season. The Missionites appear to realize the size of the task allotted to them and are not making any vain hopes, although the team and Coach Buckingham are far from a point where they are willing to admit that there will not be a battle before the Bears register a victory. Santa Clara, for a small institution, has a good team. It is a good "little team" pitted against a good "big team." In such cases the odds favor the return of the latter as the victor. But many a small man is able to get in some hard knocks before succumbing to the superior strength of a large adversary. Such is the position of Santa Clara, ready to open the football season on the morrow.

Santa Clara is in very much the same position that the Stanford varsity found itself on the day of the Big Game last November. Odds against Stanford's winning were prohibitive, but the Cardinal found considerable solace in believing that they could and would score against the Bruins. And they did. To win a team must score. Santa Clara does not go so far as to say that they expect to score against California tomorrow, but every man on the team is hopeful of so doing. And the chances of such a score will be best during the first period while the Missionites are at their best.

Several Subs Are Capable Performers.

Santa Clara will bring a squad of 29 men to Berkeley tomorrow, a larger squad of experienced men than the average small college can boast of. Coach Buckingham is fortified with a small supply of strong reserves, being blessed with several men who are capable of filling in without perceptibly weakening the eleven. After that the strength, when substitutions are made, will be problematical. Many of these untried men received a chance in the Santa Clara game against the Submarine Base eleven and showed promise in action.

Of these Klanda is one. Starting late in the game he was a flash in the backfield at a halfback position, fleet of foot and displaying a strength which is not to be underestimated. He will undoubtedly replace one of the Messers Schwilz the regular custodians of the two halfback positions before the game has wound its way far along into the afternoon.

Tentative Line-ups Are Made Public.

Neither Coach Buckingham at Santa Clara nor Andy Smith at California will vouch for the line-ups that will start. At the present writing both have announced line-ups which bid fair to start, and barring unforeseen accidents between now and game time, the two elevens should start up as follows:

Santa Clara: Line-up (31) G. Vowell (14), L. E. (13), J. (12), J. (11), J. (10), J. (9), J. (8), J. (7), J. (6), J. (5), J. (4), J. (3), J. (2), J. (1). California: Line-up (31) G. Vowell (14), L. E. (13), J. (12), J. (11), J. (10), J. (9), J. (8), J. (7), J. (6), J. (5), J. (4), J. (3), J. (2), J. (1).

Washington, Oregon, U. S. C. Open Season.

Other Pacific Coast elevens swing into action tomorrow as well as California. In the north Washington University opens in Seattle against a navy team from the U. S. C. an easy victory for the Bagshaw men, while the University of Oregon will find but slight competition at Eugene in meeting Pacific University.

In the south U. S. C. will meet an eleven composed of Alumni. If recent graduates, including Leaningham, Dean, Smith, Tooten and Evans of last year's team, are to play, there is an excellent chance for the Henderson being still more "Gloomy." Last week it was the Freshmen, a strong, sturdy bunch of youngsters, who humbled the Trojans.

Stanford and St. Mary's will be idle tomorrow, and among the spectators at the Santa Clara-California game will be a pretty number of the members of these two teams.

### From Freshman to Varsity in Single Year

"BABE" HORRELL, captain of the 1921 California freshmen eleven, is one of the surprises of the season: His work at center on the second eleven has been such as to justify alternating him with Gallagher, a two-year veteran, at the job on the first-string team this week. Horrell may or may not start tomorrow against Santa Clara, but he will be in action before it is over.

### Saturday's Football Schedule

### Calland Has Weight in Henderson's Line

LOS ANGELES, Sept. 29.—Leo Calland, more familiarly known as "Babe," is captain of the 1922 Trojans. This is "Babe's" third and last year on the varsity and his captaining the team completes a little matter of seven years and his second captaincy under Coach Elmer G. Henderson, for "Babe" followed him down from Broadway High School in Seattle when that worthy coach agreed to take charge of U. S. C. on the field of football. Calland played center last year, thus filling out a 200-pound line, but this year he will probably play right end on the offense and center on the defense.

### St. Mary's Seeks Santa Rosa Game

SANTA ROSA, Sept. 29.—Joe Deering, former high school football player of this city, was here yesterday negotiating with Morris Kirksey, coach of the Santa Rosa high school team, for a game between the local high school and the St. Mary's prep school team. The proposed game will probably be played on October 14 or 21. Coach Kirksey is working his squad into good shape and will take them into their first game Saturday against the Richmond high school team.

### Del Monte Track Is Now in Shape

DEL MONTE, Sept. 29.—The Del Monte mile track has been put in fair condition and horses are starting to gallop in preparation for the race matinee this coming Saturday afternoon. The Eleventh cavalry is to promote the matinee and Captain Rogers, the athletic officer at the Monterey Presidio, is planning on a series of these matinees throughout the season in order to encourage the movement in California for the betterment of the breed of horses and the improvement in the cavalry mounts.

### California Tech. to Meet Gobs Tomorrow

PASADENA, Cal., Sept. 29.—The U. S. S. California football team will meet the eleven of the California Institute of Technology, a member of the Southern California conference, here tomorrow.

### Joe Douglass, Vet Guard, Is At Stanford

Former Linesman May Be Remodeled into 205-lb. Cardinal Fullback.

STANFORD UNIVERSITY, Sept. 29.—Stanford football observers got another thrill today when Joe Douglass, 205-pound guard of the 1921 varsity and fullback of the freshman team in 1922, returned to college and registered as a candidate for Kerr's eleven. Douglass had been given up as a lost hope long before the start of the season. In fact his return to college was about as big a surprise as the return of Bing Templeton to undergraduate standing would have been.

Although Douglass played guard last season it is quite likely that he will try for a place in the backfield this year. As a freshman, he was the best line plunger on his team but was not a success as a defensive back nor was his tackling up to par. Under the instruction of Kerr he ought to be able to master these points and make one of the best ground-gainers Stanford has had in years. Douglass is remarkably fast for so heavy a customer. Like Glenn Hartranft, he is broad of shoulder and back, and tapers toward the hips. He cannot burn up the cinder path as Hartranft is accustomed to do, but in football spikes he can move favorably to the Card weight man and sprinter.

Murray Cuddeback, star of last year's freshman team, is considered a far better full than the average, but he is not heavy enough for consistent line plunging. It is possible that Kerr will train Douglass for the position so that when a few yards must be made through a defensive stone wall, Douglass may be substituted for Cuddy.

Douglass' chances at guard may be pretty good but with Pheney, Cravens, Paville, Ludeke and Fullerton battling for the position, Douglass would have his hands full making the regular line-up. Further, none of the men he might displace would be worth a Russian ruble in the backfield. It may be taken for granted, according to present needs and indications, that Douglass will be seen behind the Card line before the season is very far along.

At present, on the freshman team, with Guy Dennis last year, has upset the dope and has replaced Scotch Campbell as first-string quarter for the present. Campbell is the heaviest man in the present backfield but Wheat proved himself so much better at snaring passes that Kerr is giving him a whirl at the job. Wheat weighs only 162 pounds and nowhere near in Vilco's class, carrying the ball but he certainly carries it on his fingers when the passing game starts.

### Maury McLoughlin To Give Up Tennis

LOS ANGELES, Sept. 29.—Maury McLoughlin, former world champion tennis player, has announced he will give up tennis, and has taken a position selling stocks and bonds. He formerly managed the tennis department of a local sporting goods store.

Kerr's first string eleven and

### Football Practice Under Way in Utah

SALT LAKE CITY, Utah, Sept. 29.—Gridiron practice has started at the three Utah colleges in the Rocky mountain conference, the University of Utah at Salt Lake City, the Utah agricultural college at Logan and Brigham Young university at Provo.

The Aggies, winners of the conference last year, have started the 1922 season minus many of the best players. Percy Hanson, Louis Falck, Chick Hart and Andy Carney are lost to the Aggie machine through graduation and other causes. The University of Utah, also, must get along without the services of such stars as Mac Swan, Warren Gilmer, McKinley Oswald, and possibly Floyd Romney.

Brigham Young university, the Mormon church college, is in the conference for the first time.

### Marsh, Drake Capt., Is Veteran Player

DES MOINES, Ia., Sept. 29.—Vivian Marsh, captain of Drake university's 1922 football team, is playing his third year of intercollegiate football this season. He probably will play right guard again this year.

### Santa Clara Will Present Strong Eleven

Missionites Boast of Heavy Team With Considerable Reserve Strength.

SANTA CLARA, Sept. 29.—For the first time within four years the Santa Clara Varsity football team will tangle with Andy Smith's far famed California eleven tomorrow afternoon at Berkeley, in the first intercollegiate football game on the coast. Although the mission institution will, on paper, face great odds, still everybody concedes that the Bears have a fighting team on the field which will wage a close fight with the Pacific coast champions, and it will occasion no surprise should the Bears be close.

The Santa Clara Varsity has been training for over a month, and every one of the squad is in the pink of condition, from the lowest sub up to Captain Porter Kerckhoff, due to the untiring efforts of Trainer "Gus" Peterson, who looks after all cases of sprains, charley horse and the like for the Red and White team.

### GAME IMPORTANT

The Varsity looks upon the California game as second only to their "Big Game" with St. Mary's and, while they realize that there will be more glory to be attained in beating St. Mary's, yet a waiting world would give any team that beat the undefeated Golden Bears more than a little acclaim.

Little is known of the strength of the California outfit this year and the general opinion in football circles is that Andy Smith will have no "wonder" team for 1922.

Little is also known of the strength of the eleven that Buckingham has gotten together, except from their showing against two mediocre teams during the past month, but the followers of the Santa Clara Varsity expect much from men like Logan, Kerckhoff, J. Noonan and H. Seawill.

Logan is one of the niftiest ends on the coast and has a habit of spearing forward passes from out of the air. Kerckhoff is captain of the varsity and has been an end on the team for four years. He is one of the most dependable players on the squad.

### NOONAN A HUSKY

M. Noonan is a big husky freshman, who started in as a fullback and whom Buckingham has switched to quarterback, and he showed in the Submarine Base game that the switch was a wise move, as it was Noonan's generalship that picked the holes in the sailors' defense, and his work in gaining ground and in breaking up forward passes was a source of satisfaction to those who viewed the game.

The Santa Clara backs are a fast aggregation, and this includes the subs, Klanda and Bedolla, who are both 10-second men, and are good for yardage at any time.

# S. F. SEALS AGAIN TIED WITH VERNON TIGERS IN P. C. L. RACE

## BILLY WALLACE AND FRANKIE McCANN ARE MATCHED TO BOX HERE AGAIN NEXT WEEK

### YARRISON OF BEAVER CLUB ALMOST HURLS PERFECT BALL GAME

Oaks and Beavers are Putting Up Classy Brand of Ball For Second Division Clubs; Gossip of Coast League Players

By EDDIE MURPHY

For two teams that are nestled in the second division of the Pacific Coast League race, the Oaks and Beavers are putting up a good brand of ball for the cash customers to watch at the local ball park. The games have all the trimmings of those that teams such as the Seals and Tigers would put up. The Beavers took the edge in the series with the Oaks by winning yesterday's game 3 to 0. Yarrison, the new Beaver chucker made his debut before the local fans and for a time it looked like he might pitch one of those perfect games, the kind in which a runner does not get to first base. For the first six innings the Oaks went out in the order they went to bat and only three balls were hit to the outfield.

In the seventh frame, two were out in the order they went to the plate. Then Denny Willie cracked the chance for a perfect game by bounding a slow one in the general direction of short. Sammy Hale, third sacker, was in no position to throw out Denny and the first man got on the initial bag. Had Hale not tried to cover too much ground, Patton might have thrown Willie out.

Lafayette got a fluke hit through pylon in the eighth, and Claude Cooper, batting for Yarrison, beat out a hot hit to Brazil. It was Cooper's first appearance in a regular game since he broke his wrist. Ray Kremer pitched a great game for the locals, allowing nine scattered hits. Two of the three runs scored were earned. Poole's single, Cuthbert's error and Gressett's out scored one in the third and a hit batter, followed by Hale's second double and Charles Hiza's triple scored the other two in the eighth.

**WOLFER CLASSY OUTFIELDER**  
"The" Wolfer, outfielder for the Portland Beavers is a great fly chaser and does not get all the credit that is coming to him. Many players of the league have said that if Wolfer could hit for a better average than he has, he would be one of the most valuable and talked of outfielders in the minor leagues. Every time he showed on the Oakland diamond he has played good ball, showing excellent skill in going after the long and short ones.

His work in center field has robbed several Oaks of home runs. He does all his fielding in easy style and is under the ball when you least expect him to be. At present he has an average in the neighborhood of .250. He hits the ball hard, but has a lot of tough luck. Still he gets hits a good many times when they mean runs.

**BOYS NEED CHASTISING.**  
Now that the season is drawing to a close and the crowds at the local games are none too big, maybe several of the ball players are taking it for granted that anything on the ball diamond goes these days. But the athletes who are playing for the fifteenth and first to come around, should remember that there are still a lot of ardent fans hanging out to the games. Among them are ladies. Several of the boys who did not like the way things broke for them in a couple of games of the present series, made some loud remarks that did not sound nice to those in the stands. The remarks were made to the umpires, who let them sink into their ears just as though they were sweet music. Use of profanity on the ball field will not get the club or its owners any good.

**BIG SERIES NEXT WEEK.**  
Followers of the Coast League race will keep a close watch on Oakland and Los Angeles next week for the results of the games. The Vernon Tigers will be home playing the Oaks, while the Seals will be in the south playing the Angels. The series may be the one to settle the fight for the pennant, and then again it may not. Anyway it is a grand old race that the Seals and Tigers are putting up and everybody is going to watch closely the games in which any one of the two teams are taking part. If the race is not settled next week it will be the final of the season. In the final game the Oaks play the Seals, and the Tigers the Angels.

**WARES BOOTS BRUBAKER.**  
Clyde (Kid) Wares, who will be remembered by local fans as having played with the Oaks some years ago, was a visitor in town yesterday and was out to see the Oaks and Beavers play. Wares had a lot of nice things to say about the work of Ray Brubaker around the diamond. "The kid will never have to worry about a third sacker as long as Brubaker can play that kind of ball around third," said Wares. Brubaker did put up a good exhibition of playing the third bug. He was in on two plays that the average fan did not figure out to be real hard, although they were. Two times runners laid down bunts when there was a chance for a forceout at third. Buzz Arlett fielded the ball each time and without looking at the ball in the direction of third, and each time the throw just did beat a sliding player. It was good work by both Brubaker and Arlett that retired both runners.

**BEAVERS GATHER ROOKIES.**  
Clyde Wares brought two young pitchers from the Valley league and turned them over to Jimmy Middleton to tryout with his Beavers. One of them is Bill (Lefty) Homen, the kid southpaw, who was with the Oaks at Miraflores last spring. Wares likes the way the kid pitches and thinks he will get somewhere some day with the proper coaching. The other fellow is Edward Cray, a right-hander who has had a good deal of work with the Los Angeles club and is now in the majors. Wares is interested in a pool and billiard parlor at Hanford and plays second base for that club in the S. F. V. league.

### Pitching in World Series Shows Well

Effective Work of Chuckers Has Prevented Any Spectacular Hitting.

NEW YORK, Sept. 29.—(By the Associated Press).—So good has been the pitching and fielding in most world's series that the records of the classic are shy of great hitting accomplishments, particularly the gathering of safeties by a batter in consecutive trips to the plate. Great feats have been achieved in world's series by batters, but most of the time they were not leading sluggers, but as a general thing pitcher, catcher and battery coaches have been sufficiently observant to discover a batter's preferences and weaknesses before he has stood up for inspection many times.

When the call of "play ball" is sounded over the home plate, the Giants lineup through the batters who have set or equalled hitting records of the classics, as will be a galaxy of batting stars on both teams, such as seldom have been gathered into the ball yard in high-stakes honor play.

Two of the Giants are among the best batters who have made four hits in one game of a world's series, the most collected by any player in the classic's history. The two are Frank Frisch, the "Jordan flash," and Frank Snyder, the big catcher, both of whom made the welkin ring last year.

In the first game of the 1921 series Frisch singled four times off the delivery of Carl Mays, who goes down this, however, was almost the last of Frisch's hitting; for he gathered only five more hits in the remainder of seven games.

Snyder, in the third game, of the series, slammed a four-run homer over the head of the Cleveland Indians, in the only home run in the series. Snyder, who goes down this, however, was almost the last of Snyder's hitting; for he gathered only five more hits in the remainder of seven games.

Snider, in the third game, of the series, slammed a four-run homer over the head of the Cleveland Indians, in the only home run in the series. Snyder, who goes down this, however, was almost the last of Snyder's hitting; for he gathered only five more hits in the remainder of seven games.

Snider, in the third game, of the series, slammed a four-run homer over the head of the Cleveland Indians, in the only home run in the series. Snyder, who goes down this, however, was almost the last of Snyder's hitting; for he gathered only five more hits in the remainder of seven games.

### Four Wins Will Determine 1922 Baseball Champs

FOR the first time since 1918, the world's series this year goes back again to a four out of seven games basis. On almost universal complaint that nine games dragged the series out too long, Commissioner Landis last winter decided to go back to the old arrangement.

The ruling did not meet the approval by the club owners, who maintain they run the chance of a financial loss when the players get such a heavy cut of the early games.

Bill Essick Tells Vernon Tigers That Seals Must Not Win

LOS ANGELES, Sept. 29.—William Essick, Manager of the Vernon Tigers of the Pacific Coast Baseball league, while admitting the strength of San Francisco, told his team members he was confident the Tigers could beat the Seals in the pennant race. If Vernon wins the flag this season it will be the fourth pennant won in five years by teams managed by Bill Essick.

"The Seals owners knew that the club that started the season was not good enough to beat us," Essick told his men at their daily meeting, "so San Francisco obtained Pitchers Shea, McWeeny and Hodge when it already had seven or eight pitchers."

"There are but 18 more games to be played, and I ask each one of you to keep your head. I believe you can win. The tie we are in cannot last much longer. The Tigers are sure to overtake the Seals."

The 1922 Vernon club is a team of veterans. Ray French, the youngest man on the club, has been playing ball for ten years.

**SUSUN TEAM DISBANDED.**  
The Susun baseball team has disbanded for the season.

### Yanks Balked By Red Sox in Pennant Chase

Huggins Men Must Win But One More Game to Have American Flag.

CHICAGO, Sept. 29.—Balked by the Red Sox in the first game of the series, largely because of the stellar play of three of their former teammates, the New York Yankees resumed their hunt today for the elusive "mathematical certainty" in the American League pennant race.

Needful but a single victory to clinch the championship, the Yankees failed yesterday in their attempt to settle the issue despite the fact that Joe Bush, premier American League twirler, was on the firing line. Bush did well, but could not match the brand of hurling uncocked by Rip Collins, erstwhile Yankee southpaw, who pitched the Reds to a 3 to 1 decision. The hitting of Derrill Pratt and Johnny Mitchell, also Yankee castoffs, figured in all the Boston scoring.

A defeat for the Browns would automatically eliminate them from the contest, regardless of how the Huggins fare.

Should the unexpected happen, however, and the Browns beat the Yankees for the pennant, the rules provide that a play off of three games would be necessary to decide the championship. These games would have to be played in neutral cities of the league, probably Chicago, Philadelphia and Boston. Such an eventuality would necessitate a postponement of the opening of the world's series.

Washington and the Philadelphia Athletics, the only other major league clubs active yesterday, split a double-header, Ed Rommel, Mack's mound ace, was knocked out in the first game, which the

### Tribune League "A" Contracts Are Mailed Out

THE Oakland TRIBUNE Mid-winter League secretary had a tough job last night. Contracts were mailed out to managers of the thirty clubs who applied for a place in the Class A Division of the League. In order that the teams for the Class A Division might be picked and placed in the proper divisions, the managers were requested to mail to the league secretary as many signed contracts as possible, one week from today. Remember, managers, the teams will be rated in the class A according to the class of players on them, so it is up to you to hustle in the next week and return as many signed contracts as possible next Friday night.

The contracts were put in the mail last night, so should be in the hands of all class A managers today. Class B and C contracts will be mailed tonight.

Senators won, 9 to 6, but the Athletics slugged out a 12 to 4 victory in the second contest, a six-inning affair.

Pipp, first baseman for the Yankees, had a perfect day against Collins' offerings with two hits in two times at bat, while Pratt led the attack for the Red Sox with three hits, including two doubles, off Bush, in four times at bat.

The Pittsburgh Pirates and Cincinnati Reds will open a two-game series with second place in the National League at stake. The Reds are trailing the Pirates by one game and can take second place by winning both games.

**SIKI IS RECOGNIZED.**  
PARIS—Action of the judges in awarding the decision over Georges Carpentier to Batting Siki has been officially confirmed by the French Boxing Federation.

PARIS—Action of the judges in awarding the decision over Georges Carpentier to Batting Siki has been officially confirmed by the French Boxing Federation.

### NEW YORK FANS DO NOT GIVE HUGGINS CREDIT

NEW YORK, Sept. 29.—Miller Huggins, the little pilot of the Yankees, is the greatest manager baseball—for getting the razz-berry.

Huggins gave New York its first American League pennant last season and he was greeted with complimentary reminders that any sap of a manager could have won a pennant with that team.

He was rewarded this year with the kind words that with all his pitchers and star players he should have won the pennant by twelve or fifteen games.

If the Yankee manager allowed the knooks to get under his skin, he would be out of baseball, because he has been treated to nothing but criticism since he took charge of a misfit team and built it up into a pennant winner.

Being of a retiring disposition, Huggins never has appealed to the crowd in New York, where the more belligerent type is favored. He has always gone his way quietly and it seems that he has achieved enough in New York to be recognized as a good manager.

Huggins was born in Cincinnati, O., March 27, 1880, and he got his big league start with the Reds in 1903 after he had spent a season in the American Association with the St. Paul Club. He played second base for the Reds until 1910, when he was sold to St. Louis Cards. When Roger Bresnahan was relieved of the management, Huggins was named in his place in 1913. When Collins Ruppert and Huston bought the Yankees, Ban Johnson, president of the league, recommended Huggins for manager and he was transferred out of the league.

The Yankee leader is regarded as a smart baseball man—one of the smartest in the business, but even his friends admit that he does not rank with some of the best managers in handling pitchers. He has had a lot of misfortune with his pitchers and he had displayed a lot of bad judgment in handling some of the prima donnas for which the team is noted.

## Super-Quality of MEN'S SUITS

THIS is the big feature for Men and Young Men on Saturday at S. N. Wood & Co.'s Business Quitting Sale.

THESE Super-quality Suits are exceptional values. It is almost like finding money to buy them at this small Sale Price.

THEY are New Fall Models in extra high-grade Worsteds, Cashmeres and fancy weaves. A large quantity, offering an immense variety of patterns and styles AND IN ALL SIZES.

## OVERCOATS

\$19.85 SALE PRICE \$24.45 SALE PRICE \$28.45 SALE PRICE

STUNNING NEW MODELS in smartest fabrics; belted and plain backs.

ALL our fine Shirts, Hats, Underwear, Hosiery, etc., are on Sale at cost, near cost, and less than cost. We are quitting Business absolutely.

# CONTRA COSTA VALLEYS SUP 200 CARS IN WEEK

## Heavy Movement of Grapes East From Danville and Concord.

Grape growers of Contra Costa county are busy during the week cleaning up on a shipment of more than 200 cars of grapes from the districts of Concord, Walnut Creek and Danville. Most of the crop was being sent to the eastern markets, but a large quantity was shipped to the San Francisco and Sacramento markets. This shipment, with hundreds of cars of Bartlett pears, was disposed of, more cars of winter pears almost ready, and the shipping of grapes began in about ten days and the participation of the county at the California State Fair, marked a development in the agricultural development of Contra Costa. The shipping of grapes from the San Francisco and Sacramento markets, reported that the shipments were all handled with dispatch despite strike conditions on some of the roads.

The vast increase in fruit shipments has necessitated the erection of new warehouses and packing plants and this season there have been completed new houses at Concord and Danville for the packing of grapes and pears. During the past two years two new warehouses have been built at Concord, one at Danville and one each at Alameda and Danville.

Sartine and packing of grapes is facilitated at the new warehouses and the fruit is loaded directly into the company's cars for shipment to the eastern markets where a ready demand has been created for Contra Costa grown productions.

The shipping of winter pears, for which additional cars have been contracted, will be made from Walnut Creek, Danville and Alameda.

The greatest wine grape crop in the history of the Napa Valley is rapidly ripening and the rays of an unusually ardent autumn sun, while vineyardists are making an effort to get them to market. It is believed that there is bound to be considerable loss despite the concerted attempts made to move them.

For the first few weeks of the season trainloads of between 40 and 50 cars have been taken out of the valley, for the car portage, these have been cut to trainloads of from 20 to 30 cars.

Many refrigerator cars as possible are used and even box cars are at a premium. Many growers are reported to be unable to secure any refrigerator cars, and temporarily ceased picking. It is believed that even if there had been no rail strike, the grapes would have been impossible to move all the crop as it is of such magnitude.

It is reported that Napa grapes for the grape crop are now about \$50 a ton, but if the grower is lucky he will receive more than \$100 a ton for the eastern market. It is still strong and the consumers there are clamoring for all the California wine grapes they can get.

In an effort to assist in relieving the shortage of refrigerator cars, the Napa County Farm Bureau, assisted by Dr. J. H. Stice, president of the Chamber of Commerce, and Dr. A. Dunlap, vice-president of the First National bank, drafted a resolution which was adopted by the Chambers of Commerce in Napa county and the Napa Farm Bureau, Monday, and forwarded to the Interstate Commerce Commission.

A copy of the resolution was also mailed to J. E. Virden of the Virginia Packing Company, of Seattle, to be used by him as "ammunition" in the effort he has been making to relieve the situation.

Although 103 refrigerator cars arrived at Los Angeles yesterday, twice the number of cars, the Interstate Commerce Commission declares the Shippers and Growers' League. No box cars were received. This is the largest number of refrigerator cars received at that point at one time since the grape season opened. The grape crop is being shipped to Los Angeles in large quantities of choice flame Tokays will soon become two trips to ship.

Checks in final payment of the 1921 prune crop are being mailed this week. The members of the California Prune and Apricot Growers' Association from San Jose, this clearing the process of harvesting.

The California Prune and Apricot Growers' Association declared that the prune market is decidedly more active than had at first been anticipated and a most satisfactory year is expected. The foreign market and the market for small cartons of prunes is picking up rapidly. It is said, giving rise to the conditions that the 1922 crop prunes will be disposed of before spring.

Independent packers were said to be maintaining the market as established by the association's prices.

# Y. W. C. A. RALLY RE-ELECTS ALL ITS OFFICERS

## County Convention Holds All Day Session and Hears Notable Speakers.

SAN LEANDRO, Sept. 29.—The preliminary sessions of the county convention of the Y. W. C. A. were transacted at the office of Mrs. J. H. Leary, secretary, and approved, the fortieth annual convention of Alameda County Woman's Christian Temperance Union entered on an all-day session today.

Devotional services formally opened the morning session, led by Mrs. Carrie Merrill. Following the services, under the direction of Mrs. Elizabeth Parrish, were observed.

All of the officers of the Women's Christian Temperance Union were re-elected today at the election of officers at the fortieth annual convention of the organization which is in session here. The officers remain the same with the exception of the office of vice-president which has been split into two sections, the organization now having a first and second vice-president.

Although the election took practically the greater part of the morning it was quiet and practically uneventful. State President Addie Garwood Bates, presided at the election.

The officers who were re-elected are: President, Mrs. C. W. Johnson of Berkeley; vice-president at large, Miss Jenny Lind Redfield of Berkeley; first vice-president, Miss Mary Helen McLean of Alameda; (only new officer elected), second vice-president, Mrs. A. R. Slater, of Oakland; recording and corresponding secretary, Mrs. C. L. Case of Berkeley; treasurer, Mrs. S. J. Young of Oakland; auditor Mrs. W. J. Hamilton of Alameda.

An address by Mrs. Lucy McClintock on "What of the Future," greetings from Santa Clara county by Mrs. Mae Hollingsworth and a nuptial prayer, led by Mrs. Dorcas Spencer, ended the session.

The afternoon session was considered by far the most important of the entire convention, resolutions to govern the activities of the pending term being drawn up by an appointed committee and submitted to the members for vote.

Mrs. Addie Garwood Bates was in charge. A series of "Five Minute" speeches on the Wright Act by attending members were delivered. An autographed copy of Mrs. Kathleen Norris' book, "Mother," was presented for the best address. A prayer led by Mrs. Anna Campbell, a vocal solo by Mrs. Cecile Burdick and a tribute to the flag, presented by Mrs. Irene Allen, were contained on the program. A practical lesson, a comedy sketch showing the humorous incidents encountered in the carrying on of the Temperance Union's work, concluded the session and terminated the convention.

Captain Goff of the San Francisco police force was one of the principal speakers at the afternoon session yesterday. Captain Goff chose as his topic of address "Lights and Shades of a Great City," dealing with his experiences as chief of the law.

Miss Smedley, Alameda county probation officer, spoke on "Cause and Effect of Crime." In both addresses allusion was made to the splendid work being carried on by the women of the union. A message was delivered by Mrs. Johnson, summarizing the condition of the organization and accentuating the need of more workers and supporters.

Mrs. Annie Marden De Yo, state corresponding secretary, who was to have spoken on "Read and Write," was unable to appear. Miss May H. McLean, state editor of the organization, appeared in her place. Mrs. Frank G. Law, state president of the League of Women Voters, recently returned from a convention at Baltimore, painted a word picture of the results of the convocation. Community singing and devotional songs were observed.

Attendees were welcomed by Mayor Allen E. Pelton last night. Pelton was followed by Mrs. Susie Daulton, president of the Alta Mira Club, and Judge W. J. Gannon, president of the San Leandro Chamber of Commerce. Response to the address was given by Mrs. Addie Garwood Bates, who was followed by Mrs. Addie Garwood Bates, who was followed by Mrs. Addie Garwood Bates.

**OAKLAND URGED  
TO MAKE PLANS  
100 YEARS AHEAD**Strategic Position of City  
Pointed Out in Address  
By Rev. Kloss.

Oakland must adopt a policy of planning ahead for 100 years, according to Dr. Charles L. Kloss, addressing the Business and Professional Women's Club at a dinner in the Broadway quarters last night. He urged a definite plan for its development to be set in operation at the earliest possible time. He stressed the strategic position of the city facing the ocean and backed by fertile valleys. Dr. Kloss spent the summer abroad. In offering comparisons he commented on the area of the San Joaquin Valley capable of providing for 50,000,000 people against France struggling to maintain 39,000,000.

"In order to compete with America, Europe must measure up to American standards," the speaker declared. "It is by comparison alone that we can appreciate our own country. We have been given this great heritage that we may lead the world in industrial and civic liberty."

The dramatic section of the club will present a program in the clubrooms early in November. Mrs. Ruth T. Boyd is chairman.

**Community Dance  
To Be Held Tonight**

A community dance will be given in the auditorium of the Emeryville School tonight under the auspices of the local parent-teacher association. The festivity is arranged to include young and old in its pleasure.

The Emeryville mothers have planned to add kitchen aprons to the stock of the Junior Teachers Shop. The regular meetings will be given over to informal thimble bees for this purpose.

**Steamer Grounds  
in Columbia River**

SAN FRANCISCO, Sept. 29.—Radio advices received here today reported the Japanese steamer Hokokai Maru run aground in the Columbia river at St. Helens, Ore., during the night. The vessel, it was expected would be floated today.

**BOAT PROGRAM SUCCESS.**

RICHMOND, Sept. 29.—The Richmond Municipal Band gave one of the best attended concerts of the season last night at the Neumeyer hall.

Numbers was Strauss' "Weener Blut" waltz. A selection from "Ermine" and "Old Planter's Reverie" were also high lights in the program.

**NIGHT OF TERROR  
ON DESERT CITED  
IN DIVORCE SUIT**Wife Says Husband Left Her  
Alone in Wilderness When  
Auto Broke Down.

A night of terror spent on the Arizona desert where she had been left alone by her husband was described yesterday in a divorce suit brought by Adeline Kelsey, known also as Adeline Getz, of 1015 Lincoln street, Alameda, who was granted a decree of divorce from Albert E. Kelsey, circus performer.

Mrs. Kelsey testified that she toured the country with her husband, their act being known as La Rose and La Rose. It was while crossing the desert that their automobile broke down and her husband left her alone all night while he went to a town fifty miles away to secure spare parts.

The plaintiff also testified that her husband frequently tried to make her fall while she was in the midst of performing difficult aerial feats on a revolving ladder.

The divorce decree was granted by Superior Judge Dudley Kinsell.

**Tribune Thanked  
By Manufacturers**

Editor TRIBUNE: In my own, as well as on behalf of the other members of the executive committee of the Eastbay Manufacturers' Exposition, I wish to express sincere appreciation of the splendid editorial appearing in last evening's TRIBUNE.

The committee is particularly grateful for the support that you are giving the undertaking of our show this year, and we, too, sincerely hope it may prove all that you contend it should do for the community.

With renewed expression of our appreciation of your loyal support, believe me, Yours very truly,  
R. L. OLIVER,  
Chairman Executive Committee

**Ku Klux Attend  
Inselman Funeral**

ALAMEDA, Sept. 29.—The first funeral to be held by the Knights of the Ku Klux Klan in Alameda took place yesterday afternoon when last rites were held over the body of William P. Inselman at the George Murphy Undertaking Parlor, in Santa Clara avenue.

While the services were going on five members of the K. K. K. clad in their white robes and bearing floral red crosses. These were laid upon the coffin, and after prayer by the leader the five departed.

Inselman died at his home, 2408 Santa Clara avenue, three days ago.

**More Refrigerator  
Cars Are Moving**

SACRAMENTO, Sept. 29.—There

are one-third more refrigerator cars moving westward to move the Pacific Coast fruit crop than was the case last week, according to a

telegram received here by Ralph P. Merritt, president of the Rice Growers' Association of California. The telegram, which is expected

to have a cheering effect on California growers, was sent by Secretary of Commerce Hoover from Washington.

FRIDAY—

—FRIDAY

The One Price Store

**JACKSON'S****Saturday Specials—****Peacock Lustre Sherbets with Plates---**

1.98 Set of Six—one illustrated

Dainty, attractive clear glass in beautiful peacock shades. The dish is footed and stands nearly 3 1/2 inches high and measures 4 inches across the top. The plate, which matches, measures 6 inches across.

Sold by the set (six sherbets with plates)—200 sets to be sold. Make fine berry sets, too.

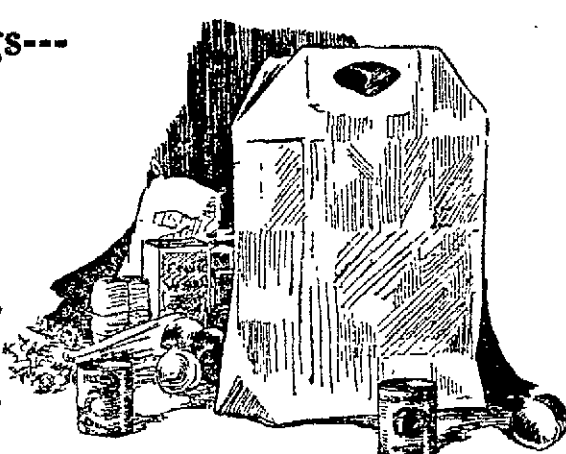

No telephone or C. O. D. orders; no delivery but neatly and securely wrapped, convenient for carrying.

—Jackson's Variety Store, basement

**"Sure Handle" Kraft Paper Marketing Bags---**

Practical, specially designed, shopping bags of heavy brown "Kraft" paper—16 1/2 x 19 1/2 inches. The Sure Handle distributes the strain across the entire top of the bag and assures unusual strength and wearing life. The handle is guaranteed against tearing out or pulling off during the life of the bag. These bags are tested to carry 50 pounds dead weight. Neatly fold into a small package when not in use.

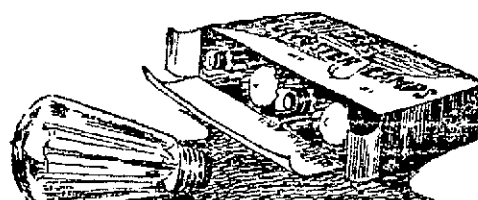

1200 to be sold Saturday. No telephone or C. O. D. orders—no delivery.  
—Jackson's Luggage Section—main floor

**Tungsten Lamps---first quality, not refilled**

40-watt tungsten lamps—110-120 voltage. Come packed five in a box—and sold by the box only. All lamps are tested before leaving the store and will be replaced if found defective.

100 boxes (five lamps in a box) to be sold Saturday at this special price. No telephone or C. O. D. orders—no delivery.

—Jackson's Electrical Section, main floor

5 for 1.49

**Baby Blankets**
